Give-US-All-Your-Money

Problem 🙄

100M+ Americans have a simple income scenario but complicated tax forms to file

Solution 🥰

Making filing taxes for simple scenarios as simple as 1-2-3

Demo Time

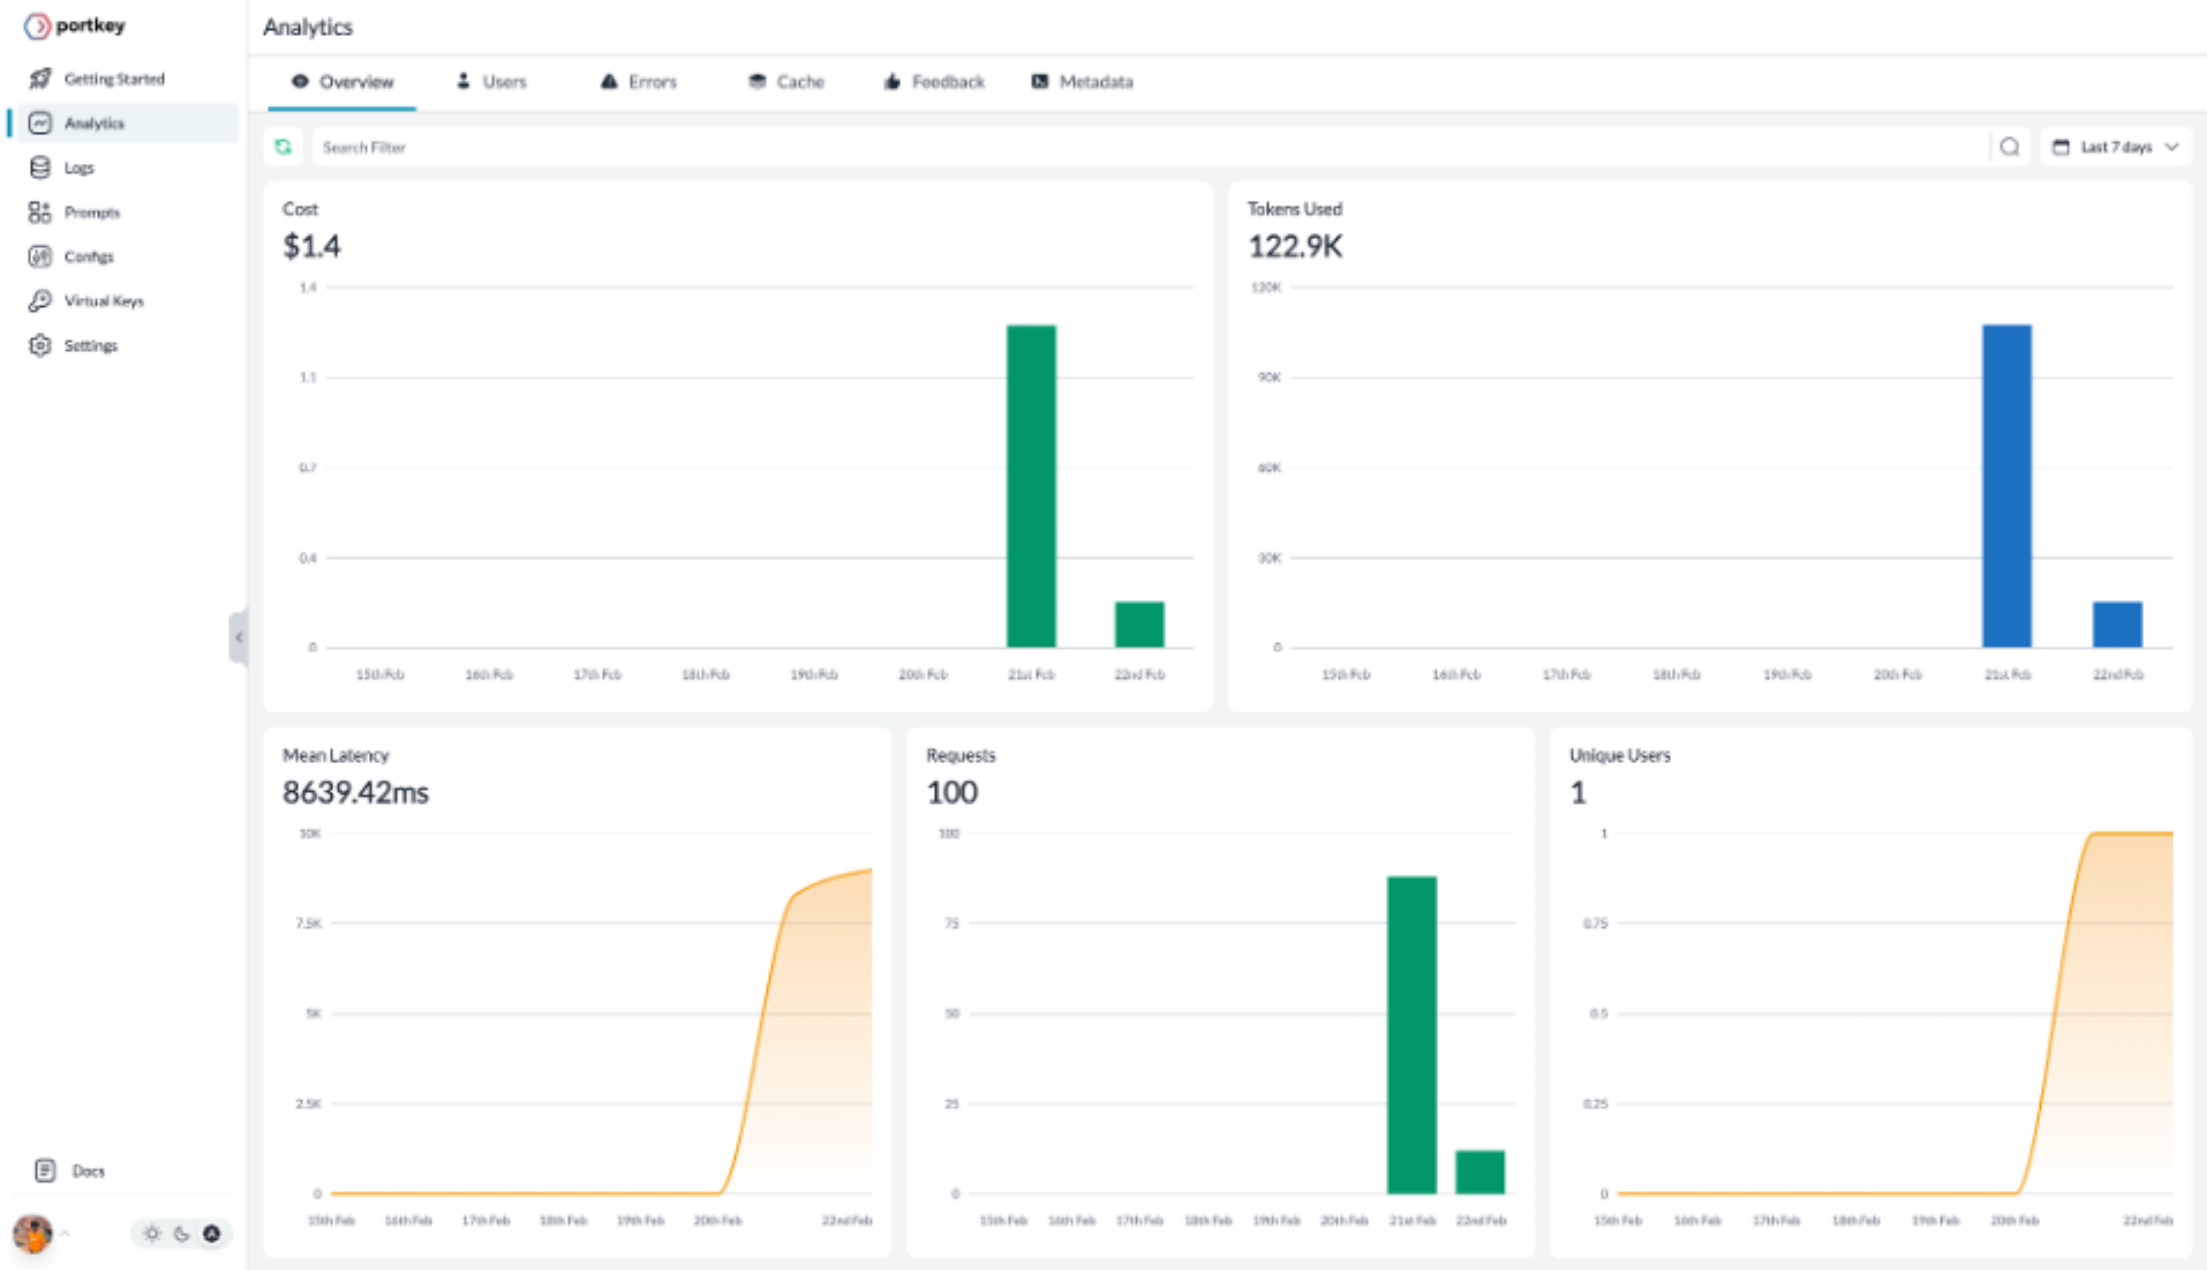

How does it work?

- Front-end with streamlit
- Back-end with GPT Vision, GPT 4, trulens, portkey

TrueLens

Using Custom Feedback Functions

Portkey

Let's Talk Money & Plans

How do we make money?

1. Charge per usage
2. Upsell
3. Digital filing (planned)

What about the competitors?

1. Win by not being one-size-fits-all
2. Focus on the largest unsatisfied market

What does the future hold?

Solve more simple tax cases

1. Retired
2. Students
3. No Income

Thank you 🙏
