

**This application for Embryo permits can only be submitted by the
owner of the donor mare as per Association records**

All mares involved in collection and freezing of embryos must have DNA on file with the Association prior to collection.

This form is for members who have collected, and frozen embryos from a mare that they own at the time of collection and will be selling these Frozen Embryos or selling the donor mare at some stage.

Prior to sale of the donor mare or sale of Frozen Embryos, a permit must be applied for.

Once ownership of the mare has been transferred, the former owner of the mare cannot apply for additional permits.

The owner of donor mare, at the time of breeding, will be noted as the breeder on the registration of resulting foal.

Each permit can be used for the registration of one foal only. These Permits are transferrable.
