The Problem – Social Anxiety Disorder Is Taking Over America

The Facts

The Facts

- Approximately 40 million adults aged 18 and older have one form of anxiety disorder.
- 36% of the people with social anxiety said that they sought help after 10 years of living with social anxiety.
- People often delay seeking professional help and only 36.9% of people with any type of anxiety disorder are receiving treatment.

What Is The Solution?
