

Welcome to DoctorsMate

Introducing DoctorsMate: A tool for Doctors

It is an AI-powered digital assistant designed to

- Streamline patient assessment and support medical decision-making for Foundation Year doctors in the UK.
- Also a helpful tool who are taking preparation for the job placements

DoctorsMate: A tool for Doctors

Why this is important:

- **According to EQUIP study, it found out**
 - **An error rate of 8.4% in foundation years doctor.**
 - **Of which 5.25% are serious and**
 - **1.89% are potentially lethal**
