Remote Patriot

Revolutionizing Remote Work for Disabled Veterans

By Blaise and Andrew from LangLabs
29.6% of veterans report having a disability.
That's 3.5 million individuals between the ages of 21-64.

Employment rate of civilian veterans by disability status (ages 21-64)

- Both ACS and Service-Connected disability (N=804,000): 32%
- With an ACS disability only (N=1,269,000): 37%
- With a Service-Connected disability only (N=1,495,000): 69%
- No Disability (N=8,473,000): 77%

68% of veterans with both American Community Survey (ACS) and Service-Connected (SC) disabilities are **unemployed.**

Only 25% of veterans with a SC rating of 70% or higher are employed.

Employment rate of civilian veterans by SC disability rating (ages 21-64)

70 percent or higher (N=131,900)	25%
50 or 60 percent (N=278,800)	58%
0 to 40 percent (N=1,332,200)	68%
No SC Disability (N=9,750,400)	72%

We are at an **inflection point** in the technological advancements of society with the advent of autonomous agents and it would be an **absolute disgrace** if we didn't help this underserved population that has sacrificed so much for the country.

Mission

RemotePatriot.com is pioneering a new era in remote work by sourcing disabled veterans with meaningful opportunities. Leveraging cutting-edge LLM autonomous agent architecture, we create personalized agents for each job seeker, revolutionizing the way veterans find and secure remote work.

Vision

To transform the job-seeking experience for disabled veterans, providing a seamless and empowering process where AI-driven agents actively match veterans with ideal job positions, setting a new industry standard.

Core Competencies

1. **Innovative LLM Autonomous Agent Architecture:** Personalized agents for each job seeker.

2. **Job Scraper & Textual Database:** Proprietary function for seamless job search.

3. **Intelligent Resume Builder:** AI-guided resume enhancement.

4. **Game-Changing User Experience:** Autonomous applications and follow-ups."

We are the <u>first</u> platform to use autonomous agents for job matching.

Target Audience & Benefits

Job Seekers (Disabled Veterans)

1. Matched with meaningful work they are qualified for.

2. Work in an environment that accommodates their unique needs

3. Source of significant income that reduces life stressors

Target Audience & Benefits

Employers

1. Recruit from a talent pool with proven leadership, management, inter-personal communication, and discipline.

2. Support an underserved population that has sacrificed for this country

3. Through Work Opportunity Tax Credit (WOTC) and the Wounded Warriors Tax Credit, employers can receive between $2,400 and $9,600 in tax credits **per disabled veteran hired**.

4. Even some time after a veteran is hired through the platform, the Talent Acquisition Autonomous agent can headhunt the now role-experienced veteran on autopilot.

Way Forward

This is the next evolution of the job board.

We are setting the standard for what the future of job seeking and talent acquisition looks like.

Visit RemotePatriot.com and reach out to learn how you can support this vision.

Remote Patriot is not just a platform;

it's a movement to empower disabled veterans.

AGI may very well reshape the future of the job market.

But until then, **Remote Patriot** will continue shaping a future where technology serves humanity.
