A Pressing Problem

1 Contract Complexity

Legal contracts are often lengthy, convoluted, and difficult to comprehend, leaving many individuals and small businesses vulnerable to risks.

2 Lack of Legal Expertise

Not everyone has the time or resources to consult a lawyer for every contract, leading to potentially costly mistakes.

3 Compliance Challenges

Ensuring contracts adhere to constantly evolving laws and regulations can be a daunting task for non-legal professionals.

Legalit: Your Intelligent Solution

Intelligent Contract Review

Legalit uses Vectara, TogetherAI with UnstructureIO to analyze contracts, identify potential issues, and provide personalized insights and recommendations.

Compliance Monitoring

Legalit keeps track of evolving legal regulations and ensures your contracts remain compliant, giving you peace of mind, by letting you update the laws under what you want your contract to be review on.

Technologies Incorporated

Legalit's uses some innovative technologies like:

Vectara.- for retrieving and indexing.

TogetherAI.- Using llms to process the user's query.

UnstructureIO.- for text extraction.

Llamaindex.- to wrap around all this technologies
