## TIP SHEET

### SETTING UP IN-CONJUNCTION EVENTS

**PURPOSE:** The "In Conjunction" function is used to run multiple events using the one physical competitor Campdraft run. This function is particularly useful when a Committee experiences time or cattle constraints.

eg. Maiden/novice inconjunction= 2 events 1 physical run

- A final may be run for one or both of the in conjunction events  
eg. Maiden & Novice in conjunction event  
No final for maiden  
Final for novice.
- Please contact Head Office if you wish to run an inconjunction event, that will also require a split into A & B Pools. This requires in house customisation.
