

A CLEANER, BRIGHTER POOL

Zeolite for the BEST filtration!

- > Removal of ammonia and dissolved nutrients
- > Removal of odours and bad tastes
- > Lighter/more efficient backwash (save power and water)
- > High quality, fine filtration
- > Decreased staining (a cleaner pool)
- > Safe, natural and easy to use
- > Used product can be utilised as a valuable garden fertiliser
- > Based on the only filtration product on the market that combines nutrient and taste removal (superior performance), hardness (long-life), consistency (reliability), high quality filtration and purity (value for money)
