

GuruAI

By Front Gen AI

background

Introducing Front Gen AI, our innovative solution that seamlessly integrates Monday.com's board with Guru, creating a comprehensive knowledge base center.

Companies can consolidate and track project plans, roadmaps, and more from Monday.com, while my app simplifies and summarizes complex details for easy understanding in Guru.

With workflows and automations in place, in the future, Guru owners receive automatic notifications and can update knowledge base content directly from Builder processes.

My app provides a user-friendly interface: simply click the AI Assistant button, select "SummaryBoardGuru AI," log in to Guru, and access the summarized board.

The app exports the board's JSON data to the backend server, which processes the information using ChatGPT. The summarized response is then sent to Guru, creating a card with status and link.

Enjoy an intuitive, secure, and scalable solution. Don't wait, download now!

From the pain point in the app developer

The final result:

The screenshot shows a web browser window with the URL `app.getguru.com/card/c6BE8K9j/Summary-of-Mondays-Software-Development-Roadmap`. The browser's address bar and tabs are visible at the top. Below the browser, a Notion card is displayed. The card is titled "Monday Software development Board" and contains the following text:

Summary of Monday's Software Development Roadmap

Summary of Monday's Software Development Roadmap:

Board automations v2:

Description: Upgrade existing automations for better user experience.

Status: High priority.

Tags: Automation.

Assigned: No specific person assigned.

Timeline: August 2, 2021, to August 20, 2021.

Current status: Working on it.

Progress: Not specified.

Additional information: The project is focused on building the app store infrastructure for connecting boards.

Integrations with social media:

Description: Opportunity to add more functionalities for marketing users.

Status: Medium priority.

The card also features a "Verified" badge, a user profile for "yosi navaro" (updated 3 minutes ago), and action buttons for "Follow" and "Share".
