

Introducing File Organizer

AI-Powered assistant for your messy folder

By Mengdi Chen (@mengdi_en)

Anthropic AI Hackathon

The Problem: My “Downloads” folder

I just really need to find
8150110018649473_.pdf I
downloaded last week...

Except I don't remember that name at all...

Mac OS Finder window showing the Downloads folder. The file "Account=81501100184_Sta...9_10_PDF_DOCUMENT.pdf" is selected.

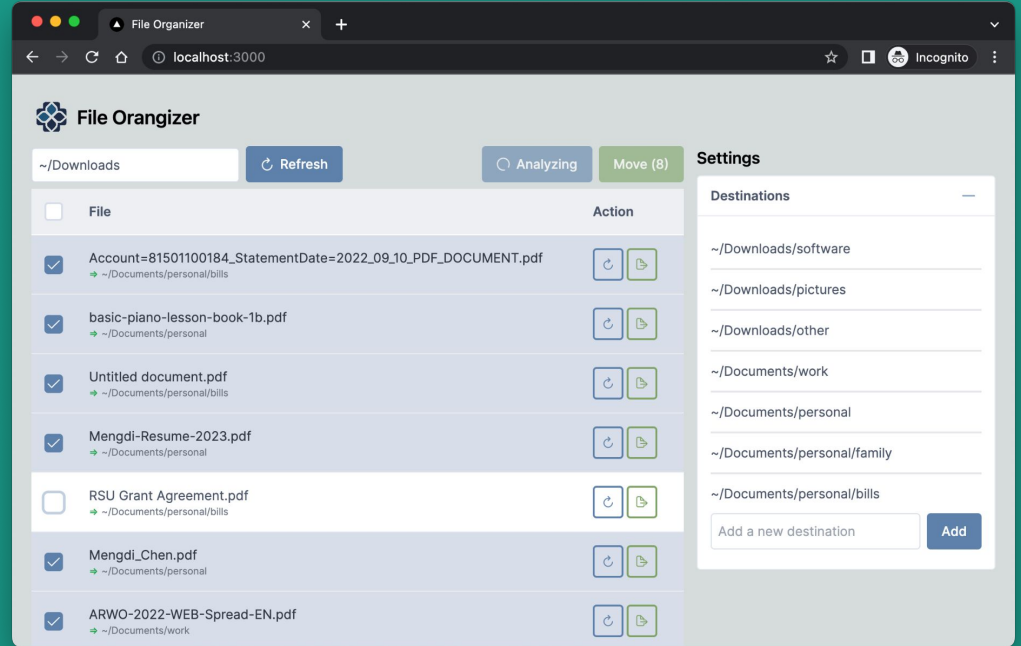

Downloads

Name	Size	Kind	Date Added
8025_pk_offer_letter_pk_waitlist_insert_zh_hant.pdf	162 KB	PDF Document	Today at 12:59 AM

Demo Time!

Under the hood

- File names, types and contents (whenever possible) are provided to AI for analyzing
- Prompt explicitly ask AI to only use provided destinations

ANTHROPIC

NEXT.js

What next?

- Ask AI to come up with destinations
- User instructions
- OCR + Image caption
- History
- Privacy
- Better UI/UX
