INSIDE BACK COVER

Past Presidents

AQHA 2019-2020 Executive Committee

President Stan Weaver, Big Sandy, Montana
First Vice President F.E. "Butch" Wise, El Reno, Oklahoma
Second Vice President Norman Luba, Louisville, Kentucky
Member Dr. Scott Myers, Sharon Center, Ohio
Member Kenneth Banks, Schulenburg, Texas

PRESIDENT'S LETTER

Dear AQHA Members,

My family has a long tradition of raising American Quarter Horses – ranching is in my blood. I'm grateful to have had the opportunity to share this tradition and my passion for American Quarter Horses with each of you during my tenure on the AQHA Executive Committee.

This past year was monumental, not only for myself as I took the helm as AQHA president, but also for the American Quarter Horse Association.

The Association focused on a variety of topics this year, including animal welfare, a level playing field, fiscal responsibility, driving membership and, as you all are aware, technology projects.

AQHA transitioned to a new computer system and website in March. This transition was more difficult than anticipated, but it was a great opportunity for us to see our strengths and highlight our weaknesses as an Association. Those weaknesses are things we can improve upon to better serve you, our members.

We encountered various road blocks throughout this journey, as we transitioned more than 500 million records from an old computer system, with an irrelevant infrastructure that was no longer supportable, to a more modern platform. This modern platform is the foundation of all future projects, such as a personalized member dashboard that will allow you to see the status of your paperwork and pay invoices online. These efforts were necessary, as we focus on the future of our great Association.

The Executive Committee and AQHA staff have resolved issues experienced during the transition and are working daily to improve the way AQHA does business and how we serve our members.

In 2019, AQHA implemented DocuSign – a simple way to send a safe and secure document with electronic signatures to assist in completing business with AQHA, rather than rely on mailing paperwork back and forth between AQHA and our customers. The Association reimagined its phone system by making two significant changes to how we were providing customer services. First, direct phone lines to several key departments were published. Second, the Member Experience phone menu options were revised to better serve our customers regarding registration-related topics. A new language-line option was also implemented, offering non-English-speaking customers the ability to access AQHA services over the phone with the support of live translation in their native language.

In addition, we also reorganized our Member Experience Team, enhanced Member Experience training and hired AQHA show secretaries for enhanced Member Experience on location to improve our member services.

Our team implemented automated membership notifications. U.S.-based customers now receive automated notifications when a membership is purchased or renewed. We are also working on implementing automated transfer notifications to inform members about the status of their paperwork.

We truly appreciate your patience as we position the American Quarter Horse Association for the future. The Executive Committee and AQHA leadership are navigating to a more modern and user-friendly experience for our members around the world. With this new foundation and your help, we are moving toward a more progressive and improved Association.

As we make these imperative changes for AQHA, I encourage each of you to become more involved within our member-driven association; to voice your suggestions and concerns; and to be a part of the governance of AQHA. Last year at the annual AQHA convention, I challenged AQHA directors to bring one new person with them to the 2020 convention. I continue to challenge our directors and members to become more active and to share the American Quarter Horse with others to increase awareness and membership. After all, this is YOUR Association, and we are here to serve our membership.

Sincerely,

Stan Weaver

2019-2020 AQHA President

10. Venezuela

URNAL

THE AMERICAN QUARTER HORSE JOURNAL

- · A monthly magazine, with 20,000 subscribers, dedicated to the most popular horse breed on earth.
- In 2019, the Journal debuted its Facebook page (www. facebook.com/aqhjournal) through which to share magazine content, drive readers to the AQHA website and draw horse lovers to subscribe to the magazine.
- Hands-on training articles, covering English and western

disciplines with emphasis on rail, pattern and halter.

- Insightful features tackling health, horse-show trends and breeding topics.
- Hall of Fame and 50-year breeder profiles.
- Inspirational stories about fellow amateurs, youth, professionals, owners and breeders.
- Official show coverage from AQHA's championship shows.
- Critical news and timely information, keeping you abreast of what's going on within your Association.

• A semi-annual print publication dedicated to the

American Quarter Horse racing industry.

- Unique articles packed with data and statistical analysis you can only get from AQHA.
- Insightful features covering handicapping, horse health, breeding and more.
- · March Annual Review is a powerful, statistics-packed magazine that you'll refer to year after year, including the starters index and racing champions.
- December Stallion Issue features stallion and breeding information, including sire lists and successful crosses information.

• The magazine mailed to all 180,000 AQHA

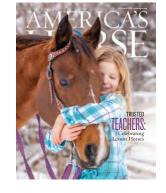

member households as part of their

membership.

- Represents the heart and soul of the Association, with stories that focus on the horse-human bond.
- We also feature basic training tips, horsehealth primers and other information to

In July 2019, the publications department Taking the best of America's Horse and the best of the Journal, the team reimagined the Journal into a lifestyle publication that we are certain AQHA members are going to love. The new Journal will debut in April 2020.

Independent Auditor's Report

To the Board of Directors of American Quarter Horse Association Amarillo, Texas

We have audited the accompanying consolidated financial statements of American Quarter Horse Association (the Association) which comprise the consolidated statement of financial position as of September 30, 2019 and the related consolidated statement of activities, consolidated functional expenses and consolidated cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statement

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above presents fairly, in all material respects, the financial position of the Association as of September 30, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The Board of Directors of American Quarter Horse Association

Emphasis of Matter

Adoption of New Accounting Standard

As discussed in Note 2, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2016-14, Not-For-Profit-Entities (Topic 985) – Presentation of Financial Statements for Not-For-Profit Entities. The update addresses net asset classification requirements and the information presented in the consolidated financial statements and notes regarding liquidity, financial performance and cash flows. The Association adopted ASU 2016-14 in the year ended September 30, 2019. The ASU has been applied retrospectively to all periods presented. Our opinion is not modified with respect to this matter.

Other Matters

Prior Period Financial Statements

The consolidated financial statements of American Quarter Horse Association for the year ended September 30, 2018 were audited by another auditor, who expressed an unmodified opinion on those consolidated financial statements as of January 18, 2019.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating statement of financial position, consolidating statement of activities and consolidating statement of cash flows are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Weaver and Tiduell, L.L.P.

Notes to Consolidated Financial Statements

Note 1. Organization

The American Quarter Horse Association (AQHA) was formed and exists for the purpose of collecting, recording, and preserving the pedigrees of Quarter Horses and stimulating and regulating matters which pertain to the history, breeding, exhibition, publicity, racing or improvement of the Quarter Horse breed.

The American Quarter Horse Foundation (AQHF) was formed to encourage, by public contribution, support of worthwhile educational and charitable projects of interest and benefit to devotees of the American Quarter Horse. In addition, AQHF operates the American Quarter Horse Hall of Fame and Museum (the Hall of Fame), which opened in 1991. The Hall of Fame is devoted to honoring the American Quarter Horse and those responsible for the success of the breed. The Executive Committee of AQHA, along with a representative from the Foundation Council serves as the Board of Trustees of AQHF.

AQHA acquired Robin Glenn Pedigrees, LLC in 2014, which produces sale catalogs and pedigrees for the industry's race sales, performance sales, as well as all facets of the Quarter Horse performance industry. Robin Glenn Pedigrees (RGP) maintains a database of horse records used to produce sale catalogs and as an information resource for the horse industry. By AQHA acquiring RGP, members will be able to track American Quarter Horse accomplishments across the equine industry, thus enhancing the overall value of American Quarter Horses and in turn rewarding the owners of American Quarter Horses. On April 8, 2019, RGP was merged into AQHA.

On October 1, 2015, AQHA separated its Awards Recognition Concepts (ARC) department. It is now a Limited Liability Company, Awards Recognition Concepts, LLC in which AQHA is the sole member.

On January 30, 2019, Q Technology Solutions, LLC (Q Technology) was formed for the purpose of acquisition and development of software. AQHA is the sole member of Q Technology.

Note 2. Summary of Significant Accounting Policies Financial Statements Presentation

The Association's consolidated financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). The consolidated financial statements include the accounts and transactions of AQHA and AQHF (collectively, the Association). All material intercompany balances and transactions have been eliminated. AQHA has majority voting and economic interest in AQHF, and therefore the AQHF financial statements have been consolidated with the AQHA financial statements.

Financial Statement Presentation

The Association is required to report information regarding its financial position and activities according to two classes of net assets:

- Net assets with donor restrictions Net assets subject to donor-imposed stipulations that may or will be met by actions of the Association and/or the passage of time or net assets subject to donor-imposed stipulations that will never lapse.
- Net assets without donor restrictions Net assets not subject to donor-imposed stipulations.

Notes to Consolidated Financial Statements

Use of Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period.

Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the consolidated statements of cash flows, the Association considers all cash and other highly liquid investments with initial maturities of three months or less to be cash equivalents. The Association maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Association has not experienced any losses related to these concentrations.

Accounts Receivable

Accounts receivable are included in the accompanying consolidated statements of financial position at original invoice net of the allowance for doubtful accounts. The accounts receivable balance is comprised of amounts owed to the Association for trophy and record sales, sponsorships, journal advertising and other miscellaneous receivables.

The Association determines its allowance based on specific uncollectible accounts. The Association writes off receivables when they become uncollectible. The Association has had minimal losses on accounts receivable in prior years. The allowance for doubtful accounts is approximately \$6,900 and \$5,700 at September 30, 2019 and 2018, respectively.

Contributions Receivable

Contributions receivable that are expected to be collected within one year are recorded at net realizable value. Contributions receivable that are expected to be collected in future years are recorded at the present value of the expected future cash flows using a discount rate.

An allowance for uncollectible accounts is estimated by management based on its historical loss analysis and is adjusted for those specific contributions receivable for which collection is uncertain (See Note 3).

Inventory

Inventories, which consists of apparel and merchandise, trophies and print services materials are valued at the lower of cost or net realizable value, determined on the first in, first out basis.

Prepaids, Deposits and Other Assets

Prepaid expenses are recorded at cost and consist of amounts paid in advance for goods and services to be used or received in the near future, including trophy materials, insurance services, and maintenance agreements. Deposits are recorded at cost. Other assets consists of life insurance policies which are recorded at the cash surrender value of the insurance policy.

Notes to Consolidated Financial Statements

Investments

Investments consist of equity mutual funds, domestic and common stock, and limited partnerships which are recorded at fair value in accordance with ASC 820 Fair Value Measurements and Disclosures (See Note 4). Realized and unrealized gains and losses are recognized in the consolidated statement of activities.

Property and Equipment

Property and equipment are recorded at cost or estimated fair value at the date of donation. Depreciation is provided for in amounts sufficient to relate the cost of depreciable assets over their estimated service lives of approximately 35 to 40 years on buildings and improvements and 3 to 10 years on furniture and equipment on a straight-line basis. Costs incurred to develop a new computer system have been capitalized and is being amortized over 10 years on a straight-line basis.

Collections and Exhibits

Collections and exhibits are recorded at cost or estimated fair value at the date of donation. Collections consist primarily of donated art objects where fair value at the date of contribution is determined by appraisal. Depreciation is provided for in amounts sufficient to relate the cost of exhibits over their estimated service lives of approximately 5 to 15 years on a straight-line basis. No depreciation has been provided for collections which are limited works of a rare nature. Gains or losses on the disposition of collections and exhibits are recorded in the consolidated statement of activities at the time of disposition and are classified as net assets with or without donor restrictions, if any, placed on the item at the date of donation.

Impairment of Long-Lived Assets

The Association reviews long-lived assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of carrying amount or the fair value less costs to sell. As of September 30, 2019 and 2018, the Association's management has not recognized impairment on any long-lived assets.

Income Taxes

AQHA is qualified under Section 501 of the Internal Revenue Code (IRC); therefore, the majority of its income is exempt from federal income tax under the provisions of Section 501(c)(5). Income from certain operations of AQHA, primarily advertising in its publications, is taxable for federal income tax purposes. For the years ended September 30, 2019 and 2018, AQHA did not incur any federal income tax expense. All other operations of AQHA are exempt from federal income tax. AQHF claims exemption from federal income taxes under Section 501(c)(3) of the IRC and is recognized as a public charity under Section 509(a)(3) of the IRC. AQHA's wholly owned subsidiaries, RGP, ARC and Q Technology are limited liability companies and considered disregarded entities for tax purposes as of September 30, 2019; therefore, they are not subject to additional tax filings per the IRC.

Notes to Consolidated Financial Statements

Financial Accounting Standards Board (FASB) provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the consolidated financial statements. This requires the valuation of tax positions taken or expected to be taken in the course of preparing the Association's tax return to determine whether the tax positions are "more-likely-than-not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense and liability in the current year. Management has determined that there are no material uncertain income tax positions.

Revenue Recognition

The primary sources of revenue for the Association are recognized as follows:

Memberships and Member Services

Association memberships are deferred and recognized as income during the membership period; lifetime memberships are amortized on a straight-line basis over an estimated life of 10 years. Amounts received for registration, transfers, and other member services are reflected in income as the required process is completed. Major sources of membership and member services consisted of the following at September 30, 2019 and 2018:

	2019	2018		
Memberships Registrations	\$ 7,391,114 4,862,892	\$	7,006,212 5,322,080	
Transfers Stallion Breeding Report Fees Genotyping/Blood Typing	2,115,190 1,756,386 2,544,101		2,157,490 1,556,522 3,139,294	
Drug Testing	 1,319,513		1,467,212	
	\$ 19,989,196	\$	20,648,810	

Contributions

The Association recognizes contribution revenue at the time of donation or when an unconditional promise to give is made by the donor. Contributions are recorded as either net asset with or without donor restrictions, in accordance with donor restrictions, if any.

World Championship Show and Sponsorships

Income from shows is deferred and recognized as income in the period in which the show takes place. Sponsorship income is deferred and recognized as income in accordance with the terms of various sponsorship agreements.

Publications, Advertising and Circulation

Subscriptions for the Association's trade publications are deferred and recognized as income during the subscription period.

Incentive Fund and Racing Challenge Programs

All Incentive Fund receipts and investment earnings (losses) are credited to deferred income until incurred. The Association recognizes revenue and expense for these programs for the amount of prize monies and purse awards paid (See Note 6).

Notes to Consolidated Financial Statements

Other Income

Income from the sales of awards, show processing fees, gift store sales, records and database research is recognized when earned.

Functional Allocation of Expenses

The costs of providing the various programs and supporting services have been presented on a functional basis in the consolidated statement of functional expenses for 2019. The consolidated financial statements report certain categories of expenses that are attributable to one or more program service or supporting service of AQHA. Accordingly, these costs have been directly allocated among program services and supporting services based on time and effort. Building and property expenses are allocated based on square footage.

Reclassification

Certain balances related to 2018 have been reclassified to conform to the 2019 presentation. The reclassifications had no effect on total net assets or change in net assets.

Accounting Pronouncements Adopted

During the year ended September 30, 2019, the Association adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2016-14, Not-for-Profit Entities (Topic 958) Presentation of Financial Statements of Not-for-Profit Entities. This update added a consolidated statement of functional expense, reduced the net asset classifications from three classes (unrestricted, temporarily restricted, and permanently restricted) to two classes (net assets with donor restrictions and net assets without donor restrictions). In addition, the update added a liquidity disclosure to show the amount of financial assets available within one year from the consolidated statements of financial position date, added disclosures related to allocation methodologies, and required direct investment expenses to be shown net with investment income. The ASU has been applied retrospectively to all periods presented. The implementation had no effect on total net assets or change in net assets.

Upcoming Accounting Pronouncements

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606). This standard is intended to provide a more robust framework for addressing revenue issues, improve comparability of revenue recognition practices, and improve disclosure requirements. The amendments in this ASU are effective for interim and annual reporting periods beginning after December 15, 2018 for private entities. This ASU can be applied retrospectively or as a cumulative effect adjustment as of the date of adoption. Also, in June 2018, FASB issued ASU 2018-08, Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made to provide further guidance related to revenue recognition for not-for-profit entities. AQHA is currently evaluating the impact that this guidance will have on its consolidated financial statements.

Notes to Consolidated Financial Statements

In February 2016, the FASB issued ASU 2016-02, Leases, a comprehensive new standard that amends various aspects of existing accounting guidance for leases, including the recognition of a right of use asset and a lease liability for leases with a duration greater than one year. The guidance is effective for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. Early adoption is permitted. The Association is still reviewing the new guidance and its effect; however, the Association anticipates that upon adoption of the standard, the Association will recognize additional assets and liabilities related to its leases on its consolidated statements of financial position.

Note 3. Contributions Receivable

At September 30, contributions receivable are as follows:

	2019	2018		
Within one year One to five years After five years	\$ 112,480 112,480 14,550	\$	68,492 248,697 15,650	
Subtotal	239,510		332,839	
Allowance for doubtful accounts Unamortized discount	(54,250) (17,488)		(163,707) (24,569)	
Total contributions receivable, net	\$ 167,772	\$	144,563	

Note 4. Fair Value Measurements

Accounting Standard Codification 820 Fair Value Measurements establishes a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value into three broad levels. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability.

Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available in the circumstances.

The objective of the fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value shall maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Consolidated Financial Statements

The fair value hierarchy prioritizes the inputs into valuation techniques to measure fair value into three broad levels. They are as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly through corroboration with observable market data.
- Level 3: Unobservable inputs for the asset or liability that are inputs that reflect the Association's own assumptions about the assumptions market participants would use in pricing the asset or liability.

The fair value hierarchy gives the highest priority for quoted prices (unadjusted) in active markets (Level 1) and the lowest priority to unobservable inputs (Level 3).

<u>Mutual Funds, Domestic Bonds, Domestic Common Stock and US Government and Agency Bonds</u> These classifications consist of investments in various funds and securities that have differing investment goals that are traded in an active market.

<u>Investments Measured at Net Asset Value (NAV)</u> This classification includes investments in limited partnerships, whose portfolios may include real property located in the United States. The general partner of each partnership has the authority and discretion to manage and control the affairs of the partnership, including selecting real property to invest in and when to sell owned assets. Investments held by the limited partnership are carried at fair value as determined by the respective general partners and may be based on various pricing models. The fair values of the investments in this category have been determined using the practical expedient methodology and are therefore valued at net asset value. The ability to liquidate these investments in the limited partnerships are restricted in accordance with the provisions of the partnership agreements, which state that invested capital is not returned until the dissolution of the partnerships.

The Association's investment policy allows for a certain range of the investment portfolio to be invested in alternative investment instruments. The Association's investments in these alternative investment instruments are carried at the aggregate net asset value of the shares held by the Association. The net asset value is based on the net market value of the alternative investment instrument's investment portfolio as determined by the management of the alternative investment instrument. The Association's investments in alternative investment instruments are in limited partnerships, which include private equity and real estate assets.

The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risks associated with investing in those instruments. Investments may be exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term could affect investment balances and the amounts reported in the consolidated financial statements.

Notes to Consolidated Financial Statements

The Association assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Association's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the year ended September 30, 2019 \$9,178,208 in Level 1 investments transferred to Level 2. During the year ended September 30, 2018, there were no significant transfers among fair value levels.

Investments at September 30, 2019, are as follows:

	Level 1			Level 2		Level 3		Total	
Bonds:									
US Government and agency bonds	\$	6,334,355	\$	-	\$	-	\$	6,334,355

Notes to Consolidated Financial Statements

The following table provides additional information for investments in certain entities that measure fair value using the NAV practical expedient:

	Fair Vo Septem 20	ber 30,	Redemption Frequency (if currently eligible)	Redemption Notice Period	Infunded mmitments
Harbert Credit Solutions Fund IV L.P.	\$ 1,	.531,561	N/A, redemption upon dissolution	N/A	\$ 2,168,662
Montauk Triguard Fund VII, L.P.		.073,813	N/A, redemption upon dissolution	N/A	2,100,000
Ending Balance	\$ 2,	.605,374			
	Fair Vo Septem 20	ber 30,	Redemption Frequency (if currently eligible)	Redemption Notice Period	Infunded mmitments
			N/A,		
Harbert Credit Solutions Fund IV L.P.	\$ 1,	.161,633	redemption upon dissolution	N/A	\$ 2,168,662
Harbert Credit Solutions Fund IV L.P. Montauk Triguard Fund VII, L.P.		875,028	redemption	N/A N/A	\$ 2,168,662

The following schedule summarizes the investment return and its classification in the consolidated statements of activities for the years ended September 30:

	2019		 2018
Interest and dividends Net realized and unrealized gain (loss) Investment expenses	\$	1,784,614 (345,788) (170,051)	\$ 1,466,693 1,212,062 (135,240)
Total return on investments	\$	1,268,775	\$ 2,543,515

Notes to Consolidated Financial Statements

Note 5. Property and Equipment and Collections and Exhibits

At September 30, property and equipment and collections and exhibits consisted of the following:

	2019	2018
Depreciable property and equipment Building and improvements Furniture and equipment Software	\$ 17,252,463 6,422,863 11,574,068	\$ 17,272,962 13,037,412 -
Total depreciable assets	35,249,394	30,310,374
Accumulated depreciation	 (17,468,802)	 (20,097,103)
Total depreciable assets, net	17,780,592	10,213,271
Land Development of computer system	650,442 95,517	 650,442 6,944,225
lotal property and equipment, net	\$ 18,526,551	\$ 17,807,938
Depreciable collections and exhibits Collections and exhibits Accumulated depreciation	\$ 3,840,934 (3,151,199)	\$ 4,005,415 (3,098,998)
Total depreciable assets, net	689,735	906,417
Non-depreciable collections and exhibits	1,974,036	1,974,036
lotal colletions and exhibits, net	\$ 2,663,//1	\$ 2,880,453

Depreciation and amortization expense was \$2,208,949 and \$1,724,600 at September 30, 2019 and 2018, respectively.

Note 6. Incentive Fund and Racing Challenge Program Deferred Income

Incentive Fund

The AQHA Incentive Fund is a program whereby AQHA sanctioned show participants and breeders win cash prizes based on total points accumulated during each show year. In order to be eligible, breeders must pay nomination fees for their stallions and foals. The nomination fees and the related investment income represent the source of funds for the cash prizes awarded. Nominated stallions and foals are eligible to receive payments from the Incentive Fund based on total show points earned during the previous year. In July of 2017, the AQHA Executive Committee approved the termination of the Incentive Fund. Stallion nominations were no longer accepted and foal nominations will only be accepted through 2018. All nominations were paid out during the year ended September 30, 2019.

Notes to Consolidated Financial Statements

The following is a summary of activity of the Incentive Fund included in deferred income for the years ended September 30:

	2019		2018	
Balance of fund, beginning of year	\$	3,086,811	\$ 4,219,493	
Nomination receipts		-	4,442	
Investment income		66,406	138,428	
Incentive fund disbursements		(3,153,217)	(1,275,552)	
Balance of fund, end of year	\$	-	\$ 3,086,811	

The investment balance allocated to the Incentive Fund is included in the investment balance shown on the consolidated statements of financial position as of September 30, 2018.

Racing Challenge

The AQHA Racing Challenge (Challenge) is an incentive-type program open to all registered foals. The Racing Challenge receives funds from individuals for the nomination of their horses. Nominations received are used to supplement purse awards at Challenge races and are paid to the nominators and owners as bonus awards. Race entry fees are received from individuals to enter a Challenge race and are added to the purse award, along with the amount contributed by corporate sponsors. Investment income attributable to the Racing Challenge is included in the purse awards as well.

The following is a summary of activity of the Racing Challenge included in deferred income for the years ended September 30:

0010

0010

	2019		2018	
Balance of fund, beginning of year Program receipts Investment income	\$	2,649,759 1,965,608 42,806	\$	2,477,125 2,028,709 124,982
Program disbursements		(2,009,922)		(1,981,057)
Balance of tuna, end of year	\$	2,648,251	\$	2,649,/59

The investment balance allocated to the Racing Challenge is included in the investment balance shown on the consolidated statements of financial position as of September 30, 2019 and 2018.

Notes to Consolidated Financial Statements

Note 7. Deferred Income

Deferred income, not including deferred income related to the Incentive Fund and Racing Challenge programs, consisted of the following at September 30:

	2019		2018	
Deferred breeder account	\$	1,898,167	\$	2.972.825
Deferred membership income	4	12,045,493	Ψ	8,280,127
Deferred publications income		215,130		383,281
Deferred World Championship Shows income				
(net of prepaid expense of \$0 and \$449,614)		325,770		2,539,232
Other deferred income		1,486,828		1,551,524
Total other deferred income	\$	15,971,388	\$	15,726,989

Note 8. Employee Benefit Plans

Defined Benefit Plan

The Association has a noncontributory defined benefit pension plan (the Plan) limited to participants who were in the Plan as of October 31, 2003, or active employees as of October 31, 2003, that subsequently become eligible by reaching 21 years of age and completing one year of eligible service. Benefits are based on years of service and the average of each participant's highest five years of compensation out of the last fifteen calendar years.

It is the Association's policy to fund the Plan consistent with the Employee Retirement Income Security Act minimum funding requirements. Contributions are intended to provide not only for benefits attributed to service to date but also for those expected to be earned in the future. Contributions are predominantly invested in equity securities.

The actuarial present value of benefit obligations is calculated based on certain assumptions pertaining to interest rates, inflation rates and employee compensation and demographics. Due to the uncertainties inherent in setting assumptions, it is reasonably possible that changes in these assumptions will occur in the near term and the effect of such changes could be material to the consolidated financial statements.

The Association follows FASB guidance surrounding employers' accounting for defined benefit pension and other postretirement plans, which requires companies that sponsor single-employer defined benefit plans to recognize the funded status of such plans in their statement of financial position. For pension plans, the funded status is measured as the difference between plan assets at fair value and the projected benefit obligation. Gains and losses and prior service costs that arise during the period, but are not recognized as components of net periodic benefit expense, are recognized as a separate line item or items within changes in net assets without donor restrictions.

Notes to Consolidated Financial Statements

Obligations and Funded Status

	2019	 2018
Cash and cash equivalents Plan assets at fair value	\$ 555,072 51,469,367	\$ 418,980 51,975,963
lotal plan assets at September 30	\$ 52,024,439	\$ 52,394,943
Projected benefit obligation at September 30 Funded status Accrued benefit cost recognized in the consolidated statements of financial position	\$ (59,773,181) (7,748,742) (7,748,742)	\$ (54,728,329) (2,333,386) (2,309,995)
Benefit cost Employer contributions Benefits paid	178,030 1,200,000 2,588,180	1,021,975 1,200,000 2,317,002

The accumulated benefit obligation for the Plan was approximately \$59,693,034 and \$51,606,275 at September 30, 2019 and 2018, respectively.

Assumptions

Weighted average assumptions used to determine benefit obligation at September 30:

	2019	2018
Discount rate	3.35%	4.40%
Rate of compensation increase	2.50%	2.50%

Weighted average assumptions used to determine net periodic benefit cost for years ended September 30:

	2019	2018
Discount rate	4.40%	4.00%
Expected return of plan assets	6.50%	7.00%
Rate of compensation increase	2.50%	2.50%

The Association's expected rate of return on plan assets is determined by the plan assets' historical long-term investment performance, current asset allocation and estimates of future long-term returns by asset class.

Notes to Consolidated Financial Statements

Changes in Plan assets and benefit obligations recognized in changes in net assets without donor restrictions for the years ended September 30, 2019 and 2018 are as follows:

	2019	 2018
Interest cost Service cost Expected return on plan assets Net loss amortization	\$ 2,308,414 444,548 (3,380,835) 805,030	\$ 2,261,463 733,243 (3,477,572) 1,504,241
Total recognized in net periodic pension cost and net assets without donor restrictions (recorded in general and administrative expense)	\$ 1//,15/	\$ 1,021,3/5
Actuarial loss (gain) recognized in net assets not yet included in net periodic pension cost	\$ 6,460,/18	\$ (3,/23,162)

Cash Flows

The Association contributed \$1,200,000 more than the Internal Revenue Service minimum required contribution during each of the plan years ended September 30, 2019 and 2018. At this time, the Association anticipates contributing the IRS minimum required contribution for the 2020 fiscal year. This amount is not currently available, and the Association may provide additional funding for the Plan.

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

Year Ending September 30,	
2020	\$ 2,855,329
2021 2022	2,875,822 2,910,533
2023 2024	2,910,240 2,928,683
2025 and Thereafter	 14,848,160
	\$ 29,328,767

Notes to Consolidated Financial Statements

Plan Assets

The Association's pension plan weighted-average asset allocations at September 30, by asset category are as follows:

	2019	2018
Asset category		
Cash	1%	1%
Bonds		
U.S. Treasury and Agency	8%	9%
Corporate	14%	7%
Mutual Funds		
Equity	30%	40%
Bonds	22%	16%
Real estate	13%	12%
International securities	2%	2%
Common stock	10%	13%
	100%	100%

The Association's investment policy for the Plan assets is to manage the portfolio to preserve principal and liquidity while maximizing the return on the investment portfolio through the full investment of available funds. The portfolio is diversified by investing in multiple types of investment-grade securities. The investment policy requires assets of the Plan to be primarily invested in short-term securities with at least an investment grade rating to minimize interest rate and credit risk, as well as to provide for an immediate source of funds.

The Association attempts to mitigate investment risk by rebalancing between equity and bond asset classes periodically. Although changes in interest rates may affect the fair value of the investment portfolio and cause unrealized gains or losses, such gains or losses would not be realized unless the investments are sold.

Equity Mutual Funds, Balanced Mutual Funds, Bond Mutual Funds, International Common Stock, Debt and Mortgage Backed Securities

These classifications consist of investments in various funds and securities that have differing investment goals that are traded in an active market.

Investments Measured at Net Asset Value (NAV)

This classification is invested in limited partnerships which may include real property located in the United States. The General Partner of each partnership has the authority and discretion to manage and control the affairs of the partnership, including selecting real property to invest in and when to sell owned assets. Investments held by the limited partnerships generally are carried at fair value as determined by the respective general partners and may be based on various pricing models. The fair values of the investments in this category have been determined using the practical expedient methodology and are therefore valued at net asset value. The ability to liquidate these investments in the limited partnerships are restricted in accordance with the provisions of the partnership agreements, which state that invested capital is not returned until the dissolution of the partnerships.

Notes to Consolidated Financial Statements

No changes in the investment valuation techniques occurred during the periods presented.

Notes to Consolidated Financial Statements

Defined Contribution Plan

The Association established a defined contribution 401(k) plan (the 401(k) Plan) during 1997. Employees are eligible to participate upon employment and reaching age 18. The 401(k) Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974. Under provisions of the 401(k) Plan, eligible employees are allowed to contribute up to 100% of their compensation each year, up to the maximum limits established by the Internal Revenue Service. The Association provides for a 100% employer matching contribution to the 401(k) Plan as it relates to certain participants, up to a maximum matching contribution of 6% of participant deferrals. The Association also has the option to make discretionary contributions to the 401(k) Plan. The participants covered under the matching provision are those employees not otherwise eligible for participation in the American Quarter Horse Association Employee Pension Plan (those employees hired subsequent to November 1, 2003).

For the years ended September 30, 2019 and 2018, the Association contributed approximately \$326,000 and \$337,000, respectively, to the American Quarter Horse Association 401(k) Plan.

Note 9. Net Assets

Notes to Consolidated Financial Statements

Note 10. Endowment

Endowment

The AQHF endowment consists of several different individual funds established for a variety of purposes. AQHF's Board of Trustees does not have the ability to distribute any amount of the donor's initial permanently restricted contribution. In accordance with the Uniform Prudent Management of Institutional Funds Act (UPMIFA), AQHF considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1. The duration and preservation of the fund
- 2. The purposes of the organization and the donor-restricted endowment fund
- 3. General economic conditions
- 4. The possible effect of inflation and deflation
- 5. The expected total return from income and the appreciation of investments
- 6. Other resources of the organization
- 7. The investment policies of the organization

Endowment Investment and Spending Policies

AQHF has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment. AQHF's investment and spending policies work together to achieve this objective. The AQHF investment policy establishes an achievable return objective through diversification of asset classes. The current long-term return objective is to compare to a similarly weighted benchmark representing the returns of the S&P 500 Index and the Intermediate Government/Corporate Index.

AQHF targets a diversified asset allocation that places a greater emphasis on asset preservation while striving to achieve its long-term return objectives within prudent risk parameters.

The AQHF spending policy calculates the amount of money annually distributed from the earnings of the AQHF's various endowed funds. The current spending policy is to distribute an amount up to 5% of the trailing thirty-six-month average principal balance, limited to available undistributed earnings.

Notes to Consolidated Financial Statements

The changes in endowment net assets for the fiscal years ended September 30 are summarized below:

		Assets t Donor	Net Assets with Donor Restrictio				
	Restri	ctions		Purpose		Perpetuity	
Endowment net assets at September 30, 2017 Contributions	\$	-	\$	2,597,832	\$	26,291,058 252,898	
Investment return on endowment assets		-		1,318,828		-	
Net assets appropriated for expenditure Net assets restricted due to donor requirements		-		(1,261,487) (7,967)		- 7,967	
Endowment net assets at September 30, 2018 Contributions		-		2,647,206		26,551,923 165,136	
Investment return on endowment assets		-		692,013		100,100	
Net assets appropriated for expenditure Net assets restricted due to donor requirements		-		(1,292,977) (3,390)		- 15,408	
Endowment net assets at September 30, 2019	\$	-	\$	2,042,852	\$	26,732,467	

All endowment net assets consist of donor-restricted endowment funds.

Note 11. Commitments and Contingencies

The Association is party to certain legal proceedings and other matters arising from time to time in the normal course of business. Management believes that such legal procedures will not have a material adverse effect on the Association's financial position or activities.

Note 12. Notes Payable

The Association's notes payable consist of the following at September 30:

	2	019	2018
\$1,375,000 loan with Amarillo National Bank; monthly - \$85,571 payments of \$24,683, interest at 2.85%; maturing May 1, 2019; unsecured.	\$		\$ 195,563

Interest expense was \$1,907 and \$10,769 for the years ended September, 30 2019 and 2018, respectively.

Notes to Consolidated Financial Statements

Note 13. Liquidity and Availability of Financial Assets

The following reflects the Association and subsidiaries' financial assets as the consolidated statement of financial position date, including amounts not available within one year of the consolidated statement of financial position date. Amounts not available include donor-imposed restrictions and board designated restrictions. As part of managing its financial assets, the Association ensures sufficient resources are available when obligations are due.

Cash and cash equivalents Investments Accounts and contributions receivable	\$ 2,685,592 60,894,552 2,282,001
Total financial assets, year end	65,862,145
Less donor-imposed and board restrictions Board designated Investments held for Racing Challenge Endowment held in perpetuity Time and purpose restrictions	8,741,648 2,648,251 26,732,467 4,720,715
Total financial assets not available to be used within one year	42,843,081
Total financial assets available to meet general expenditures within one year	\$ 23,019,064

Financial assets not available to be used within one year include \$8,741,648 that has been set aside and designated by the Board of Trustees of AQHF. The designations can be rescinded through board action to meet the operational needs of AQHF. Investments held for Racing Challenge are designated for future payments of obligations in the Racing Challenge program.

Note 14. Subsequent Events

Management has evaluated the impact of all subsequent events of the Association through April 22, 2020, the date the consolidated financial statements were available to be issued.

COVID-19

The extent of the operational and financial impact the COVID-19 pandemic may have on the Association has yet to be determined and is dependent on its duration and spread, any related operational restrictions and the overall economy. Currently, AQHA has cancelled or rescheduled World Shows and World Show qualifying events through May 2020, however there has not been a reduction or modification on the workflow for member services. AQHA is unable to accurately predict how COVID-19 will affect the results of its operations because the virus's severity and the duration of the pandemic are uncertain. However, while it is premature to accurately predict its full impact, the Association anticipates operating results through the month April 2020, to be significantly impacted with potential continuing, adverse impacts beyond April 2020.

Notes to Consolidated Financial Statements

On April 13, 2020, the Association secured three separate loans through the Small Business Administration's Paycheck Protection Program (PPP) in the amount of \$3,156,100 for AQHA, \$194,000 for ARC, and \$102,000 for AQHF. Under this program, and if the Association complies, up to the full principal amount of the loans and any accrued interest may be forgiven. To the extent that principal and interest are not forgiven, the loans bear interest at 1% to be repaid in 18 monthly payments beginning in November 2020.

Employee Benefit Plans

On October 24, 2019 the Association froze the Plan. Additionally, the Association modified the 401(k) Plan's contribution policy to reflect safe-harbor contributions for all participating employees.
