HelpMeFindCase: Overview, Problem Statement, Solution

- *Democratizing Legal Research*: HelpMeFindCase provides access to over 7 million US court decisions, making legal research more accessible beyond legal professionals.
- *Leveraging 7+ Million Court Decisions*: The service utilizes a comprehensive dataset from CourtListener and Harvard Innovation Lab, covering over 250 years of US legal history, to enable effective precedent search and analysis.
- *Time-Saving and Comprehensive Analysis:* HelpMeFindCase offers quick scanning of extensive legal datasets to identify key precedents, providing detailed analysis and summarizing relevant cases by relevance, saving users hours of manual research.

HelpMeFindCase: Inputting facts, Grounded Summary

- *Inputting Case Facts:* Users can input their specific case facts and legal issues into HMFC interface (e.g. "A dog bites a child", or "A customer fell in a shop, can she sue the shop owner?").
- *Leveraging 7+ Million Court Decisions:* The service uses AI to extract insights from over 7 million US court decisions, providing a comprehensive legal precedent database.
- *AI Summarization:* HMFC employs GPT to analyze and condense court decisions into concise, digestible summaries, highlighting legally significant precedents in an organized manner

Benefits of HelpMeFindCase: Democratizing Legal Research, Time-Saving, Comprehensive Analysis

- *Democratizing Legal Research:* By democratizing legal research, HMFC empowers individuals and organizations with access to a vast and varied database of court decisions, enabling them to conduct in-depth legal research and analysis without the need for extensive resources or specialized legal expertise.
- *Time-Saving and Comprehensive Analysis:* HMFC significantly reduces the time and effort required for legal research, providing users with comprehensive and relevant summaries of court decisions in a matter of minutes. This time-saving feature ensures that users can efficiently find the most legally significant precedents to support their cases or analyze legal issues.
