

Michaela Wastell (Leadership)

Hi my name is Michaela Wastell.

I live with my parents on a sheep, cattle and grain property called Hillriver Station in the Clare Valley S.A. I hold a current casual job at Woolworths in night fill. Outside of showing and preparing for horse shows, I usually enjoy helping my father on the property. I also casually work for shearing contractors and my father on school holidays during shearing.

It has been a goal of mine from the first year I started showing Quarter Horses. To represent my country (Australia) in a sport I love and am passionate about with a team of like-minded Youth riders all working together to achieve the same goal. To show case the Quarter Horse and our Discipline to the world in the Youth World Cup

I look forward to learning new techniques, make new friendships, build my knowledge and further develop my skills both in riding and handling of horses. There is no words to explain the enormous pride I feel to be selected on the YWC Team. To have the next generation of Youth riders admire and look up to our team as I do of the YWC teams before me.

Most of all I will enjoy the experience, have fun and build lifelong friendships from all over the world.

Let's bring home the gold
