The Mission

Pitch Your Idea and Get grilled.

(with audio and video based AI investors)

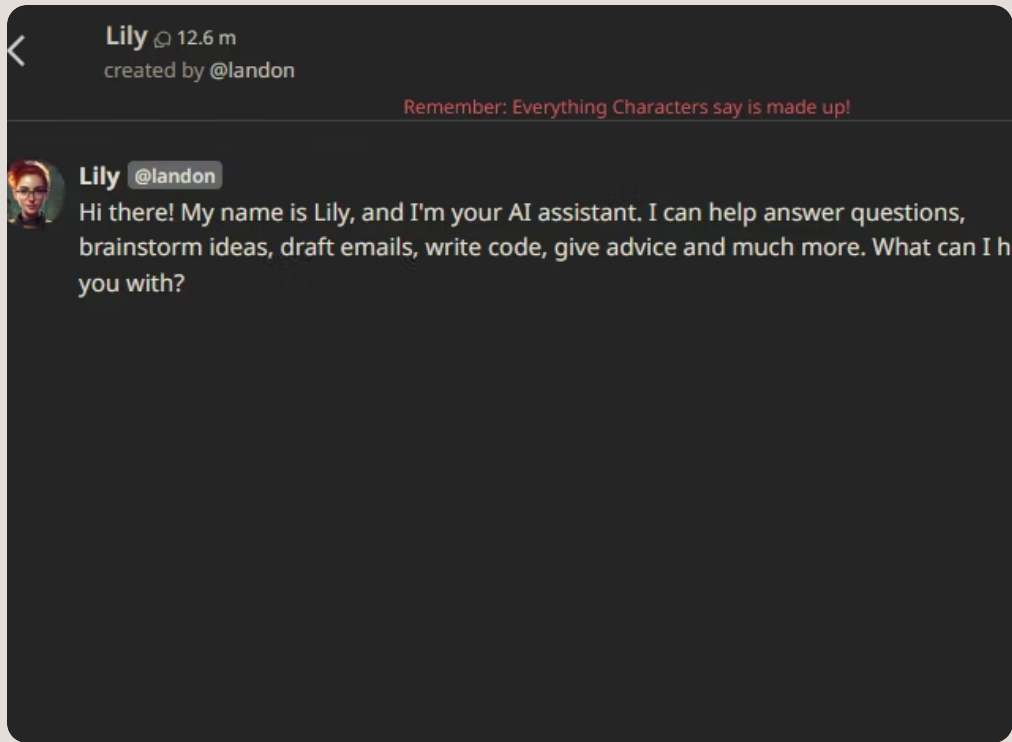

The Problem

Conversational text was great in December 2022.

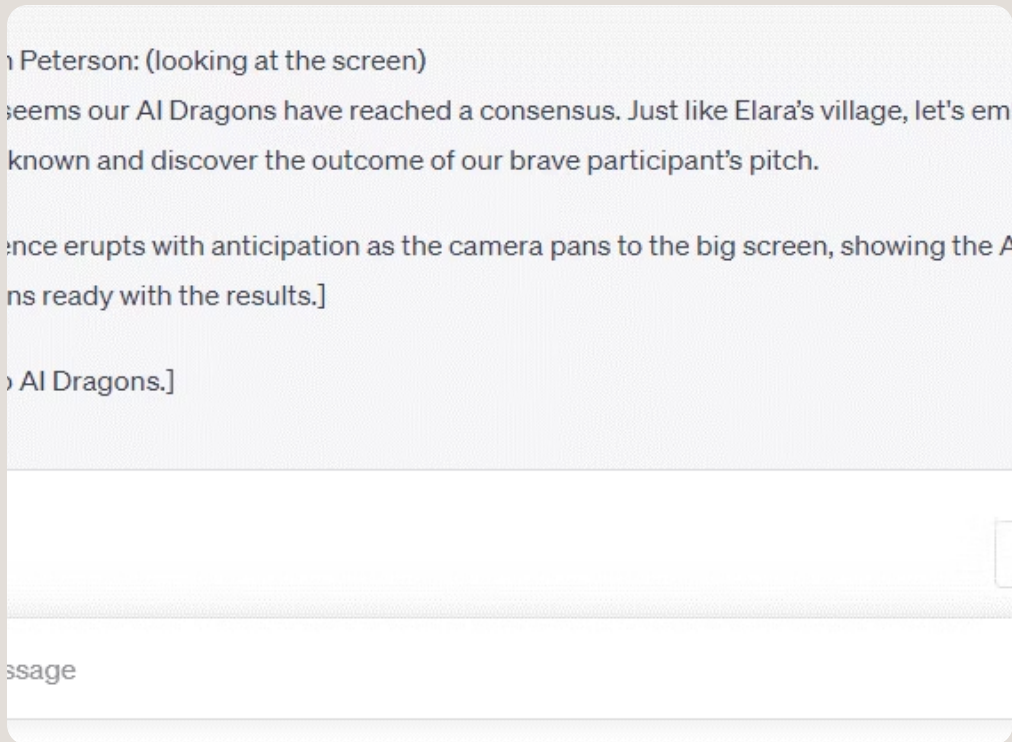

But we are in July 2023.

It's time for an update with voice and video

What's been tried that can be improved

wow :-)

We can do better than that can't we

The Solution

Conversational Voice and Video for Entertainment

Thanks to Eleven Labs and some clever ticks to reduce video cost and latency

I am not going to pay \$2 per minute for this...
