

CLEAR SPEAK

By Coders Legion

Team Members

Rahul Sumbly

Ashwin Shibu

Rushit Palesha

Siddharth Choudhury

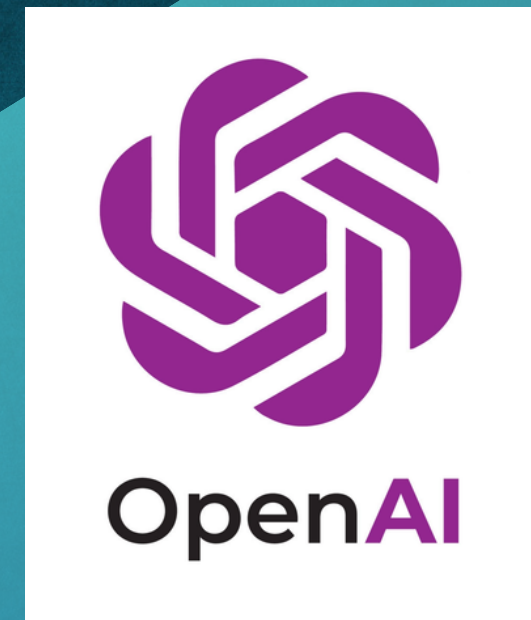

Problem

- ✦ Omitting important keywords
- ✦ Inadequate joint diction
- ✦ Stuttering whilst speaking

Solution

1. Assist people in improving and practicing their speech
2. Provide analytics on where to improve
3. Reduce Stuttering

whisper

HOW WE MADE IT

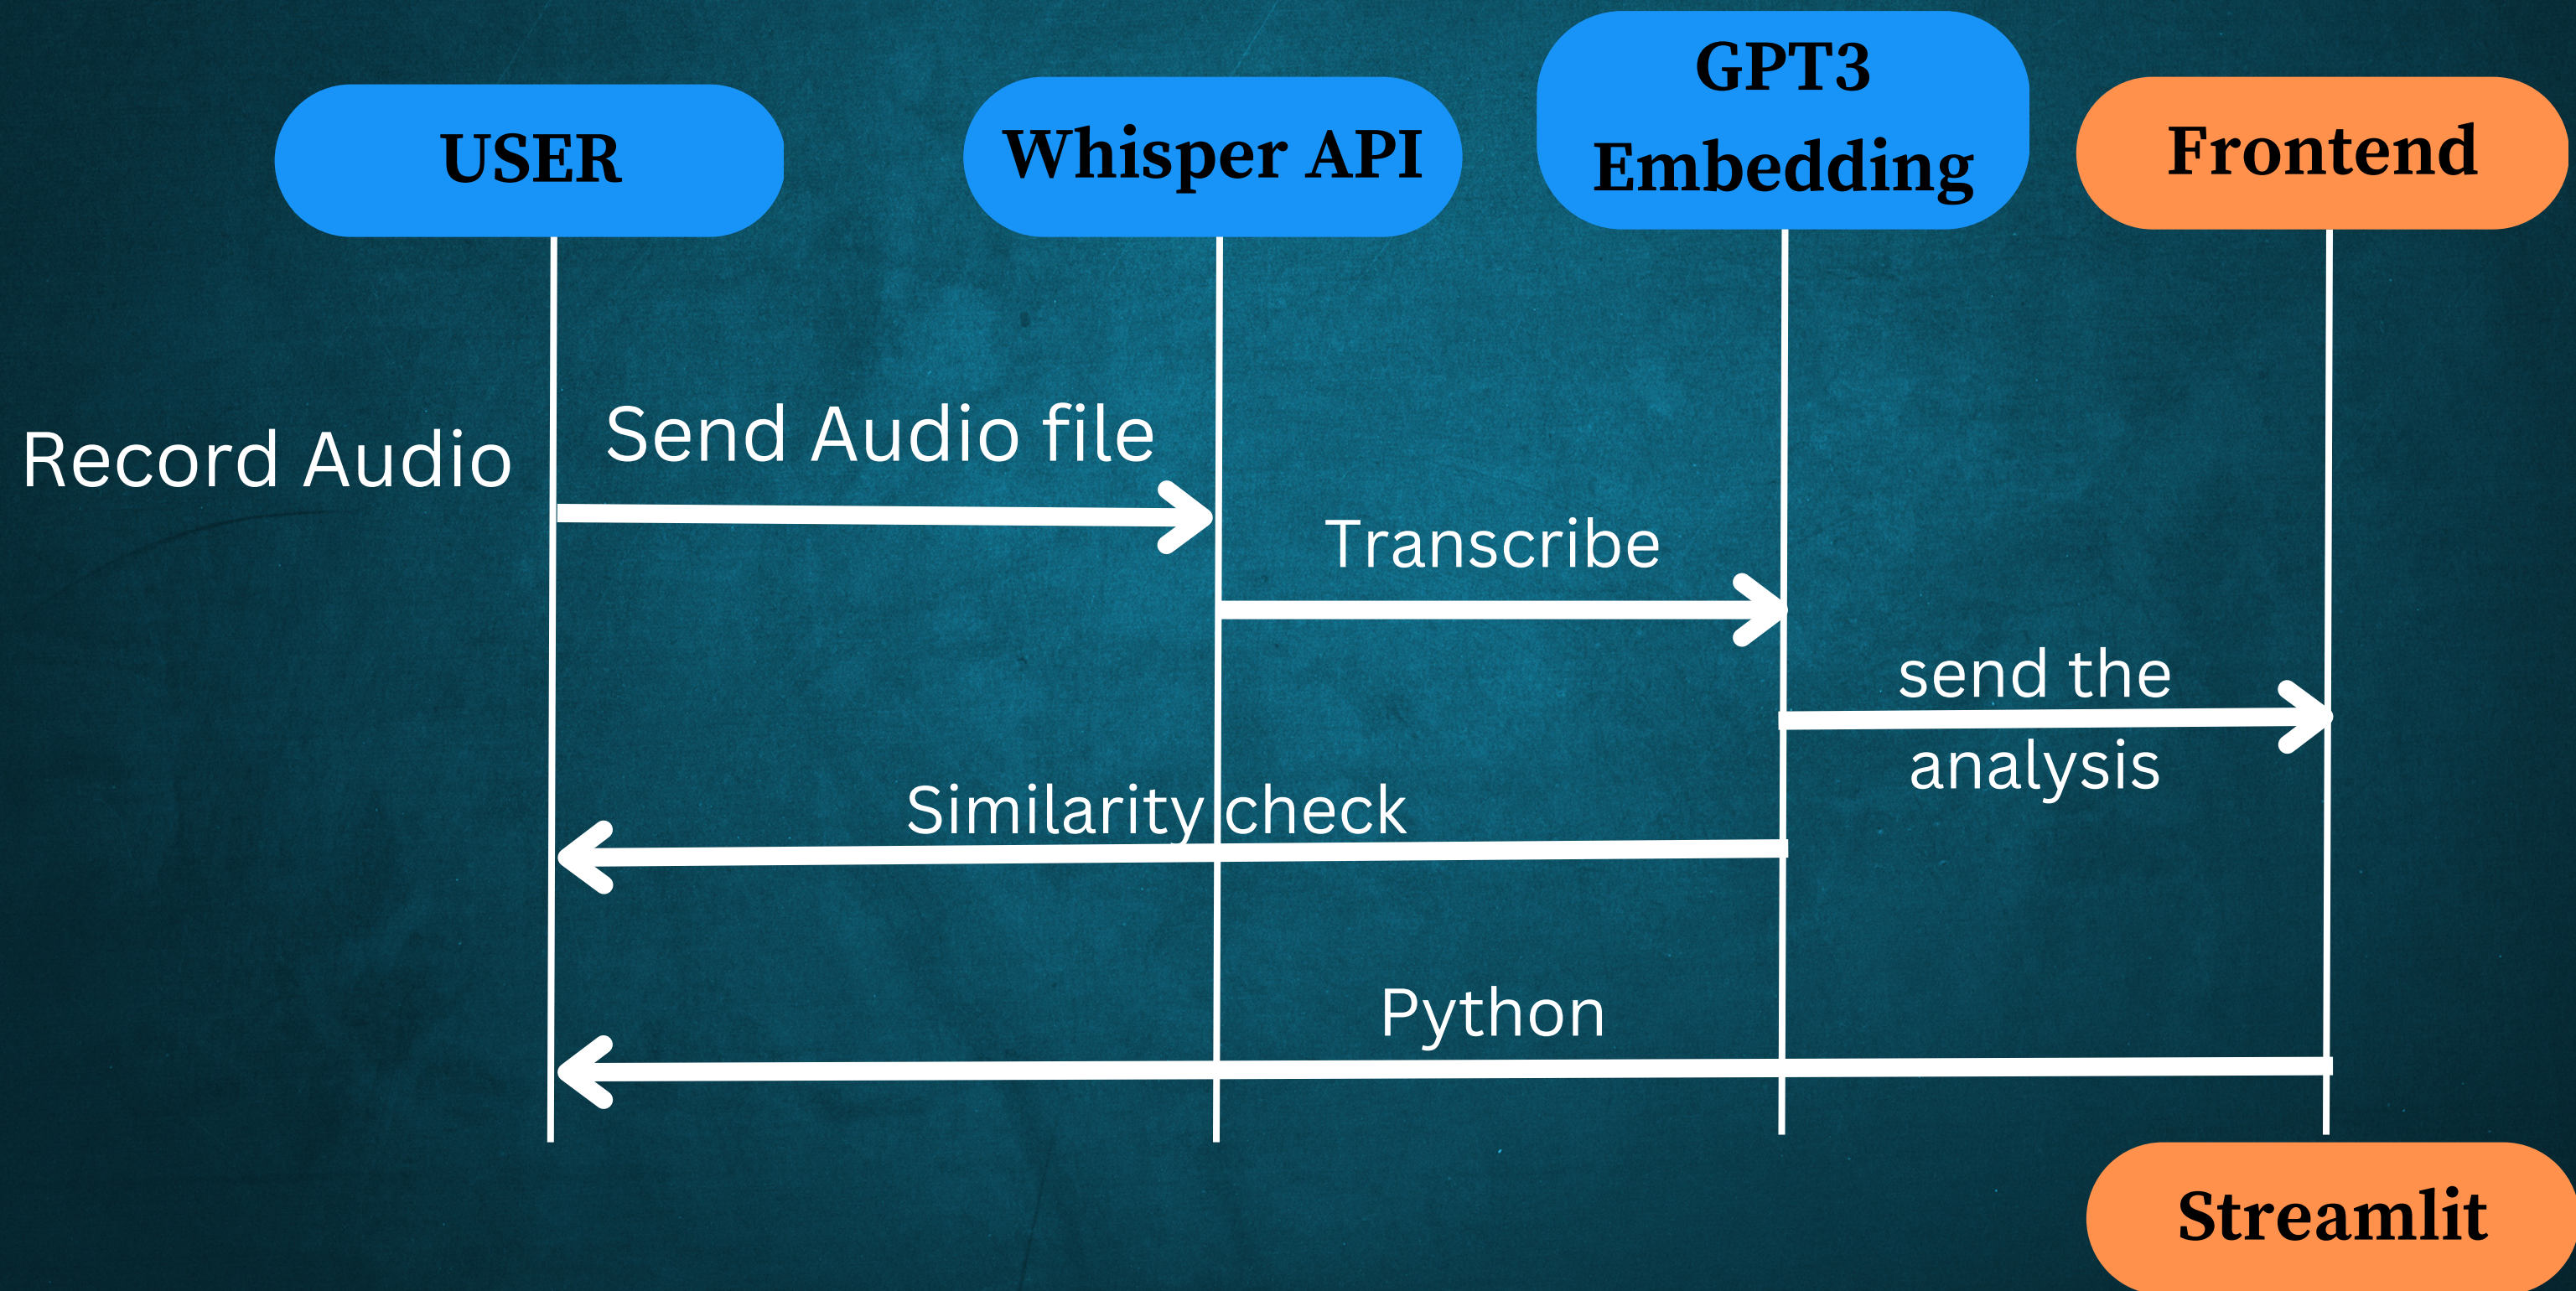

We has used the following tech stack:

SOLUTION DEMO

METHODOLOGY

FUTURE WORKS

Increase the number of languages

Collab with academic scholars and speech scientists

Use ML models which recognize recurring trends in users' speech & tailor recommendations to meet their needs

Create additional matrix to take into account sentence complexity, vocal tone, and pronunciation accuracy

Thank you
