

## Revolutionize Your Trading Strategy with AI

Experience the future of investing with our fully automated, AI-powered platform. From personalized stock portfolios to cutting-edge strategies, we offer a trading experience that combines technology, innovation, and social responsibility.

🕙 by Vivien Richaud

## Advanced Trading Strategies at Your Fingertips

#### ChatGPT-Driven Strategy

Make trading easy with our Alpowered strategy based on ChatGPT technology. Seamlessly buy and sell stocks with an intuitive system.

#### Community Sourced Strategies

Take advantage of proven strategies from established financial community platforms. Benefit from collective wisdom and shared success.

#### Replicate Winning Strategies

Mirror the trading strategies of successful funds and top-tier investors. Stand on the shoulders of giants and grow your wealth.

# Trade with the Power of Sentiment Analysis

#### **Sentiment-Based Trading**

1

Make smarter trades with our unique feature that bases stock purchases on positive or negative news headlines. Trading now goes beyond numbers.

## Compare Your Performance and Stay Ahead of the Curve

#### **Performance Comparison**

Measure the effectiveness of your strategies against each other, major indexes, or successful funds. Stay informed and ahead of the curve.

# Integrations with Leading Trading Platforms

#### Seamless Integration with Alpaca

Enjoy complete integration with Alpaca and other trading platforms. Get access to exclusive features and make trading faster and easier than ever.

#### **Crypto Trading**

Explore the world of crypto trading with easy-to-use integrations with Binance, Coinbase, Kraken, and more. Trade in cryptocurrencies and make sound investment decisions.

## DEGIRO

#### Further Integrations with Other Platforms

Stay tuned for our upcoming integration with Degiro and other platforms. We are continuously expanding our horizons to provide a truly global trading experience.

## Direct Trading from Decentralized Platforms

#### Web3 Features

1

Prepare for direct trading from decentralized platforms with web3 features. Enjoy fast and secure transactions with complete ease-of-use.

# A Platform Built for Innovation and Social Responsibility

### Innovative Trading for Digital Natives

Designed for digital natives who are at home with brands like Robinhood, Uber, and Netflix, our platform caters to the innovative, conscious investor. Experience the cutting-edge of technology and investing.

#### Socially Responsible Investments

We are committed to promoting socially responsible investments and strategies. Our pledge to contribute to environmental and social projects will help us pave the way forward.

#### Your Wealth, Your Way

Get ready to redefine your trading experience. With our highly personalized approach, you can build your wealth your way. Our trading platform is designed to put you in control.
