DEMO

Check out link in the description to try out the application and/or Video would be Linked below

Industry Disruption

Workplaces Table

Industry	Traditional Approach	With VoiceVerse AgentAI
Education	Reading from books and searching through piles of pdfs and videos	Talk to the agent after you have set it up with all the files and transcripts regarding your school work
Retail	Cashier answers calls for very repetitive queries, or dedicated personnel for it	In the future we plan to use eleven labs and whisper to enable a calling feature and it will speak many languages
In_Company	New Employees always have questions and use it to take the time of seniors	in company agent can help train new employees, it can help with faster retrieval of in_company information
Personal	writing down your appointments or searching through piles of files for studying /reviewing	Can help you be better and faster at what you do

Ai Agents HAckathon
