

Hanlons Engineering Surveyor

It's time to do what you love.

This role represents a great opportunity for an experienced Qualified Engineer Surveyor to escape the bustling city and continue their career in a well established regional surveying and engineering firm in Tamworth NSW.

- **Permanent role based in Tamworth NSW at a leading surveying and engineering firm**
- **Supportive team culture and flexible work options for the right applicant**
- **Relocation Package available**

Located halfway between Brisbane and Sydney, the New England region of NSW boasts the best of urban bustle and rural quiet. It offers that true sense of community, natural beauty, and enviable lifestyle only rural/regional living can offer. At Hanlons, we strive to make regional communities a better place to live. That's our vision. This is your chance to be a part of it.

About the role

Due to an increase in project activity and continued growth, Hanlons are seeking a motivated Engineering Surveyor. As a result, this company has an urgent requirement for an experienced Engineering Surveyor to oversee day-to-day operations on a full time basis on new and ongoing developments.

Working in a team of experienced engineers, surveyors and project managers, the Full Time Permanent role will provide an opportunity to further your career in a multidisciplinary firm.

Reporting to the Senior Surveyor, you will be engaged on a number of projects across regional Australia with a majority focus on Railway.

Salary for this position will be dependent on the level of study, experience and will be negotiated per applicant. This is an ideal role for a Qualified Engineer with 5+ years experience.

Attractive benefits include:

Hanlons is a multidisciplinary engineering and surveying firm enabling future employees to upskill and expand their knowledge in areas of interest. Being a regionally based company we understand the country life and the flexibility of regional living.

About You

To be considered for this highly sought after position you will possess:

- Associate Degree or Diploma in Surveying, Engineering or equivalent
- Position is based in Tamworth with remote site visits required

- Ability to obtain or already have completed a "Work safely in the construction industry certificate (white card)
- Interest to gain experience in new sectors
- Proven oral and written communication skills;
- Current National Police Clearance and C-Class Driver's License.
- Obtain and maintain a First Aid Certificate
- Proficient with computer systems and digital platforms including Microsoft Office Suite – essential.

About us

Located in Tamworth, the New England region of NSW, we are within comfortable travelling distance of Newcastle, North Coast, Sydney and Brisbane. With four distinct and stunning seasons combined with affordable living, it's an enviable lifestyle location. Our Relocation Packages include Personalised Local Manuals and Orientation visits.
