A Movel Idea (Anode)

Open Al Hackathon

Background

Ever found a story so good that you immediately become a fan? But, Alas! the story is just a few minutes long.

Ever read a novel, and wondered if you would ever be able to write such mesmerizing stories?

Fret hot! We've got you covered

Introducing

A tool that writes a complete Novel for you.

Background

From the Sequel of the stories, that your mom used to tell you when you were a child,

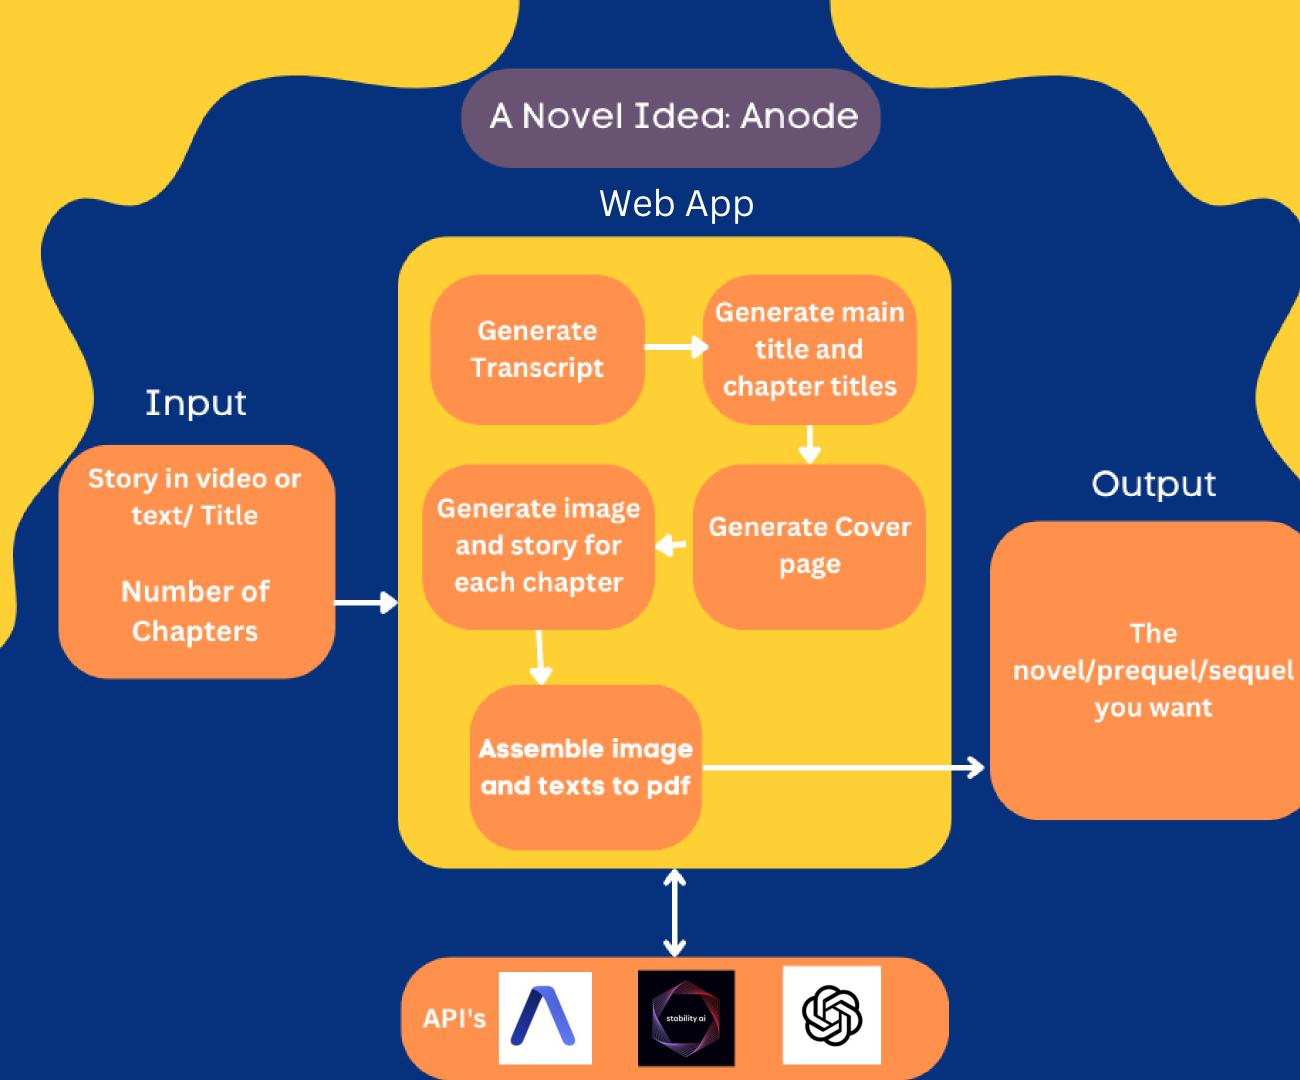

To the story of your favourite character from the game you recently played.

Norklow

Output

The

you want

Osers

WRITERS

To get assistance in completing their masterpiece.

To generate bedtime stories to read to their children.

ANYONE!

Anyone who just can't get enough of their favourite stories
