Paper Title: Machine learning: Trends, perspectives, and prospects 

Author: MI Jordan, TM Mitchell

Paper Abstract: ... Machine learning addresses the question of how to build computers that improve ... Recent progress in machine learning has been driven both by the development of new learning ...

Year: 2015
Publication: books.google.com
Citation: 7339

Paper Title: Machine learning 

Author: TM Mitchell

Paper Abstract: ... Let us begin our study of machine learning by considering a few learning tasks. For the purposes of this book we will define learning broadly, to include any .computer program that ...

Year: 1997
Publication: books.google.com
Citation: 1796

Paper Title: What is machine learning? 

Author: I El Naqa

Paper Abstract: ... A machine learning algorithm is a computational process that ... This training is the "learning" part of machine learning. The ... can practice "lifelong" learning as it processes new data and ...

Year: 2015
Publication: books.google.com
Citation: 1033

Paper Title: Machine learning 

Author: ZH Zhou

Paper Abstract: ... machine learning. The second part includes Chapters 4–10, which presents some classic and popular machine learning ... cover the core topics of machine learning in one semester, and ...

Paper Title: Machine learning and the physical sciences 

Author: G Carleo, I Cirac, K Cranmer, L Daudet, M Schuld

Paper Abstract: ... II, where the interaction with machine learning has a long history, drawing on methods in ... in machine learning. We then turn the wheel in the other direction of using machine learning for ...

Paper Title: Machine learning 

Author: E Alpaydin

Paper Abstract: A concise overview of machine learning--computer programs that learn from data--the basis of such applications as voice recognition and driverless cars. Today, machine learning ...
