ai

Just as you're accustomed to watching price action, get ready to experience it through sound
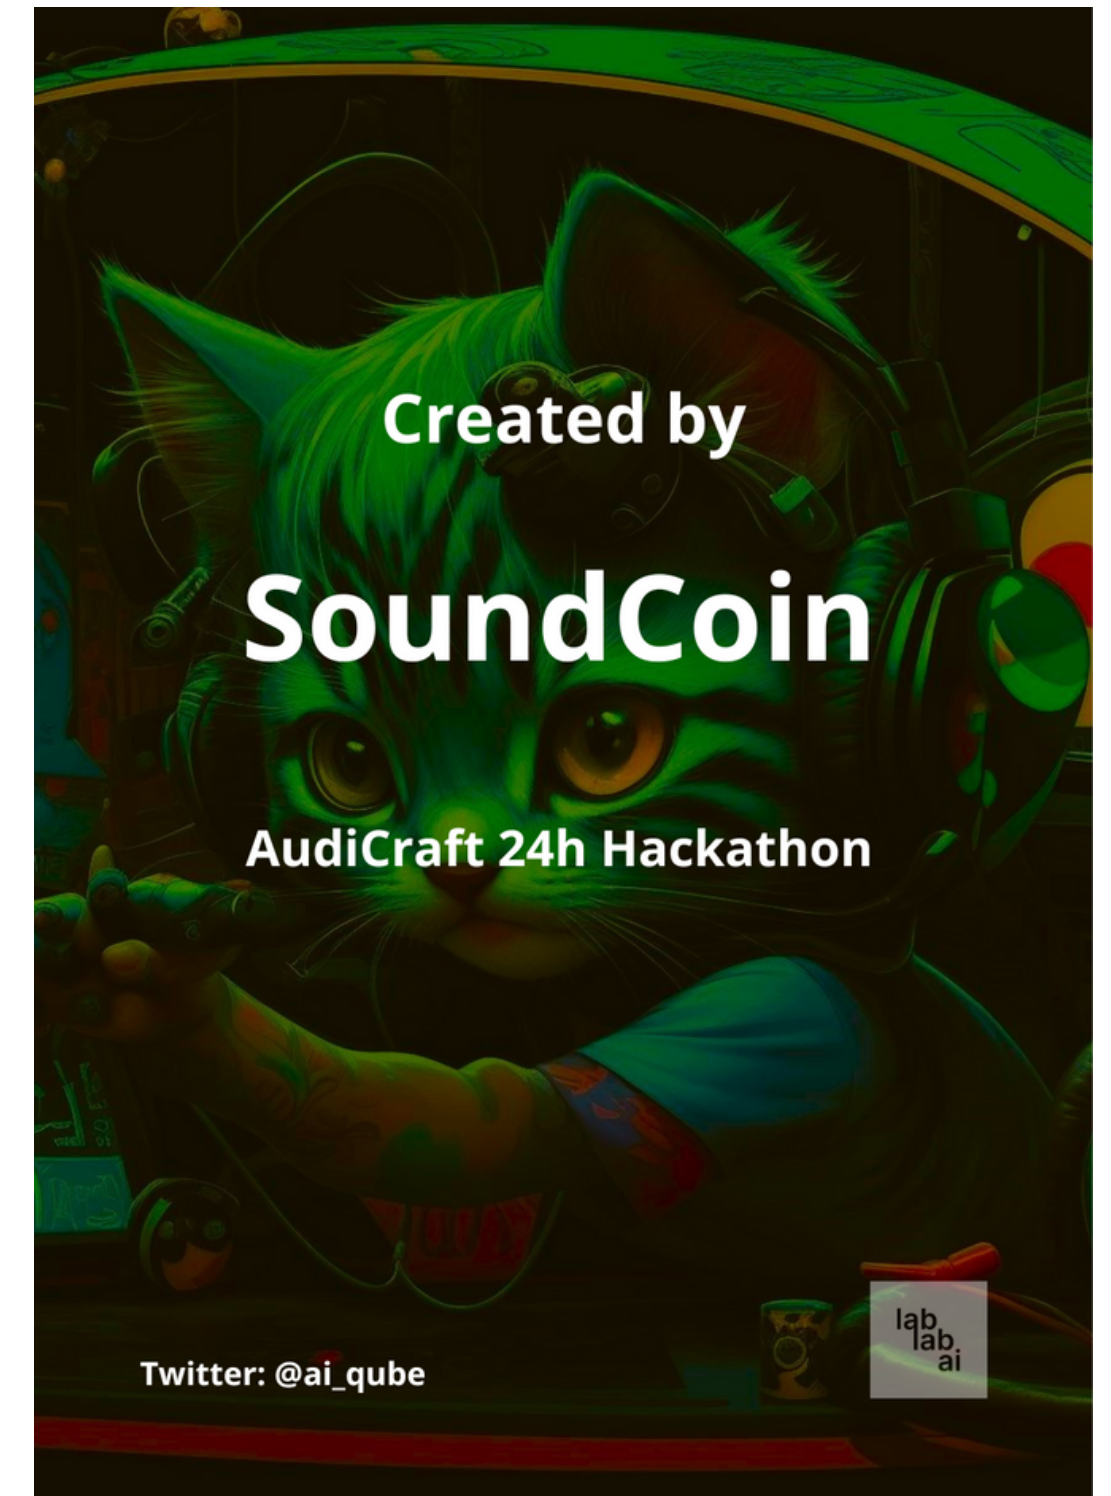

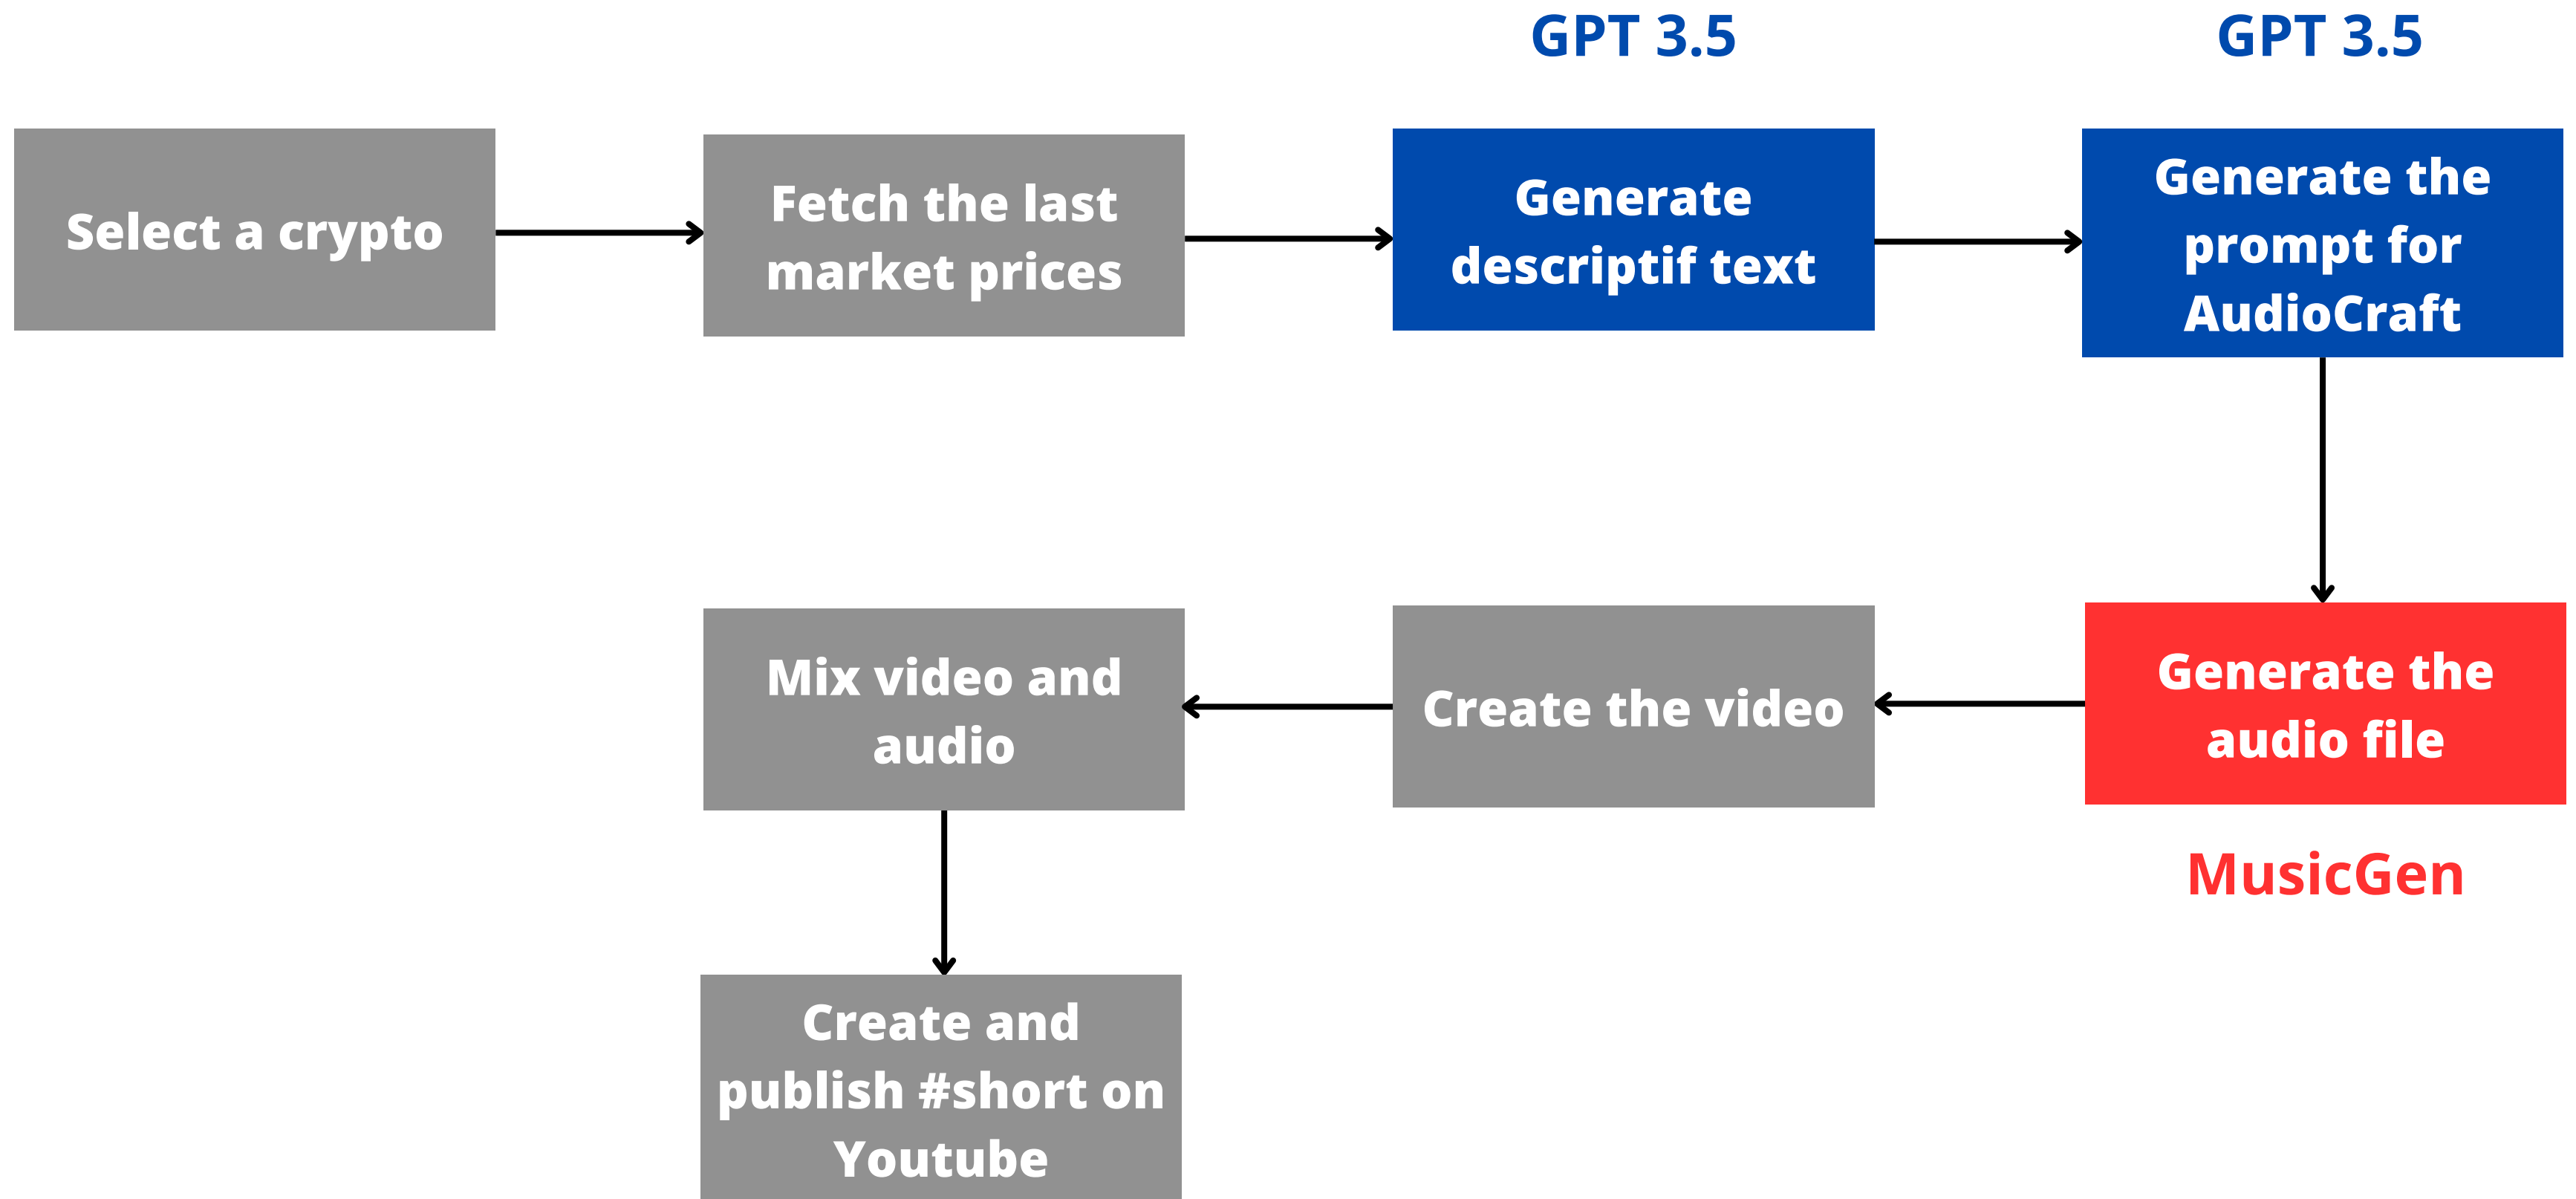

I am Nabil Mabrouk

**PhD in computer Science
Complex system, multi-
agent system, AI
France**

This project

1- Convert price action into music

2- Add video

3- Export as #short video

Select a crypto → Fetch the last market prices → Generate descriptif text → Generate the prompt for AudioCraft

Generate the audio file

MusicGen

Create the video ← Generate the audio file

Mix video and audio ← Create the video

Create and publish #short on Youtube
