## IDEA Comes from...

Being the developer and publisher of the popular mobile app Quran 360, we've observed that users are seeking a mindfulness experience with an Islamic culture.

Consequently, we've introduced a new feature to our app known as Quran AI. This feature allows people to ask questions and gain deeper insights into surahs and ayats.

Can you share a motivational quote from the Quran?

Peacefulness with Quran AI

Certainly! One motivational quote from the Quran is from Surah Al-Asr (The Declining Day), Surah 103, verses 1-3:

"By time, indeed, mankind is in loss, except for those who have believed and done righteous deeds and advised each other to truth and advised each other to patience."

This Surah teaches the importance of faith, good deeds, truth, and patience. It motivates believers to value their time and use it wisely by engaging in beneficial actions and supporting each other in the path of righteousness and patience. This message serves as a reminder of the transient nature of life and the significance of living a life filled with faith and good deeds.

Now, let's create an image that aligns with the essence of this Surah, incorporating Islamic artistic styles to further enhance the message.
