Upload New File

No file chosen Please Select a Summary Type:

The screenshot shows the browser's developer tools interface. The 'Elements' panel displays the following HTML structure:

```
<!DOCTYPE html>
<!-- <title>Upload New File</title>
<h1>Upload New File</h1>
<form method=post enctype=multipart/form-data>
  <input type=file name=file>
  <input type=submit value=Upload>
</form>
</html>
</head>
</head>
<body>
  <h1>Upload New File</h1>
  <form method="post" enctype="multipart/form-data">
  </body>
</html>
```

The 'Styles' panel shows the default user agent styles for the body:

```
body {
  display: block;
  margin: 8px;
}
```

The 'Console' panel shows one issue:

```
Warning: Mixed content: Loading an image (https://www.google.com/robots.txt) from an insecure origin (http://localhost:3000/).>
```

Awesome **BEG** Project

Response from Model: The paragraph is about a game called Civ. It is a strategy game where you build cities and fight other players. The game is played in turns, and each turn you can choose to build a new building, research a new technology, or attack another player. The goal of the game is to be the last player standing.

Awesome BEG Project

response from Model: The paragraph is about the different sounds that can be made by the human mouth. Here are 5 bulletpoints that summarize the content: - Fricative
then a consonant is followed by a fricative. - Nasals are sounds made when air is released through the nose. - Approximants are vowel-like consonants that are not as
