PROBLEM STATEMENT

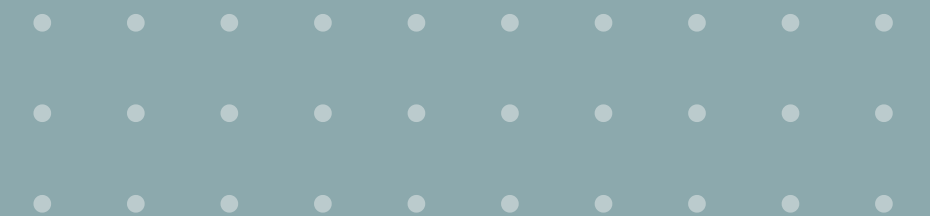

Despite growing awareness of the importance of nutrition, many individuals struggle to make informed dietary choices due to the lack of accessible and convenient tools for analyzing food content. Without a clear understanding of the nutritional value of their meals, people find it challenging to maintain a balanced diet and achieve their health goals.

SOLUTION

The Gemini Health App aims to address this issue by providing a seamless solution for analyzing meal images, offering instant calorie counts and assessments of overall healthiness. With this app, users can make informed dietary decisions with confidence, empowering them to lead healthier lifestyles.
