SellerAI

Transform your customer’s requirements into solutions

SellerAI

Situation

I work as a Solution Manager: take requirements and choose products

One day, I received the mail from a customer.

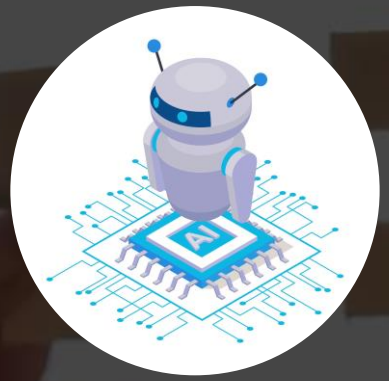
I put the requirements in ChatGPT.

The result was the same than my experienced workmate chose.

Here’s an opportunity!

SellerAI

Improvement



SellerAI

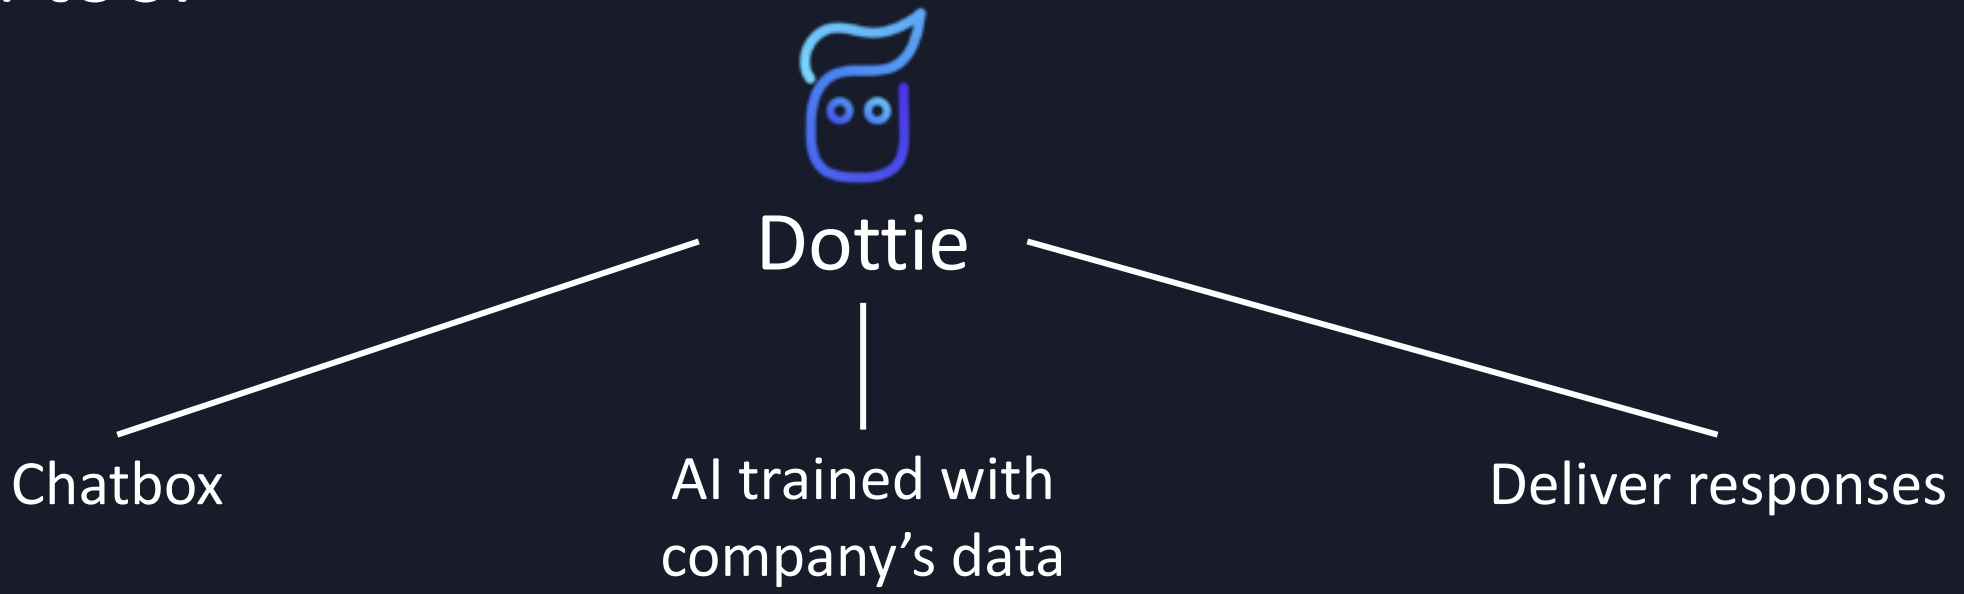
Take your requirements

Search within the catalog

Choose the best product

SellerAI

Used tool

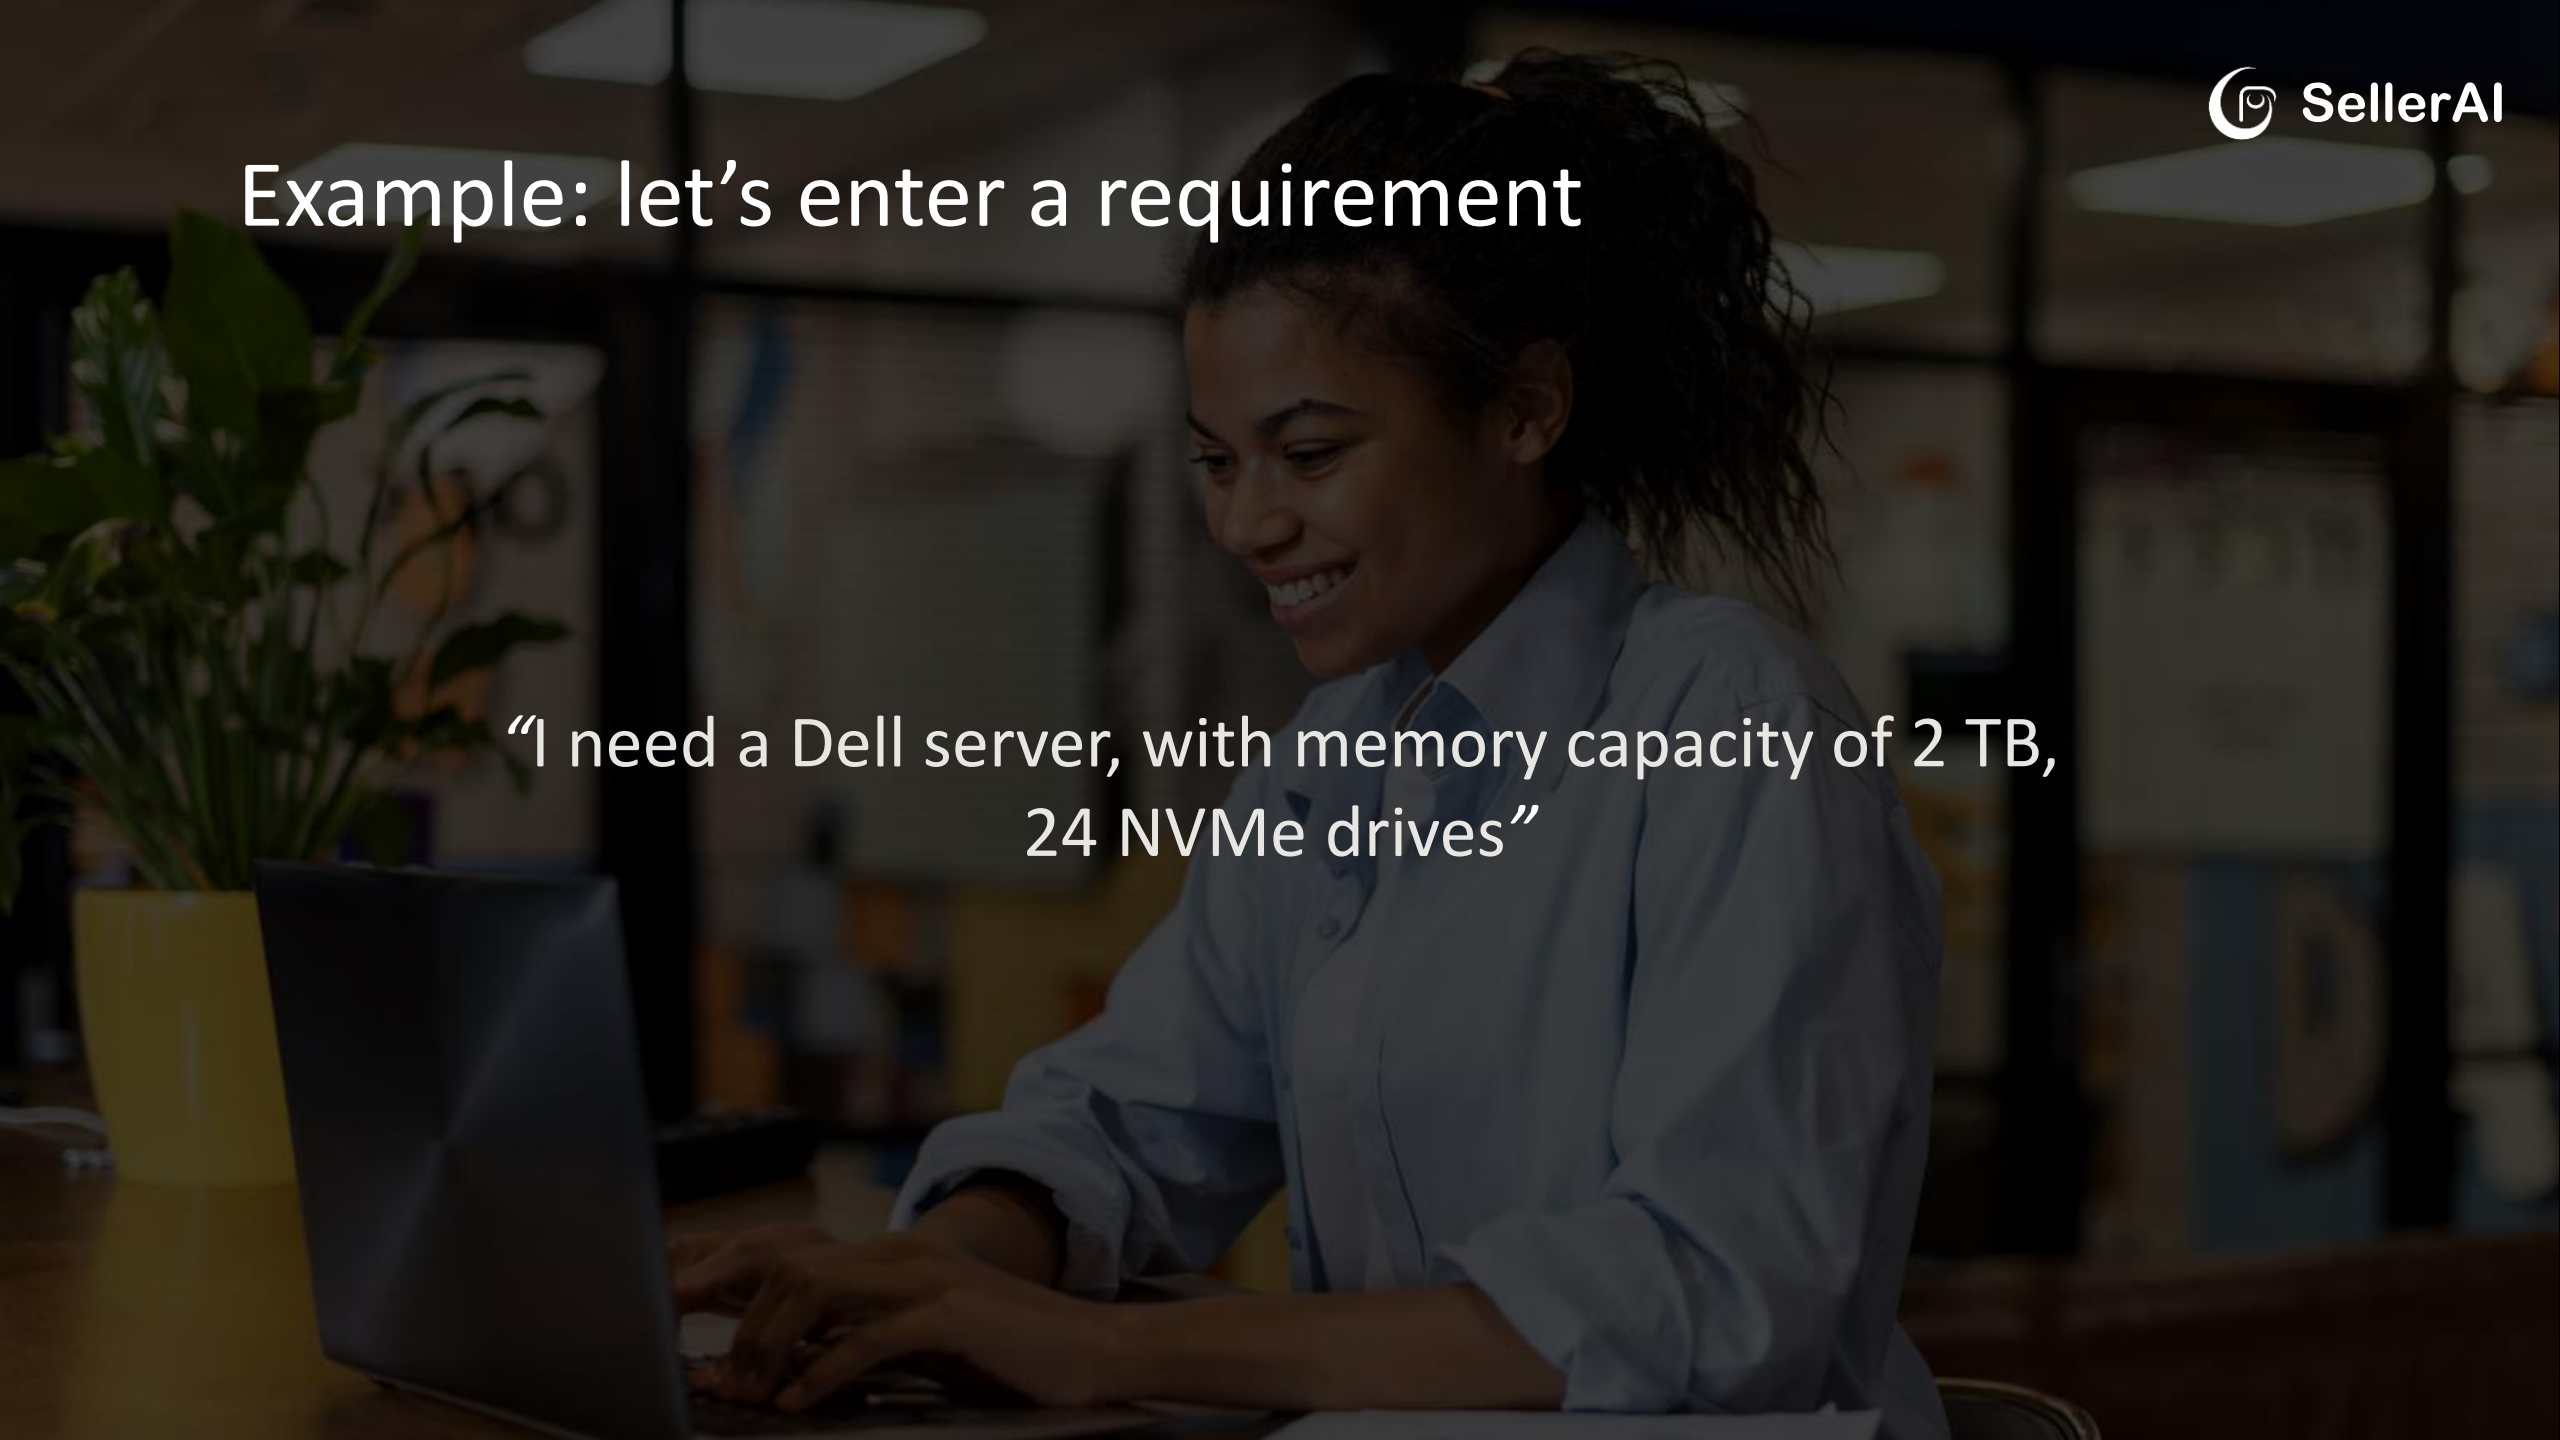


Used AI Technologies

NLP
(natural language processing)

ML
(machine learning)

Data mining



SellerAI
