Show me my dream!

1

I started dreaming about playing football and basketball with people from all around the world. I was throwing basketballs around and people were joining me, playing and having fun together. There were people from all over the place, from the United States, Europe, Asia, and even Africa. They all had different skills and abilities, but we all enjoyed ourselves and had a great time.

We were having so much fun that we decided to have a tournament. We divided into teams and had a friendly competition. Everyone was cheering and having a great time. We had plenty of snacks and drinks to keep us going throughout the tournament.

3

At the end of the tournament, we all got together and hugged each other. It was a great feeling of camaraderie and friendship. We all promised to play again soon and keep in touch. We said goodbye and went our separate ways.

When I woke up, I was filled with a feeling of joy and happiness. It was a wonderful dream and I was glad that I had shared it with so many people. I smiled and went back to sleep, looking forward to the next time I could dream something this wonderful.
