

# FAQS

## **I am a teacher, what is my role in Kudos?**

We know and appreciate teachers work and time, so our aim is to limit any extra workload for teachers, yet help you reap the benefits! Teachers will allocate their classrooms a short amount of time during the day/week for students to create their posts. They are able to oversee and monitor the students posts through the teachers portal on the app.

## **How safe and secure is Kudos for the students?**

Online safety is one of Kudos Kids & Co's core values. This application was designed as an introduction for children to share safely online. We have taken every measure to ensure the students privacy is maintained.

## **Our students share devices, can we still download the app for each student?**

Yes! We have made it super simple for students to login and out of the app so they are able to share devices, after all sharing is caring!

## **When do the students post content?**

Students will post photos and videos from the classroom/school so family members can celebrate their child's learning in real time!

# FAQS

## **How much does Kudos cost?**

The Kudos app is completely free for families & students. The service has a per student cost which is covered by the school.

## **What is your refund policy?**

We do not offer a refund but you can unsubscribe at any time & continue using the service until the subscription period is over.

## **How many family members can join a child's account?**

6 family members can join 1 students account. Only the administration family member will determine who can access their learners account, for safety and privacy reasons.

## **Can I repost photos of my child**

You can re post photos of your child and your child's work on social media outlets as long as no other children are photographed.
