Our team brings together experts across technology, psychology, and ancient wisdom. our team is expertise includes software development and data science, with specialties in LLMs, semantic search, and knowledge graphs.

Problem

Jason: I wish I understood why I keep repeating the same mistakes

Alex: Me too – I want to break these cycles but don't know how

Too often, people lack self-awareness about their behavioral patterns and don't have effective tools to foster personal growth.

Solution

Our app offers a personalized guide based on your birthdate, location and time - harnessing the wisdom of astrology, I-Ching, psychology and epigenetics. It provides Personality guide which aligned to cosmic cycles to develop healthy habits.

TECHNOLOGIES

Multimodal LLM (Gemini) for generating personality from the GNN

TruLens Triad metrics ensure LLM guidance is relevant and grounded

Vector Database for RAG

LlamaIndex

Graph neural networks to model personality based on birth info

Response [Select.RecordOutput]

To know your inner self, it is important to embark on a journey of self-discovery and self-reflection. This can be achieved through various methods, including journaling, meditation, and introspection. Taking the time to quiet your mind and listen to your thoughts and feelings can help you gain a deeper understanding of yourself. Additionally, exploring your past experiences, both positive and negative, can provide valuable lessons and help you grow. It is also beneficial to seek guidance from trusted friends, mentors, or professionals who can offer different perspectives and support your journey of self-discovery. Remember, self-knowledge is a lifelong process, and it requires patience, curiosity, and a willingness to explore.

Market Size

The Personality and self-help app market is booming, with billions of dollars spent on tools for mental wellbeing. This trend is driven by growing awareness, reduced stigma, and the convenience of mobile resources. Our app's unique blend of ancient wisdom, psychology, and AI could stand out in this competitive space by offering personalized guidance.

Next Steps

- Build MVP focused on Personality awareness and daily motivational messages
- Integrating with Dating and Motivational apps
- Test and refine the GNN and LLMs' ability to tailor guidance to individuals over 30/60/90 days
- Expand to include journaling features and user community

Thank You
