**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2010**

**NOTE 1: CORPORATE INFORMATION**

The financial statements cover Smallco Investment Fund as an individual entity. The Fund was constituted on 31 October 2000.

Smallco Investment Fund is an Australian registered managed investment scheme under the Corporations Act 2001.

The Fund will be terminated on the 80th anniversary of the day before the Fund commenced.

The responsible entity of Smallco Investment Fund is Smallco Investment Manager Limited. The registered office is Suite 1805, Level 18, 109 Pitt Street, Sydney NSW 2000.

The financial statements of Smallco Investment Fund for the year ended 30 June 2010 were authorised for issue with a resolution of the directors of the Responsible Entity on 22 September 2010.

The financial statements are presented in Australian currency.

**NOTE 2: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES**

The following is a summary of the material accounting policies adopted by the Fund in the preparation of the financial statements. The accounting policies have been consistently applied, unless otherwise stated.

**(a) Basis of Preparation**

The financial statements are general purpose financial statements that have been prepared in accordance with the Fund's Constitution, Australian Accounting Standards and other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001.

The financial statements have been prepared on the basis of fair value measurement of assets and liabilities except where otherwise stated.

The Statement of Financial Position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current. Additional information regarding this are included in the relevant notes.

*Compliance with International Financial Reporting Standards (IFRS)*

The financial statements comply with Australian Accounting Standards, as issued by the Australian Accounting Standards Board, and IFRS, as issued by the International Accounting Standards Board.

*Financial Statement Presentation*

The Fund has applied the revised AASB 101 Presentation of Financial Statements which became effective on 1 January 2009. The revised standard requires the separate presentation of the Statement of Comprehensive Income and a Statement of Changes in Equity. All non-owner changes in equity must now be presented in the Statement of Comprehensive Income. As a consequence, where necessary the Fund had to change the presentation of its financial statements. Comparative information has also been re-presented where necessary so that it is also in conformity with the revised standard.

*Financial Instruments Disclosure*

The Fund has applied the amendment to AASB 7 *Improving Disclosures about Financial Instruments* which became effective from 1 January 2009. The amendment expands the disclosures required in respect of fair value measurements and liquidity risk. The Fund has elected not to provide comparative information for these expanded disclosures in current year.

*Operating Segments Disclosure*

AASB 8 *Operating Segments*, removed the disclosure requirements of AASB 114 *Segment Reporting*. AASB 8 only requires entities whose debt or equity instruments are traded in a public market to disclose segment information based on segments as monitored by management in allocating resources and assessing their performance rather than on a business/geographical basis and is applicable for annual financial reporting periods beginning on or after 1 January 2009. The Fund, as a result, is therefore no longer required to disclose segment information in the financial report. This change has not affected any of the amounts recognised in the financial statements.

**(b) Statement of Compliance**

The financial report complies with Australian Accounting Standards, which include Australian equivalents to International Financial Reporting Standards ('AIFRS'). Compliance with AIFRS ensures that the financial report, comprising the financial statements and notes thereto, complies with International Financial Reporting Standards ('IFRS').

**SMALLCO INVESTMENT FUND**  
**ARSN 103 148 107**

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2010**

**NOTE 2: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(c) Income Tax**

Under current legislation, the Fund is not subject to income tax provided the taxable income of the Fund is fully distributed either by way of cash or reinvestment (i.e. unitholders are presently entitled to the income of the Fund).

Financial instruments may include unrealised capital gains. Should such a gain be realised, that portion of the gain that is subject to capital gains tax will be distributed so that the Fund is not subject to capital gains tax.

Realised capital losses are not distributed to unitholders but are retained in the Fund to be offset against any realised capital gains. If realised capital gains exceed realised capital losses, the excess is distributed to unitholders.

The benefits of imputation credits and foreign tax paid are passed on to unitholders.

The Fund currently incurs withholding tax imposed by certain countries on investment income. Such income is recorded net of withholding tax in the Statement of Comprehensive Income.

**(d) Financial Instruments**

*(i) Classification*

The Fund's investments are classified as at fair value through profit or loss, being financial instruments designated at fair value through profit or loss upon initial recognition.

These include financial assets that are not held for trading purposes and which may be sold. These are investments in equity instruments.

Financial assets and financial liabilities designated at fair value through profit or loss upon initial recognition are those that are managed and their performance evaluated on a fair value basis in accordance with the Fund's documented investment strategy. The Fund's policy is for the responsible entity to evaluate the information about these financial assets on a fair value basis together with other related financial information.

The Fund makes short sales in which a borrowed security is sold in anticipation of a decline in the market value of that security. Short sales are classified as financial liabilities at fair value through profit or loss.

*(ii) Recognition/Derecognition*

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in fair value of the financial assets or financial liabilities from this date.

Investments are derecognised when the right to receive cashflows from the investments have expired or the Fund has transferred substantially all risks and rewards of ownership.

*(iii) Measurement*

*Financial Assets and Liabilities Held at Fair Value through Profit or Loss*

Financial assets and liabilities held at fair value through profit or loss are measured initially at fair value excluding any transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs on financial assets and financial liabilities at fair value through profit or loss are expensed immediately. Subsequent to initial recognition, all instruments held at fair value through profit or loss are measured at fair value with changes in their fair value recognised in the Statement of Comprehensive Income.

The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at the Statement of Financial Position date without any deduction for estimated future selling costs. Financial assets are priced at current bid prices, while financial liabilities are priced at current asking prices.

*(iv) Offsetting Financial Instruments*

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

**(e) Net Assets Attributable to Unitholders**

Units are redeemable at the unitholders' option and are therefore classified as financial liabilities. The units can be put back to the Fund at any time for cash equal to a proportionate share of the Fund's net asset value. The fair value of redeemable units is measured at the redemption amount that is payable (based on the redemption unit price) at the Statement of Financial Position date if unitholders exercised their right to put the units back to the Fund.

ARSN 103 148 107**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2010**

**NOTE 2: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(f) Revenue**

Investment income is recognised and measured at fair value of the consideration received or receivable to the extent it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured. The following specific recognition criteria must also be met before income is recognised:

*Dividends and Distributions*

Revenue is recognised when the right to receive the payment is established. Dividends declared on securities sold short are recorded as a dividend expense on the ex-dividend date.

Trust distributions are recognised on an entitlements basis.

*Interest Income*

Investment income is recognised as the interest accrues (using effective interest rate method, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument) to the net carrying amount of the financial asset.

*Changes in the Fair Value of Investments*

Net gains or losses on investments as at fair value through profit or loss are calculated as the difference between the fair value at sale, or at year end, and the fair value at the previous valuation point. This includes both realised and unrealised gains and losses, but does not include interest or dividend revenue.

**(g) Expenses**

All expenses, including Responsible Entity's fees and custodian fees are recognised in the Statement of Comprehensive Income on an accruals basis.

**(h) Cash and Cash Equivalents**

For Statement of Cash Flows presentation purposes, cash and cash equivalents includes cash on hand and deposits held at call with financial institutions.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from operating activities, as movement in the fair value of these securities represent the Fund's main income generating activity.

**(i) Increase/Decrease in Net Assets Attributable to Unitholders**

Income not distributed is included in net assets attributable to unitholders. Movements in net assets attributable to unitholders are recognised in the Statement of Comprehensive Income as finance costs.

**(j) Distributions**

In accordance with the Fund Constitution, the Fund fully distributes its distributable income to unitholders by cash or reinvestment. Distributable income is determined by reference to the taxable income of the Fund. The distributions are payable at the end of June each year.

**(k) Trade and Other Receivables**

Receivables include amounts for dividends, interest and securities sold where settlement has not yet occurred. Dividends are accrued when the right to receive payment is established. Interest is accrued at the reporting date from the time of last payment. Amounts are generally received within 30 days of being recorded as receivables.

**(l) Due from/to Brokers**

Amounts due from/to brokers represent payables from securities purchased and receivables for securities sold that have been contracted but not yet delivered at year end. Trades are recorded on trade date, and normally settled within three business days.

**(m) Trade and Other Payables**

These amounts represent liabilities for amounts owing by the Fund at year end which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

The distribution amount payable to unitholders as at the reporting date is recognised separately on the Statement of Financial Position when unitholders are presently entitled to the distributable income under the Fund's Constitution.

**NOTES TO THE FINANCIAL STATEMENTS**  
**ARSN 103 148 107**

**NOTE 2: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(n) Goods and Services Tax (GST)**

The Fund qualifies for Reduced Input Tax Credits (RITCs) at a rate of 75% on investment management fees, custodial fees and other expenses. Accounts payable are inclusive of GST. The net amount of GST recoverable from the Australian Taxation Office (ATO) is included in receivables in the Statement of Financial Position. In the Statement of Comprehensive Income, expenses have been reported net of GST recoverable from the ATO. Cash flows relating to GST are included in the Statement of Cash Flows on a gross basis.

**(o) Impairment of Assets**

At each reporting date, the Responsible Entity reviews the carrying value of its assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the assets carrying value less costs to sell and value in use is compared to the asset's carrying value once its recoverable amount is expensed to the Statement of Comprehensive Income.

**(p) Applications and Redemptions**

Applications received for units in the Fund are recorded gross of any entry fees payable prior to the issue of units in the Fund. Unit redemption prices are determined by reference to the net assets of the Fund divided by the number of units on issue.

A 0.45% spread has been applied to both applications and redemptions.

**(q) New Accounting Standards and Interpretations**

Certain new accounting standards and interpretations have been published that are not mandatory for 30 June 2010 reporting periods. The Directors' assessment of the impact of these new standards (to the extent relevant to the Fund) and interpretations is set out below:

(i) AASB 9 *Financial Instruments* and AASB 2009-11 *Amendments to Australian Accounting Standards arising from AASB 9* (effective 1 January 2013)

AASB 9 Financial Instruments addresses the classification and measurement of financial assets. The standard is not applicable until 1 January 2013 but is available for early adoption. AASB 9 only permits the recognition of fair value gains and losses in other comprehensive income if they relate to equity investments that are not traded. Fair value gains and losses on available-for-sale debt investment, for example, will therefore have to be recognised directly in profit or loss. The Fund has not yet decided when to adopt AASB 9. However, management does not expect this will have a significant impact on the Fund's financial statements as the Fund does not hold any available-for-sale investments.

(ii) AASB 2009-5 *Further Amendments to Australian Accounting Standard arising from the Annual Improvements Project [AASB 5, 8, 101, 107, 117, 118, 136 and 139]*

In May 2009 the AASB issued a number of improvements to AASB 5 *Non-current Assets Held for Sale and Discontinued Operations*, AASB 8 *Operating Segments*, AASB 101 *Presentation of Financial Statements*, AASB 101 *Statement of Cash Flows*, AASB 117 *Leases*, AASB 118 *Revenue*, AASB 136 *Impairment of Assets* and AASB 139 *Financial Instruments, Recognition and Measurement*. The Fund will apply the revised Standards from 1 July 2010. The Fund does not expect that any adjustments will be necessary as a result of applying the revised rules.

(iii) Revised AASB 124 *Related Party Disclosures* and AASB 2009-12 *Amendments to Australian Accounting Standards* (effective 1 January 2011)

In December 2009 the AASB issued a revised AASB 124 *Related Party Disclosures*. It is effective for accounting periods beginning on or after 1 January 2011 and must be applied retrospectively. The amendment removes the requirement for government-related entities to disclose details of all transactions with the government and other government-related entities and clarifies and simplifies the definition of a related party. The Fund will apply the amended standard from 1 July 2011. When the amendments are applied, the Fund would need to disclose any transactions between its subsidiaries and its associates. However, as the Fund does not have any subsidiaries and associates, the amendment will not have any effect on the Fund's financial statements.

As stipulated within the Fund constitution, each unit represents a right to an individual share in the Fund, and does not extend to a right to the underlying assets of the Fund.

**Capital Risk Management**

The Fund manages its net assets attributable to unitholders as capital, notwithstanding net assets attributable to unitholders are classified as a liability. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Fund is subject to daily applications and redemptions at the discretion of unitholders.

The Fund monitors the level of daily applications and redemptions relative to the cash levels of the fund to manage this risk and aims to ensure there is adequate liquidity to meet the needs of unitholders.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2010**

**NOTE 12: FINANCIAL RISK MANAGEMENT**

The Fund's activities expose it to a variety of financial risks: market risk (including price risk and interest rate risk), credit risk and liquidity risk.

The Fund's overall risk management program focuses on ensuring compliance with the Fund's Product Disclosure Statement and seeks to maximise the returns derived for the level of risk to which the Fund is exposed. Financial risk management is carried out by the investment manager under policies approved by the Board of Directors of the Responsible Entity.

The Fund uses sensitivity analysis to measure its exposure to price risk and interest rate risk.

**(a) Market Risk**

*(i) Price Risk*

The Fund is exposed to equity securities price risk. This arises from investments held by the Fund for which prices in the future are uncertain. All securities investments present a risk of loss of capital. Except for equities sold short, the maximum risk resulting from financial instruments is determined by the fair value of the financial instruments. Possible losses from equities sold short can be unlimited.

The Responsible Entity mitigates this price risk through diversification and a careful selection of securities and other financial instruments within specified limits set by the Board of the Responsible Entity. All of the net assets attributable to unitholders are invested in Australian equity securities. Up to 100% of the Fund's equity investments are publicly traded and are listed on the Australian Stock Exchange. Compliance with the Fund's Product Disclosure Statement is reported to the Board of the Responsible Entity on a quarterly basis.

The Fund's investment sector allocation as at 30 June is as below:

	<b>2010</b>	<b>2009</b>
	<b>%</b>	<b>%</b>
Consumer discretionary	31.52	20.30
Financials	22.29	26.65
Industrials	14.23	10.76
Healthcare	6.96	9.52
Information technology	25.00	32.77
	<u>100.00</u>	<u>100.00</u>

The table on page 17 summarises the impact of an increase/decrease of the Small Industrials Index on the Fund's net assets attributable to unitholders at 30 June 2010. The analysis is based on the assumptions that the Index increased/decreased by 15% (2009: 15%) with all other variables held constant and that the fair value of the Fund's portfolio of equity securities moved in correlation with the Index. The impact arises from the reasonably possible change in the fair value of listed equities.

*(ii) Foreign Exchange Risk*

The Fund is not directly exposed to currency risk as all its investments are quoted in Australian dollars.

**NOTE 12: FINANCIAL RISK MANAGEMENT (Continued)**

*(iii) Interest Rate Risk*

The Fund's interest bearing financial assets expose it to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows. The risk is measured using sensitivity analysis below.

The Fund's PDS allows it to hold up to 50% of the net assets attributable to unitholders in a floating interest rate bearing bank overdraft. Compliance with the Fund's PDS is reported to the Board of the Responsible Entity on a quarterly basis.

The table below summarises the Fund's exposure to interest rates risks. It includes the Fund's assets and liabilities at fair values, categorised by the earlier of contractual repricing or maturity dates.

An analysis of financial liabilities by maturities is provided in paragraph (d) below.

The table below summarises the impact of an increase/decrease of interest rates on the Fund's operating profit and net assets attributable to unitholders through changes in fair value or changes in future cash flows. The analysis is based on the assumption that interest rates changed by +/- 75 basis points (2009: +/- 75 basis points) from the year end rates with all other variables held constant. The impact mainly arises from changes in the floating interest rate on cash.

**(b) Summarised Sensitivity Analysis**

The following table summarises the sensitivity of the Fund's operating profit and net assets attributable to unitholders to interest rate risk and price risk. The reasonably possible movements in the risk variables have been determined based on management's best estimate, having regard to a number of factors, including historical levels of changes in interest rates, historical correlation of the Fund's investments with the relevant benchmark and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market shocks resulting from changes in the performance of the securities in which the Fund invests. As a result, historic variations in risk variables are not a definitive indicator of future variations in the risk variables.

	<b>Price Risk</b>		<b>Interest Rate Risk</b>

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2010**

**NOTE 12: FINANCIAL RISK MANAGEMENT (Continued)**

**(c) Credit Risk**

Credit risk arises from cash and cash equivalents and amounts due from brokers. None of these assets are impaired nor past due but not impaired.

The carrying amounts of financial assets best represent the maximum credit risk exposure at the reporting date.

The exposure to credit risk for cash and cash equivalents is low as all counterparties have a rating of AA over the long term (as determined by ANZ Custodian Services) or higher. There were no other significant concentrations of credit risk to counterparties at 30 June 2010 or 30 June 2009, as there were no debt investments in debt securities and derivative financial instruments.

**(d) Liquidity Risk**

The Fund is exposed to daily cash redemptions of redeemable units. It therefore primarily holds investments that are traded in an active market and can be readily disposed. Only a limited proportion of its assets are held in investments not actively traded on a stock exchange or in cash.

The risk management guidelines adopted are designed to minimise liquidity and cash flow risk through:

- ensuring that there is no significant exposure to illiquid or thinly traded financial instruments, and
- applying limits to ensure there is no concentration of liquidity risk to a particular counterparty or market.

The Responsible Entity monitors the Fund's cash flow requirements daily in relation to the trading account taking into account upcoming distributions and trading activity.

The Fund's listed securities are considered readily realisable as they are listed on the Australian Stock Exchange.

The table below analyses the Fund's non-derivative financial liabilities into relevant maturity groupings based on the remaining period to the earliest possible contractual maturity date at the year end date. The amounts in the table are contractual discounted cash flows. The Fund does not hold derivatives.

**(e) Fair Value Estimation**

The carrying amounts of the Funds assets and liabilities at the reporting date represent their fair values.

Details of how the fair value of financial instruments is determined are disclosed in Note 2 (d).

**(f) Fair Value Hierarchy**

The Fund has adopted the amendments to AASB 7, effective 1 July 2009. This requires the Fund to classify fair value measurements using a fair value hierarchy that reflects the subjectivity of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).

Level 3 - Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgement by the responsible entity. The responsible entity considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The table below sets out the Fund's financial assets and liabilities (by class) measured at fair value according to the fair value hierarchy at 30 June 2010. Comparative information has not been provided as permitted by the transitional provisions of the new rules.

	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>TOTAL</b>
	<b>\$'000</b>	<b>\$'000</b>	<b>\$'000</b>	<b>\$'000</b>
<b>Financial Assets</b>				
Financial assets designated at fair value through profit or loss:				
Equity securities	68,096,661	-	-	-
<b>Total</b>	<u>68,096,661</u>	<u>-</u>	<u>-</u>	<u>-</u>
<b>Financial Liabilities</b>				
Financial liabilities designated at fair value through profit or loss:				
Equity securities sold short	8,581,918	-	-	-
<b>Total</b>	<u>8,581,918</u>	<u>-</u>	<u>-</u>	<u>-</u>

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equities, certain unlisted unit trusts and exchange traded derivatives.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. The Fund has no investments that are classified within level 2.

Investments classified within level 3 have significant unobservable inputs, as they are infrequently traded. The Fund has no investments that are classified within level 3.

**INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF  
SMALLCO INVESTMENT FUND**

**Report on the financial report**

We have audited the accompanying financial report of Smallco Investment Fund (the Fund), which comprises the statement of financial position as at 30 June 2010, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, a summary of significant accounting policies, other explanatory notes and the directors' declaration for Smallco Investment Fund.

*Directors' responsibility for the financial report*

The directors of Smallco Investment Manager Limited (the Responsible Entity) are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes designing, implementing, and maintaining internal controls relevant to the preparation and fair presentation of the financial report that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances. In Note 1, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements of Smallco Investment Fund comply with International Financial Reporting Standards.

*Auditor's responsibility*

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors of the Responsible Entity, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Total Financial Solutions*

**INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF  
SMALLCO INVESTMENT FUND**

*Independence*

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001. We confirm that the independence declaration required by the Corporations Act 2001, provided to the Directors on 22 September 2010, would be in the same terms if provided to the Directors as at the date of this auditor's report.

*Audit's opinion on the financial report*

In our opinion:

- a. the financial report of Smallco Investment Fund is in accordance with the Corporations Act 2001, including:
  - (i) giving a true and fair view of the Fund's financial position as at 30 June 2010 and of its performance for the year ended on that date; and
  - (ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001.
- b. The financial report also complies with International Financial Reporting Standards as disclosed in Note 1.
