

# Tadabor

Simplifying the understanding of the Quran and facilitate reflection on its teachings for everyone

# Meet the Team

**NIMRA SHARNEZ**

Full Stack Development,  
LangChain, Cohere

**OUMAYMA ESSARHI**

Weaviate, Embeddings

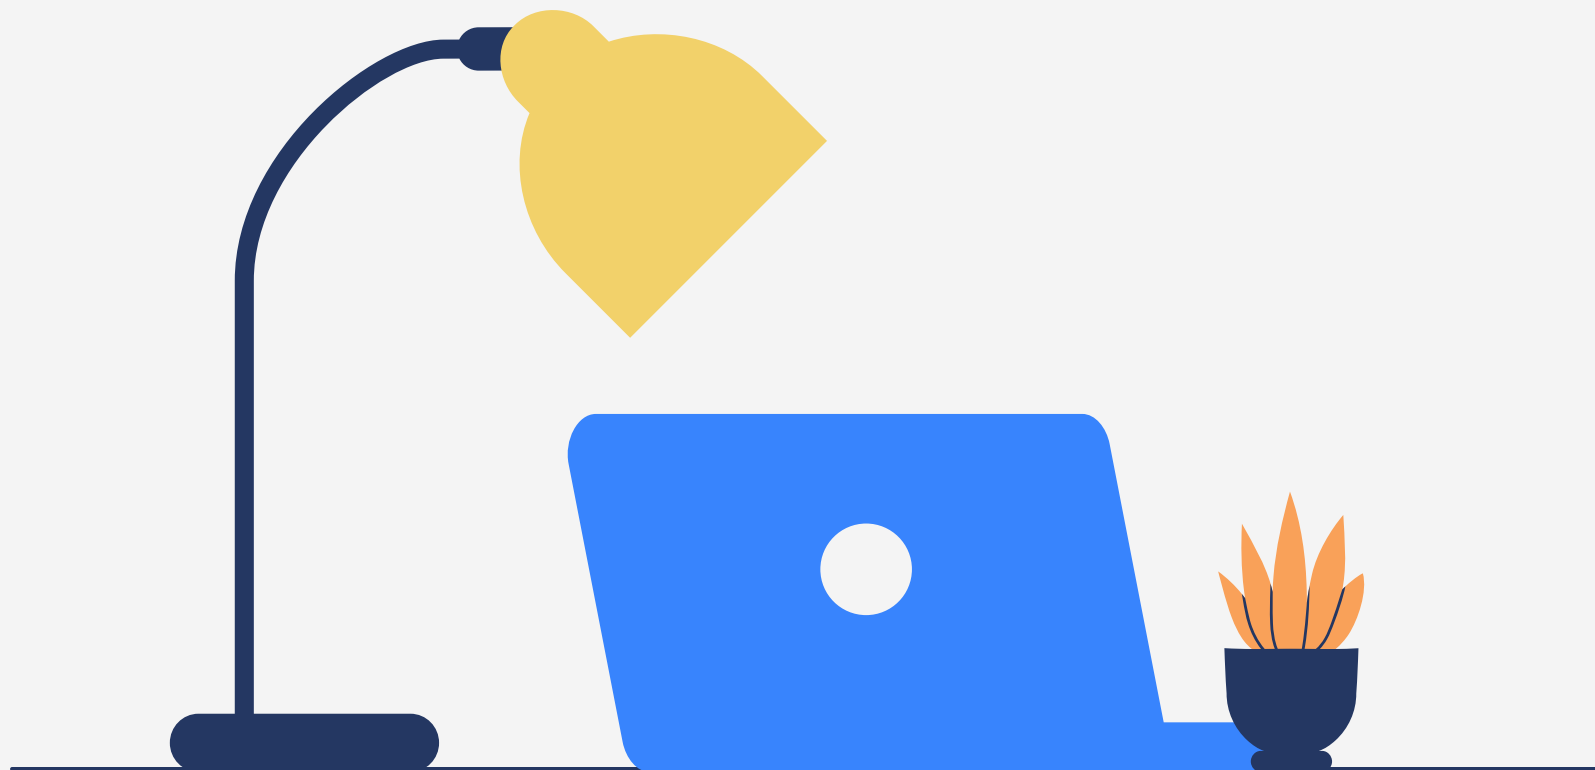

**MOHAMAD ALNABULSY**

Project Manager

# Problems

Muslims aspire to connect with the Quran and draw inspiration from its profound insights, however...

- ✗ **Difficult for Non-Arabic Speakers**
- ✗ **Lots of Historical Context in the Quran**
- ✗ **Current sources are not easy to understand**

# Tadabor تَدَابُرٌ

Reflective contemplation,  
deep pondering, and  
thoughtful meditation on  
the verses of the Quran

# Solutions

Leveraging Cohere's Generative AI and RAG feature to create a seamless Tadabor process for non-arabic speakers

## Accessibility

---

Simplified into English

## Personalizable

---

Taking emotions into account

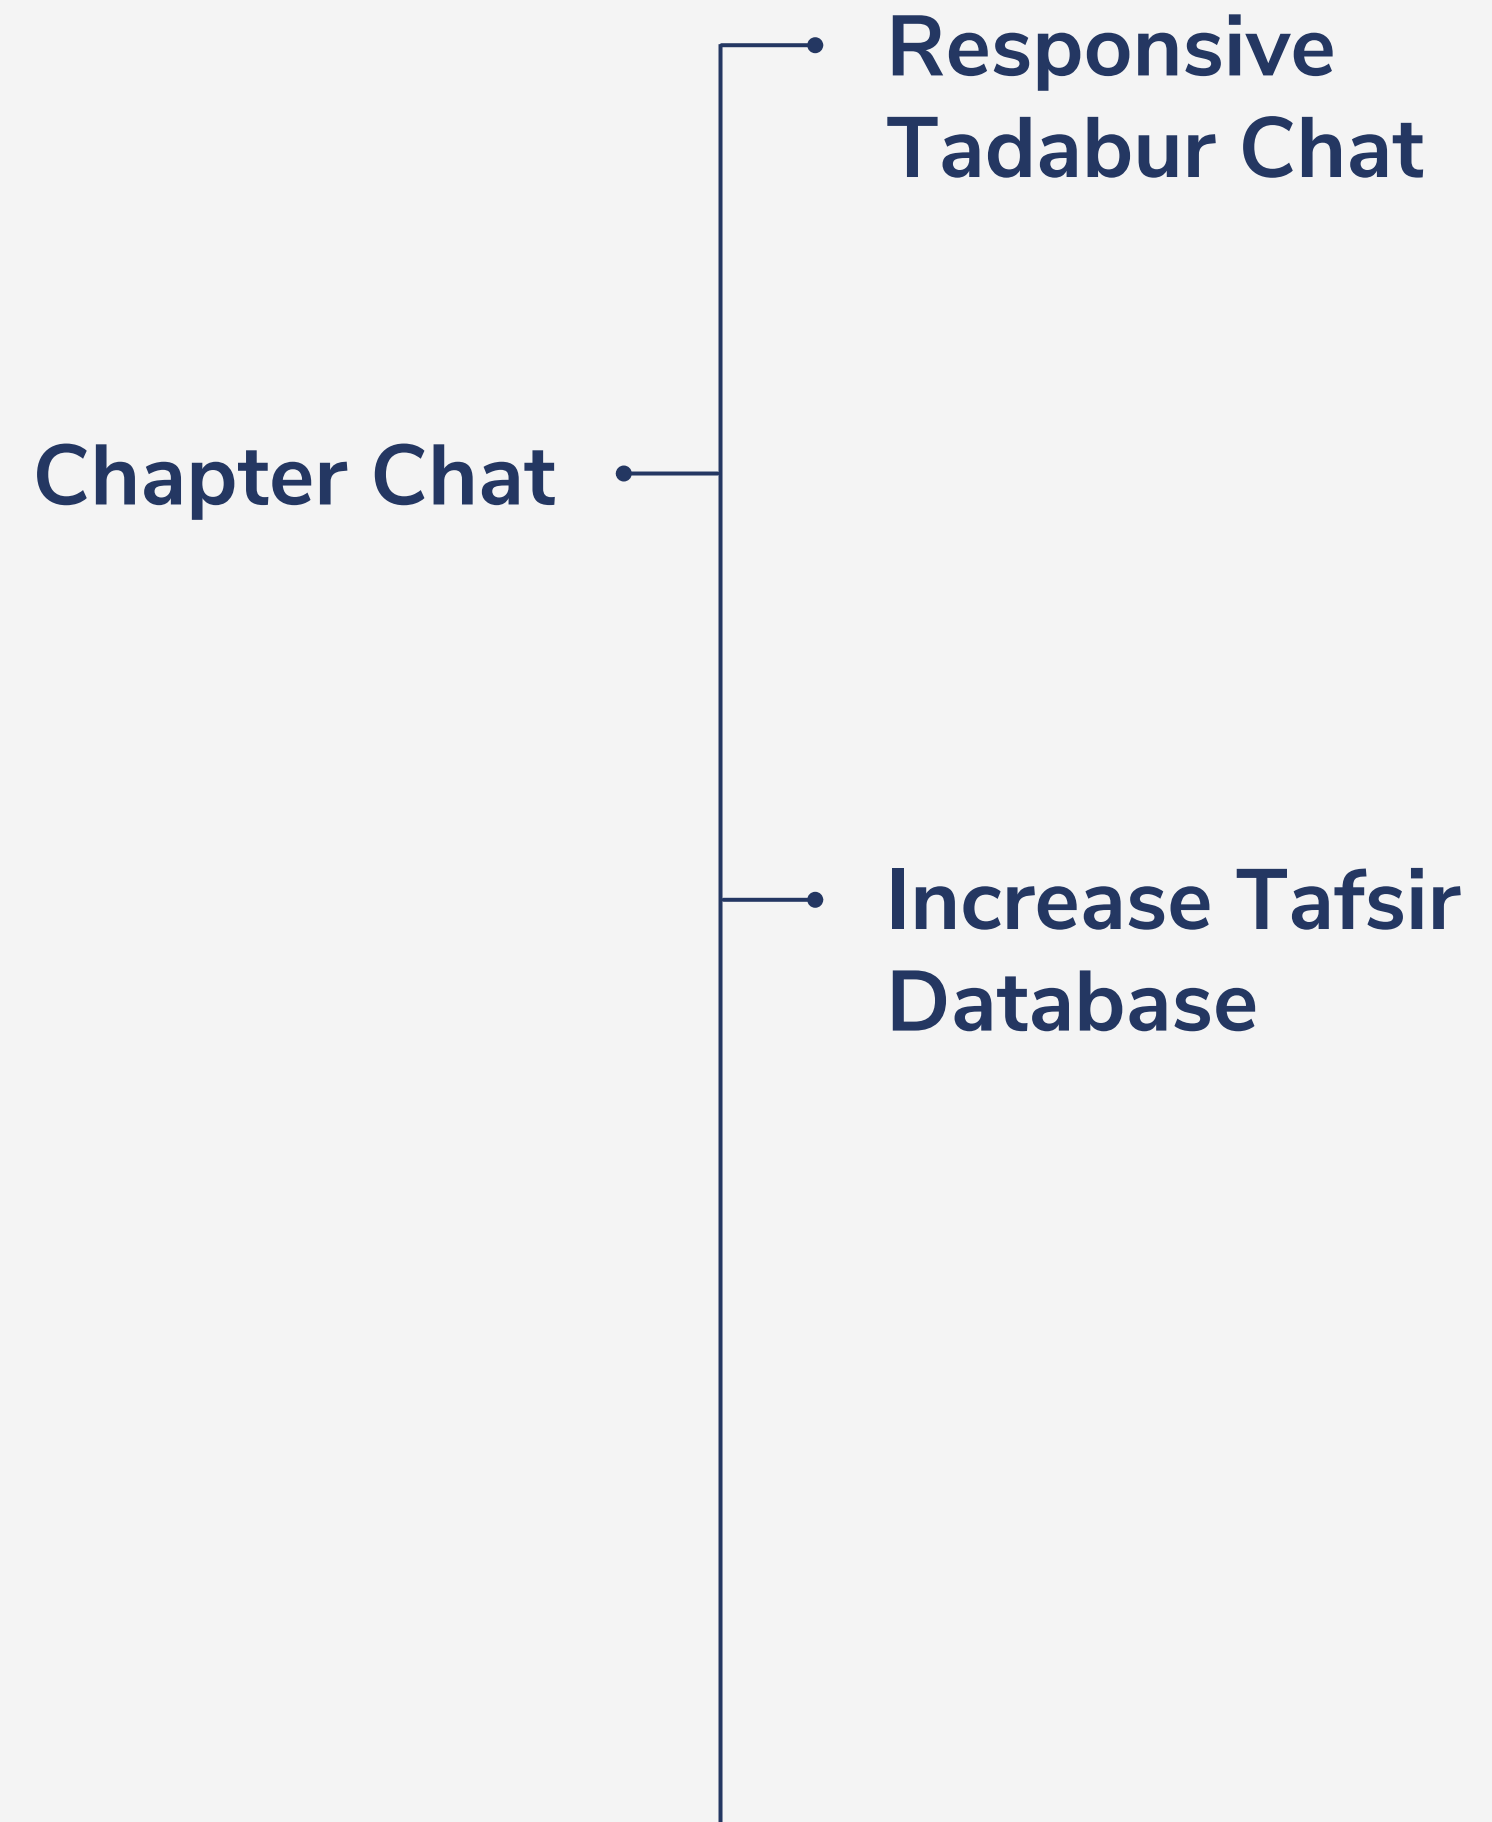

## Trustable

---

Built with RAG and reliable sources

# Future Technical Implementations

Further simplify the learning process.

# Market Size

**1.3 Billion**

MUSLIMS WHO DO NOT SPEAK ARABIC

**Non-Arabic Speakers are  
accepting Islam**

IN AMERICA ALONE THERE ARE ABOUT 30  
THOUSAND NEW CONVERTS EVERY YEAR

**Thank You!**

**Data Dreamers**
