

RageGPT: Let Your Anger Out
on an AI of Your Enemy!

Have you ever been wronged by someone,
and you wanted to yell and scream at them,

but you held back?

You know it's not fair,

but you don't want to risk the consequences.

Enter RageGPT!

An AI that lets you yell and scream at your enemy (AI) -- without any consequences.

You can type in all caps, swear, and say anything you want.

No one will know!
