Master the Art of Conversation: Gamify
your Learning with Convogpt

LEARNING INTERPERSONAL SKILL IS HARD

- Learning interpersonal skills can be difficult and expensive.
- Traditional methods, can be inaccessible or inflexible.
- Most of training programs aren't taylor-made for everyone.

CONVOGPT

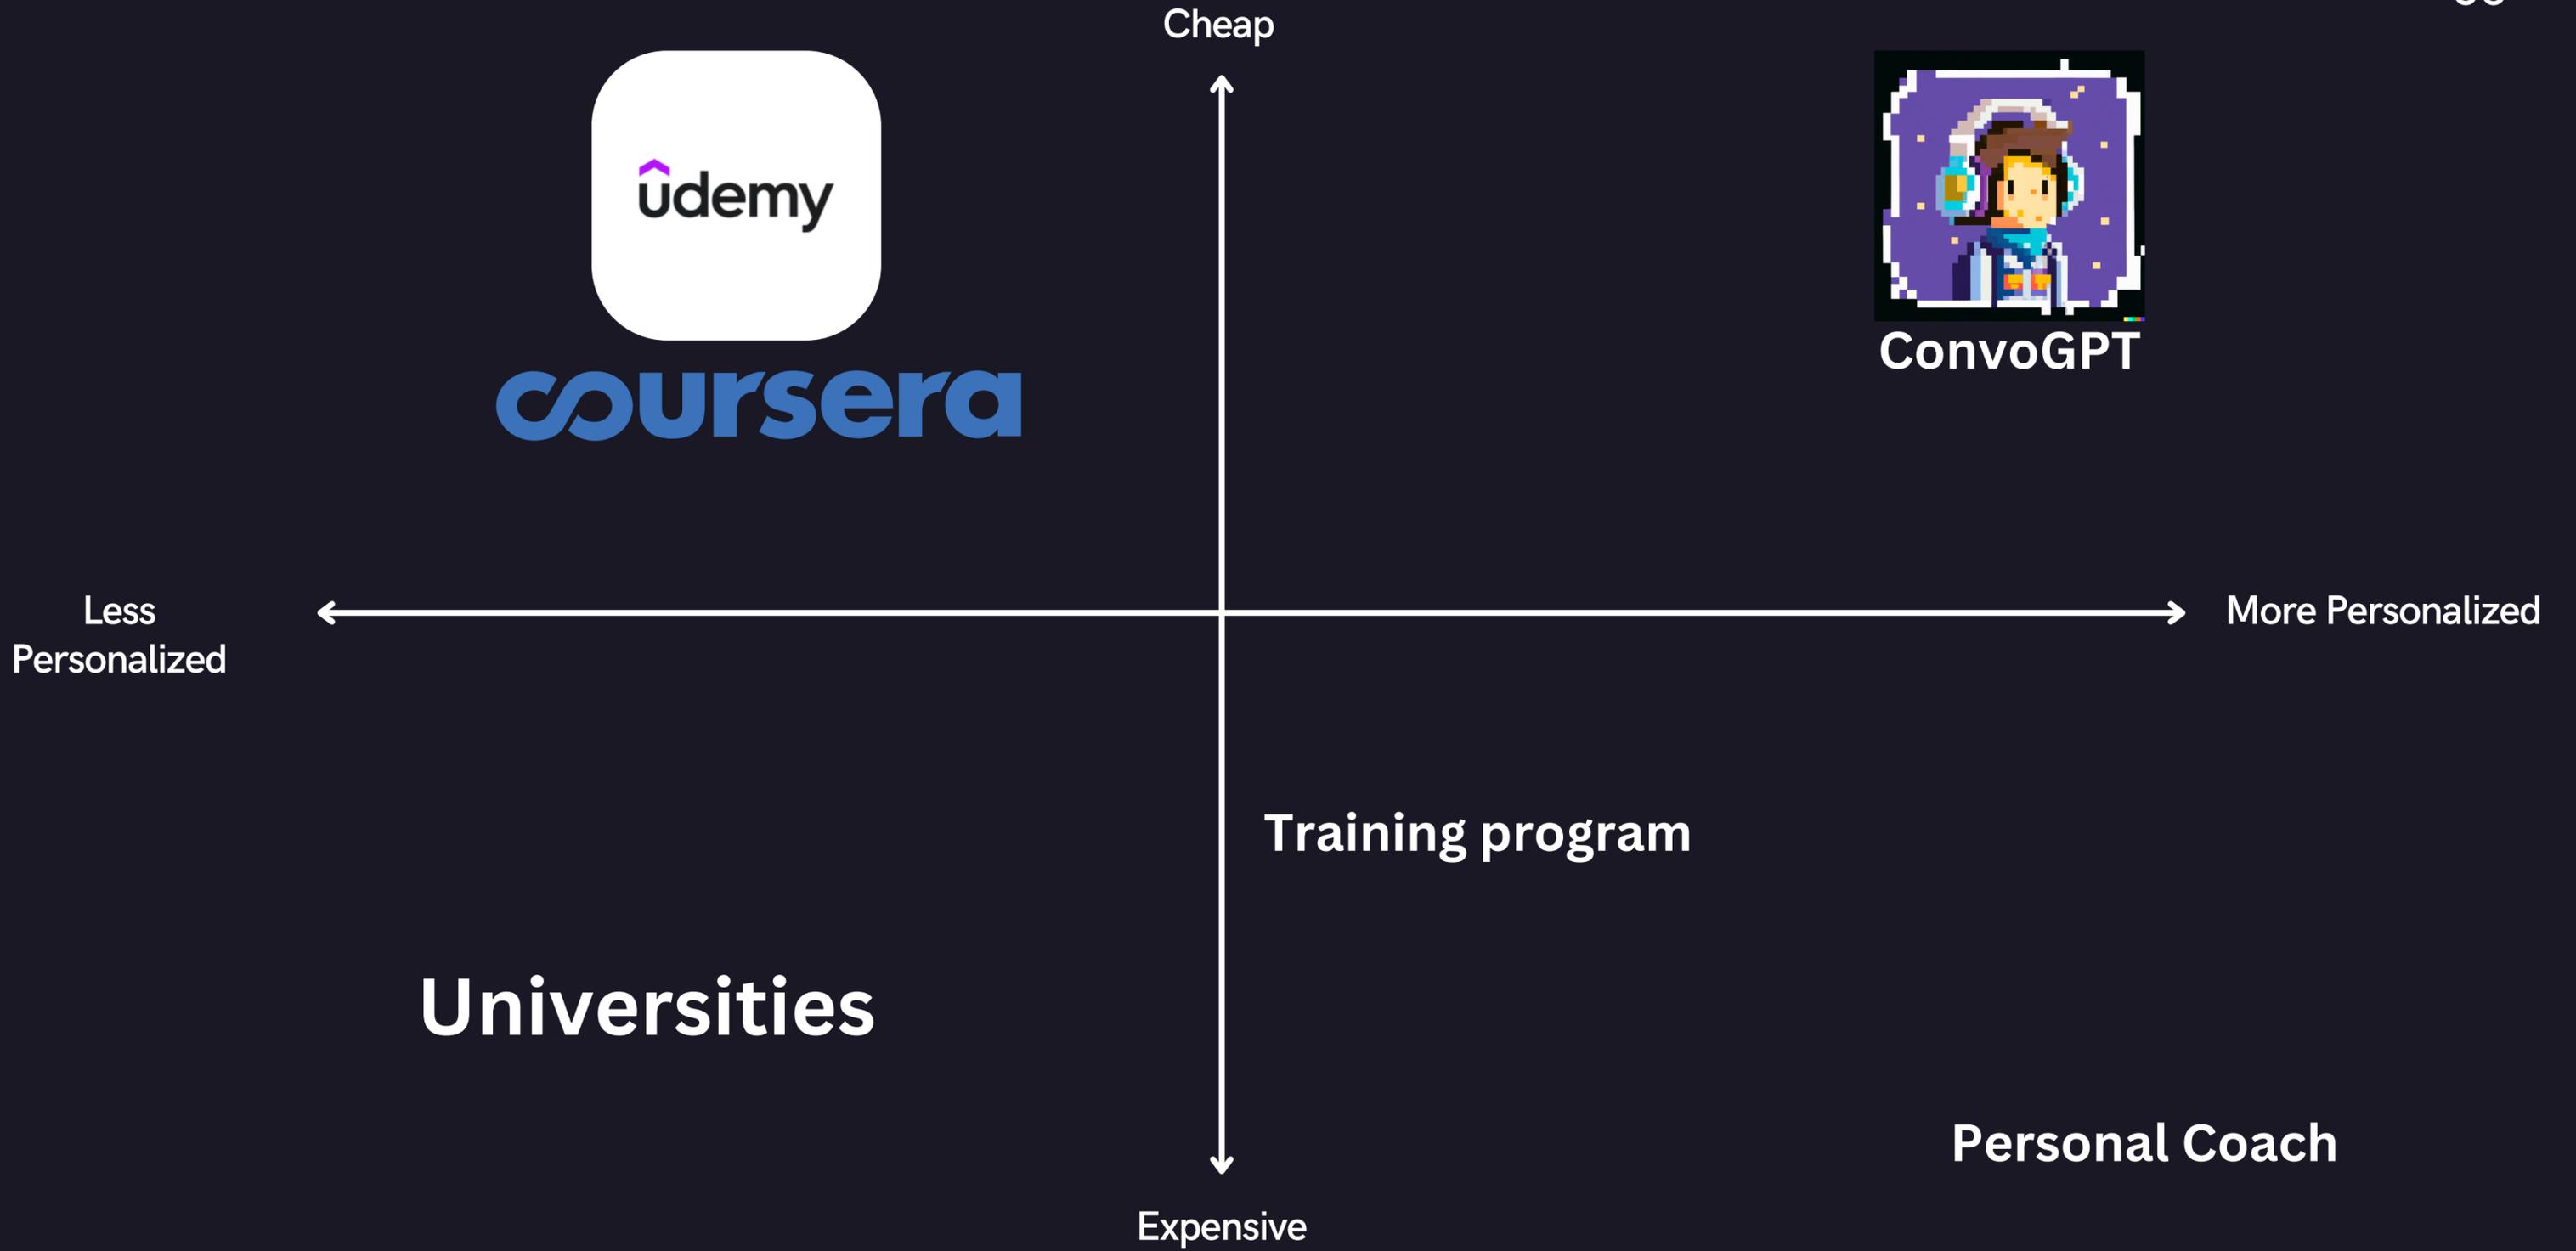

Convogpt is a gamified learning experience powered by GPT-3 and DALL-E 2.

It offers personalized scenarios for users to practice interpersonal skills such as negotiation and project management, making learning fun and accessible.
