

Unleash the Power of  
**Story/scry**

Your Ultimate Tool for Crafting  
Compelling Narratives

UNSIN STUDIO

# Introduction

Storytelling is an art that has been around for centuries. From ancient myths and legends to modern-day films and novels, stories have the power to captivate, inspire, and entertain us. However, crafting a compelling story can be a daunting task, especially for filmmakers and writers who are under pressure to deliver engaging content within tight deadlines.

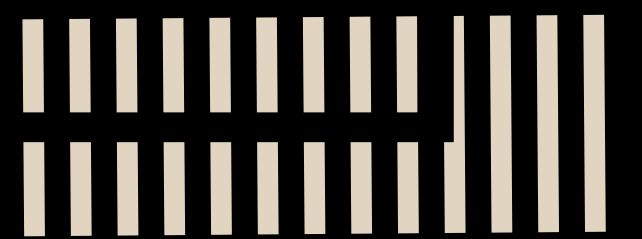

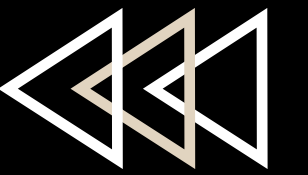

Enter Storyscry - a cutting-edge story AI generator that helps filmmakers and writers create captivating stories with ease. With its Hero's journey, Save the Cat, and Three Act structures, Storyscry takes the guesswork out of storytelling and empowers users to focus on what they do best - telling great stories.

# • What is Storyscry AI Generator?

Storyscry AI Generator is a powerful AI-powered tool which helps to speed up the creative process for professional filmmakers. It is an AI-based story generator which uses natural language processing (NLP) to generate ideas, characters, and plot from scratch. This tool can take in real-world data and generate a story in a matter of minutes. It also suggests scene and dialogue ideas, making it a valuable asset for bringing imaginative stories to life.

# Hero's Journey, Save the Cat, and Three Act Structures

One of the biggest challenges in storytelling is structuring the story in a way that makes sense and keeps the audience engaged. This is where Storyscry shines. It offers three popular story structures - Hero's journey, Save the Cat, and Three Act structures - that have been tried and tested by successful filmmakers and writers.

The Hero's journey structure, for example, is a classic storytelling technique that follows a hero's transformational journey from ordinary life to extraordinary adventures and back again. The Save the Cat structure, on the other hand, emphasizes the importance of a likable hero and a clear goal. And the Three Act structure breaks down a story into three parts - setup, confrontation, and resolution - making it easier to plot out a narrative arc. With these structures at their fingertips, users can easily craft compelling stories that resonate with audiences.

## Story/scry AI

Choose your story structure to create your story by AI

### Three-act structure

A story framework with beginning (Setup), middle (Confrontation), and end (Resolution) for character development and plot growth.

### Hero's Journey

A 17-stage monomyth with a protagonist's transformative adventure, challenges, and return with wisdom.

### Save the cat

A 15-beat structure focusing on character arcs, emotional connection, and key moments for compelling stories.

# Easy Story Generator

Storyscry provides an easy-to-use story generator that allows users to create stories about any subject or character they choose. Whether they want to write a romance novel about a vampire and a human or a sci-fi film about a time-traveling detective, Storyscry can help them generate ideas and plot points that fit their unique vision.

The story generator works by asking questions about their story, such as characters (protagonist and antagonist) and theme. Based on their answers, Storyscry generates a comprehensive outline that includes all the essential elements of a compelling story, such as a clear protagonist, a well-defined conflict, and a satisfying resolution. Users can then use this outline as a starting point for their own creative process or refine it further using Storyscry's built-in editing tools. The outline is based on 3 story structures user can choose.

# Story/scry AI

What story do you want to create? About what?

(describe your theme e. g. the story about: love, money, grief, dreams etc.)

Who is your main characters?

(describe your Protagonist character and his purpose, what he wants, what he needs)

What is his/her goal?

Who is his/her antagonist? (optional)

(describe your main character's Antagonist and his goal, why he want to stop our hero?)

Continue...

# Scene generator now & AI21-powered MovieScript Editor in future

After generating the plot you can also generate scenes for each part of the structure in the Fountain format (a markdown for screenwriters) to put it directly into a script format. We are going to develop Story/scry to have it's own text and movie script editor with AI in future.

The man in black shoots open a second-story window, climbs on a Dumpster, and jumps through a dark warehouse.

The officer sprints down the alley with flashlight and gun drawn, and follows him through the warehouse window.

INT. WAREHOUSE - NIGHT

OFFICER  
Police! Drop your weapon and  
put your hands in the air!

MAN IN BLACK  
(Laughing) Do you really  
think you're going to stop me?

OFFICER  
Don't move, or I'll shoot!

MAN IN BLACK  
If you want me, come and get me.

...appears behind a tall row of steel  
...valve on one of them.

# Built-in Editing Tools in future

Once users have generated a story outline and created their characters, they can use Storyscry's built-in editing tools to fine-tune every aspect of their story. These tools include a scene planner, a dialogue editor, and a timeline view that allows users to visualize their story's progression.

The scene planner, for example, helps users map out each scene in their story, including the location, characters involved, and major events. The dialogue editor allows users to write and edit dialogue for each character, ensuring that their voices are distinct and authentic. And the timeline view provides a bird's eye view of the entire story, making it easier to identify pacing issues or plot holes.

The screenshot displays a software interface for editing a story. On the left, a dark sidebar titled "TREATMENT" lists 16 numbered scenes with their locations and times of day. On the right, the main area shows the dialogue for the selected scene, "INT. THE CAFE - EVENING".

**TREATMENT**

- INT. BATHROOM - EVENING  
.FRANEK'S VLOGG  
INT. THE CAFE - EVENING  
EXT. CITY STREET - NIGHT
- INT. ZUZA AND FRANEK'S APARTMENT, KITCHEN - NIGHT  
INT. LIVING ROOM - NIGHT
- INT. BEDROOM - NIGHT
- .FRANEK'S VLOGG
- INT. ZUZA AND FRANEK'S APARTMENT - DAY
- INT. ZUZA AND FRANEK'S APARTMENT - DAY  
.INT. ZUZA AND FRANEK'S APARTMENT - NIGHT
- INT. ZUZA AND FRANEK'S APARTMENT - NIGHTTT
- INT. AIRPORT - DAY  
INT. PLANE - DAY  
INT. PLANE - DAY - LATER  
INT. AIRPORT IN USA - DAY  
.INT. AIRPORT - DAY  
INT. MOVING CAR - DAY
- EXT./INT. THE FARM / THE HOUSE - DAY  
EXT. CAMPING ON THE FARM - DAY  
INT. IN THE TENT OF FRANEK & ZUZA - NIGHT  
EXT. THE FARM - NIGHT  
.FRANEK'S VLOGG
- EXT. CAMPING AT THE FARM - NIGHT
- .INT. IN THE TENT - NIGHT
- EXT. CAMPING SIDE - DAY  
EXT. THE FARM - DAY
- EXT. AT THE FARM - DAY  
EXT. THE TOWN - DAY
- INT. SCHOOL - DAY

**INT. THE CAFE - EVENING**

Franek records Zuza sitting at the table. They talk in Polish.

FRANEK  
Are you sure you don't mind?

ZUZA  
It's a little weird..

FRANEK  
You will get used to it. Maybe you will try it too...

Franek gives Zuza the recording smartphone. Zuza turns it on Franek.

ZUZA  
What do you study?

FRANEK  
Film directing.

ZUZA  
Really? And how is it?

FRANEK  
Shooting everything all the time...

Laugh.

FRANEK  
But I'm quitting soon. You can make movies without going to school. What do you want to drink?

ZUZA  
A latte.

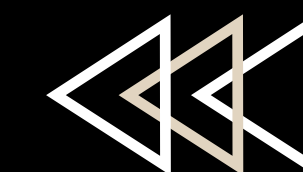

# Feeding AI with stories (soon)

We are going to feed our AI with stories from each of the story structure. Stories from plot of movies and books e.g.:

- **Three Act Structure:** Titanic, The Godfather
- **Hero's Journey:** Harry Potter and the Philosopher's Stone, The Matrix, Finding Nemo, Star Wars: A New Hope
- **Save the Cat:** Pretty Woman, The Shawshank Redemption, Batman Returns

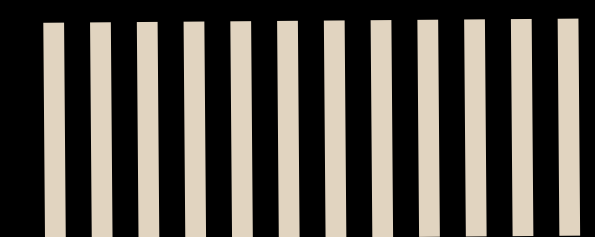

We plan to make user a possibility to feed it with their own stories and to rewrite it, regenerate, change and so on and also make AI learn users styles of writing and stories.

# • How can Storyscry AI Generator help filmmakers?

- Streamline the Creative Process: With the Storyscry AI Generator, filmmakers can create entire stories in a fraction of the time, allowing them to focus on the creative aspects of marketing their movies.
- Generate New Ideas: This tool can provide filmmakers with the tools to find new ideas for stories, even if they struggle with the creative process.
- Automated Dialogue: With Storyscry, filmmakers can create automated dialogue for their movie scenes, saving time and producing realistic conversations.

# Conclusion

Storyscry is a powerful tool that can help filmmakers and writers overcome the challenges of storytelling and create compelling stories that resonate with audiences. With its Hero's journey, Save the Cat, and Three Act structures, easy story generator, customizable characters, and built-in editing tools, Storyscry offers a comprehensive solution for anyone looking to tell great stories.

Whether you're a seasoned professional or a budding storyteller, Storyscry has something to offer. So why not give it a try and see where your imagination takes you?
