AQHA FOR THE HIGHEST SCORING REGISTERED QUARTER HORSE

Congratulations to Todd Hammond riding Delrio Destiny who was the recipient of a rug proudly sponsored by the AQHA for the Highest Scoring Registered Quarter Horse over the weekend.

Todd & Delrio Destiny are pictured right with Wendy Fahey from the AQHA.

A sincere thank you to the AQHA for your valued support and contribution to our Draft weekend. We certainly do appreciate it.

AQHA HALL OF FAME

ATTENTION MEMBERS.

AQHA Hall of Fame nominations will close on the 15th January, 2022. Nomination forms are available on the AQHA web site, see link below.

If you have any questions regarding the process, please contact the AQHA office for assistance.

https://www.aqha.com.au/hall-of-fame

AFFILIATES NOTE

As a way to allow ALL our judges the chance to attend the Judges Seminar to be held in Sydney next July, the board have adopted the following motion.

That no AQHA shows will be approved for the weekend of the 30th and 31st July 2022 so as Judges can attend the AQHA Judging Convention. Please consider this motion if you were planning a show for this time next year.

CONGRATULATIONS TO JOHN MITCHELL OF WEATHERFORD, TEXAS - NCHA OPEN FUTURITY CHAMPION

The AQHA would proudly like to congratulate John Mitchell of Weatherford, Texas on being one of just two Australians to have won the NCHA Open Futurity held in Fort Worth Texas on the 11th of December, 2021 with an awesome score of 230.. 2.5 points ahead of the Reserve Champion.

Tony Piggot from Casino in NSW was the first Australian to win the NCHA Open Futurity. Tony won it in 2009 riding Rocking W and he still lives in the USA training horses.

John moved to the USA some 20 years ago to take up a training position at Slate River Ranch owned by Glade Knight and apart from a couple of years during that time, John has worked there managing and training the cutting horses owned by the ranch.

The 1st time John showed at the NCHA Futurity back then, he made the final on two horses owned by the ranch, Playdox and Bobs Smart Chance and placed 3rd on the latter. Since then, John has been inducted into the NCHA Riders Hall of Fame in the USA and after picking up the winners cheque of \$250,000.00 at this years futurity, he has now amassed over Five Million Dollars riding cutting horses in the USA.

We step back to remember John showing youth classes here in Australia. Growing up not far from Sydney, the thought of ever being a horse trainer did not cross his mind till his folks, Tim and Merle Mitchell got John a pony in his early years and that prompted his love of horses. They then brought John a Quarter Horse and the seed was sown with John showing at most of the major shows, at times even on imported horses owned by Jack Reilly. John showed very successfully in youth classes and also stepping up into open classes at the same time.

John represented Australia at the Youth World Cup and it was not long before "Mitch" was out on his own showing and training cutting horses for the many clients he had.

It was John's work ethic and the want to learn which impressed us all and he won the Australian NCHA Open Futurity held in Tamworth on Spin and Roses sired by Docs Spinifex. But Australia was about to loose this accomplished horseman to the USA as connections over there connected him to the Slate River Ranch and as one would say, the rest is history. John bought Spin And Roses and exported her to the USA where she has gone on to produce many great horses for him over there.

In the past, John would usually travel back to Australia at Futurity time here to pick up a catch ride and to also visit with mates and of course to see his mother but due to Covid, this has not happened for the passed few years and it will be good to see John back "down under" in the near future.

We wish John all the best and will watch eagerly for what he has to offer the Cutting world into the future.

Information supplied by Ricky Glen.

KIM JOHNSON - AQHA PRESIDENT REPORT

TO ALL OUR MEMBERS.

AQHA would like to thank you for being part of our great association, we hope you had Very Merry Christmas and a safe, Happy New Year.

Start of a new year and hopefully we can all get back to riding, showing and having fun on our horses. The AQHA is in a very good place, due to the consistent good management of our office and your Board of Directors.

We have some exciting events happening in the coming year, our first Judging Convention will be happening in July, see the web for details. Our National show will run from 31st March through to

10th April, see the website for the program, I look forward to seeing some of you there.

Our Youth Director has been busy, we look forward to the Youth World Cup applications coming in (applications forms & briefing documents are available now on the website). The Trans Tasman event is also coming up this year for our Youth and Amateurs.

I am getting lots of feed back from breeders that we will be expecting lots of foals coming for the coming season 2022, this is exciting and adds to the confidence of our industries associated with AQHA . Please call if you have anything you wish to discuss.

Stay safe and enjoy your Quarter Horses KIM JOHNSON

- Safe paddocks & yards
- 24 Hour horse care
- Stallion paddocks

- Rugging & unrugging
- Feeding program
- Horse walker
- · Farrier service
- Over 30 Years of horse handling and horse experience

CHLOE LEETHAM Setting no limits!

ARTICLE BY: LYN HOFFMANN ©2021 ● PHOTOS BY: ACE PHOTOGRAPHY

LIVING at Hay Plains, in rural NSW, and the youngest of four children, AQHA competitor, Chloe Leetham is a girl who's not afraid of hard work or to push on, even if she's a little exhausted at times. Helping with the harvesting on the family farm, working through countless university studies and assignments, or riding, training and showing her horse may sound like a lot of work for some, but Chloe loves it.

hloe has proven that success comes from striving, and is happy to keep achieving!

'I've recently turned 20 years old, and yes, I do have a pretty busy life, where, if I'm not riding & showing my horse, I'm studying for my Bachelor of Agricultural Science at Charles Sturt University, in Wagga Wagga, NSW. When I'm not doing those things, I really enjoy spending good, quality time with my family and friends, and helping out on the farm.'

When Chloe was born, her older sister, Tori, had already been riding and showing Australian Riding Ponies from a very young age, so it was with natural progression that Chloe became a horse-loving

youngster. At the tender age of two, Chloe was already riding the ponies, and wanting nothing more than to be old enough to show them, like her big sister.

Since my wonderful time with show ponies, and show hacks, I began working with my off-the-track TB horses I re-educate, eventually finding a love for eventing. Living on farms with a passion for livestock and horses, I later ended up as the proud owner of Henry, an old-style, tough Quarter horse gelding. I rode Henry and used him on the farm for work, and he was amazing for any of the cattle work. So from owning my first Quarter horse, my love for the breed has simply kept on growing from there!'

But it was a memorable day for Chloe when an extremely special horse came into her life! When she first saw the lovely chestnut at a show in South Australia, with his then owner, Micheala Wastell, Chloe says she fell completely in love with him. The now 12yo gelding was SVQ My Only Asset Q-68454, by Assets N Cash Q-64085, and out of YLS Oppcee Daisy Q50461.

'I wasn't really looking to buy a horse at the time,' Chloe reveals. 'But when the opportunity to purchase the gelding came up, I wasn't going to let it go. That would have to be the best decision I've ever made! Grub, as he's known, stands around 15.2hh and has a great temperament. He's so easy going and has such a funny character along with it—like no other horse I've ever owned. It's easy to see that he loves being pampered and prepared for the shows, and the funny thing is, he seems to love to show as much as I do. He has a heart of gold, and I can feel him striving to do his best in each class, which is an amazing feeling. Grub is huge part of our family, and we all adore him.'

Grub is kept on the Leetham family's farm at Hay Plains, in NSW, or at Wagga Wagga at the agistment property, depending on where Chloe is in relation to University, or University breaks. She says she takes him everywhere she goes, as that ensures she's able to continue with his care, exercise and training.

Chloe & SVQ My Only Asset Q-68454 (Grub)

I've learnt that you must work hard to achieve your goals because 'dreams don't work unless you do'. I see challenges as a very positive thing, and as an opportunity to thrive. Learning from and overcoming those challenges will make you become a better rider and a better person.

An emotional Chloe, on Grub, after her Senior Youth Western Horsemanship win at Q21

Grub is a fantastic all rounder

'Grub is a fantastic all-rounder, and as a rider I have always been willing to have a go at any discipline! As a team, Grub and I compete in a number of QH events from Dressage, Hunter Under Saddle, Hunt Seat Equitation, Trail, Horsemanship and Western Pleasure. My favourite events are all the pattern events, and from those, my preference leans toward the Horsemanship and Hunt Seat Equitation classes. That's mainly because those are events, I think, that reflect on the strength, capability and bond between horse and rider. I've always been a person who thrives to improve from feedback, so receiving the score sheet from a pattern event sets me up to work harder to improve before the next show.'

During the show season, Chloe's aim is to exercise Grub at least 5-6 times a week, and she'll do that for roughly an hour each session. Depending on how much time she has on her hands between University and working on the farm, Grub will get a lunge or a ride. She begins her warm-up sessions riding lots of squares and figures of eights with multiple transitions through each gait, and then likes to cool down with some Trail exercises at the end of each ride. Having no setbacks with Grub, Chloe says that that the only major setback is Covid, not only for herself, but for everyone in the industry.

'My education, while very important, was an obstacle that I had to work around, and that meant studying hard in Year 12, and when starting University. That meant I'd have to miss out on a few of the big shows, regardless. Horses come before a lot of things in my life, so I continued to show, even during my busiest years of education. It just meant I couldn't show on weekdays, or whilst exams and other important education events were happening.'

Living in a fairly isolated area, the Leethams are well used to travelling long distances, as are their horses. For instance, it's 50km to town just for groceries and school. Their closest club is the Pioneer Country Quarter Horse Association, which is located in Swan Hill, Victoria, and 150km from home. Most weekends, travel to shows adds up to between 300-800km for shows across VIC, NSW and SA. Then there's the long haul to AQHA Nationals which is 900km.

'With my first season with Grub,' Chloe explains. 'I initially had low expectations for placings at

shows, simply because I'd planned on taking at least 12 months for us to get to know each other, and get settled with him. However, much to my surprise, we settled in very well with each other, sooner than I had expected, and we began to achieve some goals rather quickly.'

Relatively new into the the world of Quarter horse showing, Chloe is now competing in only her second show season. So, when she found out she'd won the NSW High Point Award for the category 1 Youth, it gave her a massive shock!

'It was a goal that I'd thought was just too unrealistic for me to achieve,' an emotional but excited Chloe says. 'But it was a special year for me to achieve it, because it was also my final year of being a Youth competitor, before stepping up to the Amateur level. I'm truly grateful to have been awarded the High Point Award, and wish to thank everyone along the road, who helped me make that goal such a wonderful reality.'

Chloe and Grub's first major show together was the NSW State Show, and she was blown away with their results, and with Grub, winning the Senior Youth Trail, Senior Youth Western Pleasure and Senior Youth Horsemanship. Their next major show, was the 2021 Quarter Horse Nationals, where Chloe's dreams became reality. The pair won the Senior Youth Hunt Seat Equitation and received a 3rd place in the Senior Youth Trail.

'We also won my favourite class, the Senior Youth Horsemanship,' Chloe says, proudly. 'My beautiful horse gave me a great ride, and I do think it's his favourite event, too! This was an unforgettable moment, and one that Grub and I had worked very hard for. When we got called out for first place, I couldn't control my emotions! There were lots of happy tears and I was shaking so much with excitement and disbelief, that I dropped my prize buckle I'd just been handed!

Chloe's glad to have stepped up to show as an Amateur, and says it's been amazing so far. As the Amateur classes have much higher competitor numbers she knows there are going to be some higher levels to hit.

T've set my goals for the 2022 show season,' Chloe says. 'I plan to place Top 6 in our classes at shows, and work particularly hard to place

in the Top 6 at the major shows. I'm still very green at Trail class, with limited Trail experience, so as a rider, plan to improve on my Trail skills. Grub on the other hand, is a very talented Trail horse and I'd say it's definitely one of his stronger classes. To start nailing the trail patterns would be amazing!'

Chloe says she sees the Quarter horse industry as one of the more largely-followed breed sections of the entire equine industry, as the Quarter horse features in many disciplines. She also says that the Quarter horse community is inviting, inclusive, and friendly and has many people within the industry who are willing to help others.

'I find it a great network to meet new people and form new connections for future reference, and that can offer many pathways and opportunities. Things like the Trans Tasman event and the Youth World Cup event can help to strengthen your skills, not only in the saddle, but out of the saddle, again, through meeting people.'

Chloe, along with Grub, can't wait to be back on the road, going full on into the show season again, and is looking forward to a positive and uplifting 2022.

WE WOULD LIKE TO TAKE A LOOK BACK ON THE HISTORY OF THE

ARTICLE BY: AQHA * PHOTOS BY: PETA-ANNE PHOTOGRAPHY 1998 HALL OF FAME INDUCTEE

MAX MCTAGGART

AUSTRALIAN QUARTER HORSE ASSOCIATION HALL OF FAME INDUCTEES

THE AUSTRALIAN QUARTER HORSE ASSOCIATION HONOURS MAX MCTAGGART WITH INDUCTION INTO THE HALL OF FAME.

ax McTaggart was born into the famous McTaggart rodeo family of Goondiwindi, Queensland. His father, Hilton, was a horse trader, drover and contract musterer. His mother, Mabel, was the daughter of a teamster.

Max's horsemanship skills were learnt from an early age as his father had 112 horses, including two stallions with brood mares and he didn't own a piece of ground. There would be 30 to 40 horses in a droving plant at a time and yards were a luxury they didn't have. Some of the horses Max broke in on stations were eight to 10 years old.

When Max saw the first four imported King Ranch stallions at Warwick, he particularly liked "Mescal" and "Gold Standard" and thought they would all cross well to station mares as some of the horses were being bred too light for bush work. He couldn't wait to ride and train one for himself.

The first was "Quarter Elgrando" and many others followed after him. Max purchased Elgrando at the age of 13 months and broke him in at 14 months. He then spent 22 months on the road with sheep. This unique partnership showed together for many years in all eastern States promoting the equine skills and versatility of the Quarter Horse. At a Quarter Horse Show at Penrith in 1973, "Quarter Elgrando" won the \$1,000 Open Reining and, at the same show, his three year old daughter "Elamo" won the \$1,000 Open Cutting.

Max bought "Mr War Cutter" (Imp) and "Hank Man Leo" (Imp) both of whom he trained and showed in the cutting pen. They had ability to burn which they passed on to their progeny. He still owns "Hank Man Leo" who is 23 and breeding well for his age.

Max McTaggart was the first Quarter Horse trainer to go out on his own training for the public from his base of 55acres in the Lurg Hills near Benalla, Victoria.

He was droving sheep in the area with his wife, Norma and young daughter Cheryl, when they discovered the picturesque spot. Many outstanding Quarter Horses have been bred there

with the "Elgrando" prefix and carrying "bulls head" brands on their hips.

Max is a born communicator and loves to teach people of all ages. His work and support for AQHA Youth is legendary. If his Youth riders didn't have a horse to show, he mounted them on his cutting horses for the Youth classes.

Several of Max's students have gone on to become trainers themselves and he is very proud of their achievements. Max is now retired from public training. In spite of major surgery for prostate cancer he still rides horses for "Bangtail", breeds Quarters Horses and does what his own teacher and mentor, the late Pine Johnson of Texas, told him to be sure to do......pass his knowledge on to others.

Max is a past AQHA Board Director and held AQHA Judge No. 1 badge (he still has the badge). His other achievements include:-

- 1978 Carnation Quarter Horseman of the Year
- 1978 AQHA Senior Cutting Champion on "Mr War Cutter".
- 1979 AQHA Senior Cutting Champion on "Mr War Cutter".
- All Max's stallions have been listed AQHA Leading Sires in various categories.
- 1979 Coach for first AQHA Youth World Cup team to go overseas to Washington State, USA.
- VQHA Living Legend Award.
- Winner of VQHA Cutters Invitational on "Elgrando Bobby H".
- Past NCHA Judge and is an NCHA Riders Hall of Fame inductee.
- Six NCHA High Point Horse titles.
- All Max's stallions have been listed AQHA Leading Sires in various categories.

ARTICLE BY: LYN HOFFMANN © 2021

Long-time AQHA sponsors, Kevin Peatey & Wayne Parker, proprietors of Southern Cross Saddlery, each have a big heart for the Quarter Horse industry.

QHA supporter and sponsor, Southern Cross Saddlery, based in Caboolture, Oueensland, established in 1997 through a business partnership between saddlemakers, Kevin Peatey and Wayne Parker. It proved to be one very successful venture, with Southern Cross Saddlery now handcrafting and making a variety of top quality saddles and tack, for the past 38 years. Both Kevin & Wayne began as apprentice saddlers, around the age of fifteen, and are now equally very proud of what their business has become.

The two very dedicated saddlemakers do an incredible job building top quality saddles, and have also built up a very large, happy and satisfied customer base. Their saddles & tack are not only shipped across Australia, but also internationally, to countries like America, New Zealand and New Caledonia.

'Just last week,' Kevin says. 'We sent five saddles across to New Caledonia. But in, the

beginning, not long after we started Southern Cross Saddlery, we were consistently sending twenty saddles a month to the USA for the first ten years. They were sold over there through the Australian Stock Saddle Company, and that's still going. We now have four saddlemakers here and three labourers, and we're usually quite a busy place.'

The Southern Cross Saddlery name has become synonymous with quality workmanship in the production of their extensive range of custom-made saddles. Their large range of saddles include Half Breed, Swinging Fender, Australian Stock Saddles & Western Saddles along with leather bridles, halters and reins. Something that makes Southern Cross unique is their 30 day satisfaction guarantee, which is offered with all new saddles! This means that customers have the confidence of knowing, that

if their new saddle isn't fitting themselves or their horse they have 30 days to have that saddle adjusted or replaced with a new saddle to the same value, with the changes the customer needs. This is exceptional service at its very finest, giving the customer a greater reassurance of quality!

Kevin still breeds Quarter Horses, as well as Appaloosas, and used to ride a lot in the past, but has not been doing too much riding lately. He does, however, know the equine industry and its people well, and says that through Southern Cross Saddlery, he and Wayne enjoy helping the clubs out when they can. He says that in the past, Southern Cross Saddlery have set up some Sponsor Stalls at some of the bigger shows a few times, but over the last few years they have just been too busy in the shop to really go anywhere to do that.

But with a high level of professional commitment to the industry, Kevin & Wayne, always with an enormous amount of generosity, have regularly and consistently supported AQHA events. Southern Cross Saddlery has been sponsoring AQHA clubs, shows and events for many years now, with AQHA clubs and members across the country benefitting from their sponsorship. Kevin says that Southern Cross Saddlery, as a sponsor, has put up many prize saddles and sometimes gear for AQHA Members who compete in Challenges and Campdrafts, but has also put up some Western Saddles for some of the Reining and Western Performance shows, which many of the AQHA members show in.

'If clubs are going, surviving and running well,' Kevin says. 'They'll have their members, and their new members coming on, and they'll end up spending money through the equine businesses in the industry. There are a lot of equine-related businesses around the country, and if people are buying horses, saddles, products and floats, etcetera, that just makes it all happen. The whole industry goes around by supporting one another. If the businesses are making money, then they can sponsor events and classes, if they're not making money, then they can't. That's how it all works, and it's as simple as that.'

On saying that, both Kevin and Wayne would like to say thank you to the AQHA and its members for supporting them as a business, and they hope to be able to continue with their service as saddlemakers long into the future.

"A Great Horse will change your life. The Special Ones define It...."

WHEN WATER ISN'T ENOUGH

ARTICLE BY: DR JENNIFER STEWART BVSC BSC PHD EQUINE VETERINARIAN AND CONSULTANT NUTRITIONIST CEO JENQUINE

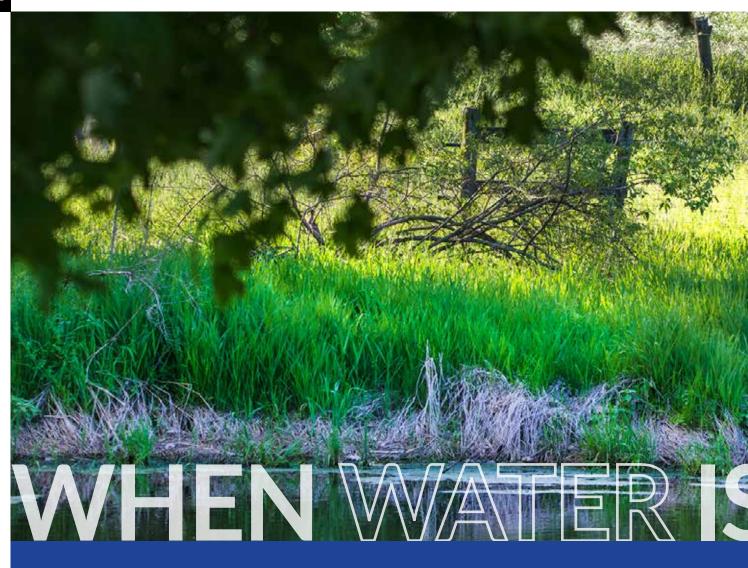

SUMMER RIDING AND COMPETITIONS ARE AMONGST THE TOP FAVOURITE THINGS IN LIFE. THE CHANCE TO SPEND A SUNNY DAY OUTSIDE AND IN THE SADDLE IS HARD TO PASS UP - AND FEW ACTIVITIES RIVAL THE PLEASURE AND THRILL OF EQUINE COMPETITIONS. AN UNDERSTANDING OF HEAT BUILD-UP AND HEAT DISSIPATION (COOLING) ALLOWS US TO HELP OUR HORSES ENJOY SUMMERTIME AS MUCH AS WE DO. IT'S ALL ABOUT HEAT AND HUMIDITY.

xercising your horse in summer when the weather is hot is different to exercising when it is hot AND humid or warm AND humid and even cool AND humid. This is because the horse's cooling mechanisms are different when humidity is high.

At high exercise intensities, muscle heat production increases 40 - 60 times. When the temperature is 20 to 25°C and the humidity is less than 30%, the heat generated by muscles during exercise can be easily cooled by the horse. To cool itself, blood is shunted to the skin and excess body heat is lost to the air. This is because when the air temperature is lower than the horses body temperature, the difference (or gradient) allows heat to freely moves from the horses' body into the air, allowing the horse to keep cool. But when the air temperature reaches around 32°C, the gradient is smaller. When body temperature = air temperature, there is no gradient to allow heat to move from the body to the air and blood shunting no longer results in cooling. Now sweating becomes

the primary means by which the horse cools. Sweating wets the skin so cooling due to evaporation can occur. Sweating is the only way a horse can cool itself when air temperature is close to body temperature. However, when humidity is high, the water gradient between the skin and the air decreases, limiting the ability of the body to lose heat by sweating. This poses a serious threat to the horses' ability to cool.

Heat stress can occur in all horses - and in a relatively short time if horses are unfit, the weather is hot and/or humid, or if fluid and electrolyte losses in sweat are not replaced. For horses performing period of intense exercise bodyheat production can raise body temperature by 1° C per minute and unless this heat is cooled, body temperature could continue to rise to 42°C which is close to the limits of life. When the exercise includes short bursts of strenuous, maximum intensity, overheating is a real risk. In endurance-type exercise, heat exhaustion is more often due to dehydration. Horses that have travelled long distances in the heat and sweated profusely, or have had water withheld because

of particular training practices are at increased risk. Factors that contribute to heat stress include:

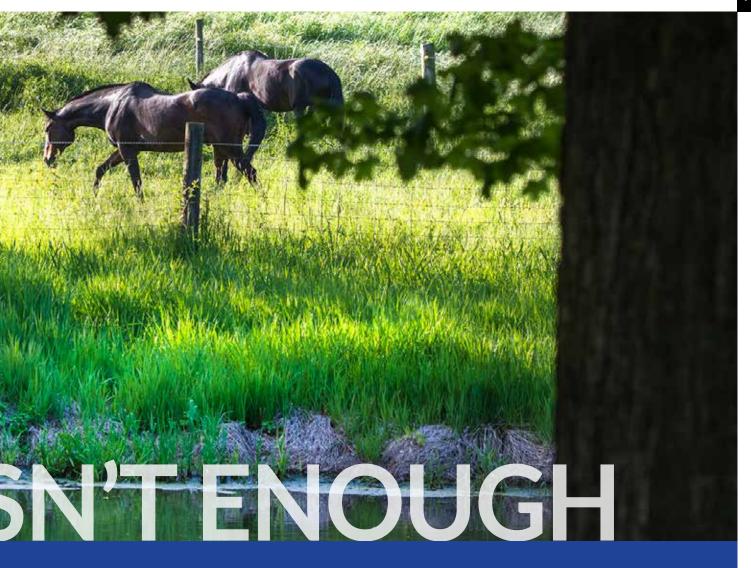

- high daily temperatures
- warm air temperature
- high humidity
- poor conditioning
- lack of fitness
- lack of access to water

And the risk is increased with:

- long-distance travel horses lose around 2-3 litres or fluid each hour. Allow the horse at least 24-48 hours to rehydrate and recover before exercising strenuously. Horses travelling in hot environmental conditions also need extra salt. Many do not drink during transit even when water is freely available. At the end of a 600km trip, horses can be 3% dehydrated and it can take at least 6 hours for fluid and electrolyte balance to begin to approach normal.
- warm-up too long or too short without a proper warm-up the rise in body temperature can be too fast for the sweating response to begin; too long a warm-up can increase body temperature too much.

- poor conditioning/training
- excess body condition
- age foals and older horses
- horses in direct sunlight even when the air temperature is a reasonably comfortable 30.5°C body temperature, respiration rate, skin temperature and sweating are higher in horses with no shade
- excessive bandaging, rugging, tendon boots & wraps
- hot, poorly ventilated stalls or floats
- insufficient water access
- insufficient salt intake
- another disease or lameness
- high altitude
- rough or steep terrain
- rider inexperience
- horses transported from cooler to warmer and or more humid climate – allowing 15 days acclimation for horses from cooler or drier climates travelling to compete or reside in hot, humid climates, increases heat and exercise tolerance.

The key with heat stress is to spot the signs early. These vary between horses and may include excessive sweating, decreased sweating, heavy rapid breathing,

increased heart and respiratory rate and altered behaviour which can progress from dull/listless to panicky or manic as the condition becomes more serious (Table 1.). It should be noted that these signs could also be present in other disease conditions.

Horses displaying signs of mild heat stress may not be obviously affected, so it is important to be aware of the common symptoms as they will often progress to more severe. Individual horses cope differently with hot or humid weather conditions so it is important to know what is normal for your horse so you can spot any changes as soon as they occur.

Table 1. Signs of dehydration, heat stress, heat stroke and exhaustion.

On summer days, it can be difficult to distinguish normal fatigue and sweatiness from dangerous heat stress in horses. Here's what to look for and how to safeguard your horse's well-being.

Profuse sweating

Less sweating or patchy sweating (may indicate anhydrosis or 'puffs')

Thick, sticky sweat

Hot skin - may become cold if the circulation shuts down

Skin pinch test - insensitive technique for mild dehydration

High heart rate

Heart climbs after work stops

Increased respiration rate (normal is 4 - 16 breaths per minute)

Panting respiration - can occur with 'puffs'

Flared nostrils

Breathing rate higher than heart rate

Poor heart and respiratory rate recovery after exercise stops

Rapid heart rate that matches breathing rate - 'thumps' Sunken/caved-in flanks

Reduced Gut sounds

High body temperature > 40°C

Profuse sweating + high body temperature but skin feels cool

Prolonged capillary refill time - press the gum and note time to recolour

Excessive salivation

Sunken eves

Tacky, dry or sticky gums
Capillary refill time (> 3 seconds)
Little interest in feed or water
Distress, agitation
Stumbling
Weakness
Reduced urination
Loss of skin elasticity
Collapse

DEHYDRATION AND ELECTROLYTES

During prolonged exercise, horses may sweat 15 – 20 litres per hour of exercise. Excessive sweating can lead to dehydration. When horses are becoming dehydrated their fluid levels are dropping and they've run out of ways to cool themselves – sweating is compromised and their ability to regulate their body temperature diminishes, doubling their risk of heat stress.

Substantial amounts of sodium, potassium and chloride, and significant amounts of calcium and magnesium are lost in sweat. The loss of these electrolytes can suppress the thirst reflex and the desire to drink even in the face of dehydration. This is an important point to remember — sweating can suppress the desire to drink. We have all heard "you can lead a horse to water, but you can't make them drink."

Sometimes, however, the signs of impending heat exhaustion are difficult to recognize. If you suspect your horse is developing heat stroke, call a veterinarian immediately and take extreme measures to cool your horse quickly. If the signs of heat stress are severe, your horse may need intravenous fluids and electrolyte therapy and veterinary attention should not be delayed.

Our task is to ensure that the horse is provided with adequate fluid and salt. Of prime importance is daily electrolyte supplementation. Some form of salt supplementation is a must. For non-exercised horses, voluntary intake from salt/mineral blocks is usually enough to meet sodium (Na) and chloride (Cl) requirements. In exercising horses, voluntary salt intake is highly variable

and in one study, the intake of four out of six horses was well below even the maintenance requirement.

To replace losses from hard work, horses need to consume 50g a day from a salt block - you can weigh blocks regularly to determine intake. So, certainly have a salt block in the stable, feedbin, yard or paddock, but monitor consumption and add extra salt to the feed.

'The daily diets of many horses are deficient in calcium and magnesium. Most feedstuffs and pastures are low in calcium and magnesium. Compounding this, calcium absorption is reduced in horses on common anti-acid ulcer treatment. Signs of both deficiencies are difficult to pick – except when extreme and long-standing. But borderline imbalances and deficiencies do affect performance and muscle function so a daily supplement can protect against marginal deficiencies and further losses in working horses.'

See adverts on pages 36 & 37 Bone Formula and EzyMag.

The number of electrolyte supplements on the market nowadays is huge and it's important to read the product labels carefully and take note of the actual quantities of sodium, chloride and potassium in the supplement. The higher the sodium chloride content, generally the better the product. Supplements that contain a lot of sugar (> 15%) and not much else should be avoided - otherwise you will be feeding a lot of sugar and not enough electrolyte. For electrolyte syringes, a good syringe should be delivering at least 20-30g of electrolyte per dose.

How much salt should be added each day? For horses doing moderate daily exercise in cool to moderate temperatures, 25g twice a day increasing to 50g twice a day in hot weather is a good rule-of-thumb. You can make this at home using straight salt (NaCl) or a 3:1 ratio of NaCl:KCl (KCl is commonly known as 'Lite' or 'Lo-salt'). In reality, horses get ample potassium (K) if they have lots of hay each day. For the horse who is fussy about anything added to his feed, there is a cookie recipe that you can try: 2 cups of grain, 2 cups of rolled oats, 24 ounces of electrolyte mix (commercial or homemade), 3 cups bran,

Dr Jennifer Stewart CEO BVSc BSc PhD Dip BEP Equine Veterinarian & Consultant Nutritionist

Or Jen Stewart have been an equine veterinarian for more than 40 years and a equine nutritionist for more than 10 years. Jen has been developing premium formulas for studs, trainers & feed companies in Australia & around the world and regularly consults to leading International studs & trainers in various countries.

Jen has spent a fair bit of time researching & being involved in nutritional management of developmental orthopedic diseases, colic, tying-up, laminitis, performance problems, post-surgery & other conditions. And is currently the only practicing equine veterinarian & clinical nutritionst in Australia. Jen's promise is to continue to BRING SCIENCE TO YOUR FEED BIN. For more information visit www.jenquine.com

1 to 2 cups of water and then 1 cup of molasses, maple syrup, or applesauce. Mix well and divide into 24 cookies. Cook at 175°C for 25 to 30 minutes. Each cookie has around 25g of electrolytes. Electrolytes do not necessarily have to be replaced by oral dosing in the same amount as they are lost as daily intake helps. Calcium and magnesium intakes should be doubled in hot weather.

Providing water alone to a horse with electrolyte imbalances will only further dehydrate your horse. However, adding salt to drinking water should be done sensibly and with great care. Trials have found that horses have an abrupt 15-50% reduction in water intake and 25% drop in feed intake when provided with too-salty water. Recommendations are to limit salt addition to 30g (1 tablespoon) per 5 litres of water and make sure fresh water is freely available.

Dehydration of 2-3% can cause a 10% reduction in exercise capacity and performance. Free access to water and careful administration of good quality electrolytes before and during moderate to intense work can increase the time it takes for a horse to fatigue by nearly 23%; that means a horse can work for 23% longer before getting tired.

Regardless of the type of work, electrolyte losses should always be replaced soon after exercise. If not done, it can take up to 3 days for the horse to obtain enough salt from the daily feed to replenish its levels and the horse looks 'tucked up' because of dehydration. Water intake for a 500kg horse is 25-30 litres a day. When rehydrating they may drink upwards of 50 litres a day – but if this is accompanied by excess urination, then you're probably feeding too much salt.

2021 VICTORIAN STATE SHOW

ARTICLE BY: TRISH WETTANHALL / PHOTOS BY: EV LAGOON PHOTOGRAPHY

BIG VALLEY QUARTER HORSE ASSOCIATION GROUNDS, CAME TO LIFE AFTER A LONG BREAK DUE TO COVID.

he big valley grounds, offering a near new indoor arena along side, 4 outdoor arenas. There was so much riding room and ample camping. On the Wednesday night prior to the show, Big Valley hosted and welcome sausage sizzle, which saw a great social evening.

The team bought in an extra 72 portable stables to house the approximately 130 competing Quarter horses. A big job setting up and removing. Thank you to every volunteer.

It was a proud moment for AQHA life members and Hall of Fame family the Davidsons, president Shirley Davidson and Husband Murray, the grounds looked a picture.

In conjunction with the West Gippland Quarter Horse Association, The Victorian State show, after 3 failed attemps, finally got a go. Trish Wettenhall along with Annie Boyd and the Big Valley committee, succeeded in putting on a fantastic show.

There was plenty of prizes and money.

Thank you to the great list of sponsors. Open Classes received a beautiful Bob Berg Buckle, Hi Point winners for Amateur & Youth also buckles Open High Point received beautiful stable bags from Make it yours McDonalds Saddlery, Dungara Performance Horses, SQHA, Eagle Pass Ranch, Julie & Tom Coen GVQ&WRC Inc, Ausure Insurance, Kissndior Quarter Horses, REDA, Helen Nixon, Heritage & Heritage Crown Complete Sweeping, RRQH, DKE Accounting, Fran Christian, Lynda Cavallo, Cavallo Plumbing & Earthworks, Trish Cornfoot, Dawn Marshall, Serenity Hill Show Horses, Holly Wilkie, X-Factor Performance Horses, Breakoday Quarter Horses, Cindy Callewaert, Joe & Janet Wallace, Rush Family, Peninsular Quarter Horse Association, Matthew Freiberg Performance Horses, Robin Humphries, Lifestyle Performance Horses, Deanne Warwick, Heriot Park Stud, Sign ur Neigh'm, Solitair Performance Horses, Peachy Tack, Linda Lyons Awesome Quarter Horses, Glenna's Paws & Claws, Angela Robertson, Roseberry Quarter Horses, Equine Patience Poles, Ella Jane Performance Horses, In2Parts, Urban Trails, Professional Horsemans

2021 VICTORIA STATE SHOW

Association, DM's, Domestic Cleaning, NVQHA, Bunyip Saddlery, Gelliongold Park, McDonalds Saddlery, Ideal Saddlery, Sharon Ryan, Blue Rock, Anne Edwards, Just4Show, VPHA, Peachy Tack, Horseland Narre Warrwen, Kentntucky Equine Research, Equine Pure Pellets, JVM Pattens, Farwest Rural Supplies, Robyn Smith, Make it yours, Bunyip Saddlery, Triandibo Quarter Horses, Clairveaux Quarter Horses, Jade Thomas-Spicer, Equine ID, BVQHA, Annlee Saddlery and Cowboy Hattery, Diamond Boots.

The show started with the American Quarter Horse Classes, which were well supported.

In the afternoon the ranch riding, western riding and reining we held, the numbers were fantastic

and although it was a little chilly, the events went late into the night.

Friday started early with Hunter in hand, Hunt seat Eq and Hunter Under Saddle, followed by Trail and Western pleasure, and classes were well supported.

The show continued Saturday with a great line up of halter horses, Showmanship, trail Horsemanship and Western pleasure.

The final day of the show had 2 arenas going, dressage and Hack in the indoor and Ranch versatility in the outdoor arena. The Ranch Versatility a new inclusion the show and proved a great success, numbers were fantastic.
