

Adam Salt (Rider)

My name is Adam Salt, I am 17 years old and I come from Teesdale Victoria. I have been riding horses since a young age and I have been competing since the age of ten.

I have always loved animals and tend to have a passion for riding. I am currently at Kardinia International College in year 11 and my hobbies at the moment are just riding as I have no time to do anything else due to homework and riding.

Being part of the Australian Youth World Cup team means a great deal to me, and what makes it even more special is that it is in America and it is my second Youth World Cup. Ever since I started showing quarter horses it has always been a dream of mine to go compete at the youth world cup in America and I have achieved just that. I am still pinching myself.

I would like to gain from this amazing experience, more knowledge of the sport I love and bring it back home to Australia to eventually share that information with youth and any other rider willing to learn about these events from the beginner stage to the more advanced.
