What makes New Age ULIPs a smart investment option in the current volatile market?

Unit-linked [insurance plan](#) or ULIPs are being recognized as one of the best [investment](#) options in the recent times. From being exempted from Long Time Capital Gains Tax (LTCG Tax) to acting as a prudent entrance to the world of equity, ULIPs have a unique product stand that has been gaining popularity. The recent volatilities in the market and the consistent long-term performance of ULIPs have all made them a

favorite amongst investors. ULIPs have been offering a perfect combination of debt and equity investment and life insurance at reasonable rates, making them a trusted aide to investors. There are various other features that give ULIPs the upper hand in the world of investment products. Whether, their tax saving feature or the option of choosing from different funds, the benefits to ULIPs are numerous.
