

# Talk to your Art

Create your own unique cartoon persona with our tool. Choose your character's ethnicity, gender, age, and profession and we'll generate a customized portrait with AI. Ready to bring your imaginary character to life and have some fun with it? Let's get started!

# Get Creative With Your Character's Ethnicity

**African American**

Represent your African American culture with your character and enjoy the beautiful variety in complexion.

**Asian**

Choose an Asian look for your character and add an extra dose of elegance to it.

**Latino**

Add a Latinx touch to your caricature and embody your roots.

**Caucasian**

Take your inspiration from Caucasian features for your character's perfect look.

# Bring Your Character's Age Into the Mix

## Youngster

Give your character a youthful look and feel with a sweet, innocent, and charming personality.

## Adult

Let your character be an adult with a mature and realistic approach to life.

## Elderly

Add wisdom and experience to your character's persona and give it a touch of old-world charm.

# Let Your Character's Profession Define Them

1

## Medical Professional

Give your character the look of a lifesaver with lab coats, stethoscopes, and surgical caps.

2

## Entrepreneur

Create a savvy, successful, and confident character, equipped with stylish clothing and a thoughtful business persona.

3

## Artist

Let your character express their inner artist, with colorful clothing, creative hairstyles, and a free spirit.

# Bring Your Cartoon To Life With a Chatbot

## Interactive Chatbot

Talk to your art with our NLP-Powered Chatbot. Your character comes to life with its unique personality traits, and you can interact with it in real-time.

## Seamless Chat Functionality

Our back-end server provides the infrastructure for a seamless chat experience, so you can talk to your caricature in a fun and hassle-free way. Give it a try today!
