

CloneDub

Convert videos and podcasts into any language using the same voices.

Problem

- It is challenging & expensive to dub content into different languages
- If you don't speak the native language of a video it is challenging to understand

Introducing CloneDub

Convert videos and podcasts into any language using the same voices

The screenshot displays the CloneDub web interface. At the top left is the CloneDub logo, and at the top right are an 'Upgrade' button and a user profile icon labeled 'Personal'. The main heading reads 'Convert videos and podcasts into any language using the same voices.' Below this, a sub-heading says 'Paste in your youtube link or upload a file and we'll dub your video or podcast into the language of your choice.' Two file upload items are shown: 'Why Kanye.mp4' (03:35) and 'President.mp4' (00:53), both with 24% progress bars. A 'Convert' button is visible. The 'History' section shows three completed conversions to Spanish: 'The Power of Love_ Perry Farrell's Unbelievable Revelation (1).mp4' (30.07.2023), 'DID SCIENTISTS JUST FIND THE ULTIMATE SUPERCONDUCTOR?' (29.07.2023), and a video with a man speaking (31.07.2023). Each history item includes a Spanish flag, a checkmark, and download buttons for 'Audio' and 'Video'. A red chat bubble icon is in the bottom right corner.

What is CloneDub?

- CloneDub is a tool that lets you easily dub Youtube, Audio and Video Files into any language while keeping the same voices
- We use technologies such as ElevenLabs, Whisper, and GPT-4 to accomplish this process as well as our own custom music separator model, pyanote (speaker diarization)

Features

- Multi-speaker voice cloning
- Supports YouTube, Video Files, and Audio Files
- Localize content into English, Spanish, Hindi, and more
- Background audio and voice separation
- Syncs audio and video so that the video stays the same length and dubbing is high quality with multiple speakers
- Supports bulk upload of videos or audio files
- Login/Logout Functionality + Stripe Payments
- Download Audio or Video files only

Why this matters

- There are billions of people in the world who don't speak English
- CloneDub makes it super easy for anyone to be able to localize content with high quality voices / cloned voices
- Dubbing is also extremely time consuming and costly for most content creators but can have a huge impact on the content's reach (ex. Mr. Beast)
- CloneDub lets any content creator be able to dub their content 10x faster and 10x cheaper
