PRESERVING AND CELEBRATING
TIMELESS BENIN NARRATIVES FOR
BENINESE AND AFRODESCENDANTS
WORLDWIDE WITH AI

Powered by **NEUROTECH**

CONTEXT AND PROBLEM

Faced with the increasingly pronounced Westernization of their peoples, African youth specifically Beninese ones must confront a new scourge: the loss of their cultural identity. The inability to speak their native language, ignorance of traditions, and more. This is the problem our AI-powered solution addresses.

OUR SOLUTION

We provides a platform for sharing, reading, and listening to Fon and Yoruba cultural tales and panegyrics, thereby facilitating the transmission of oral traditions to future generations.

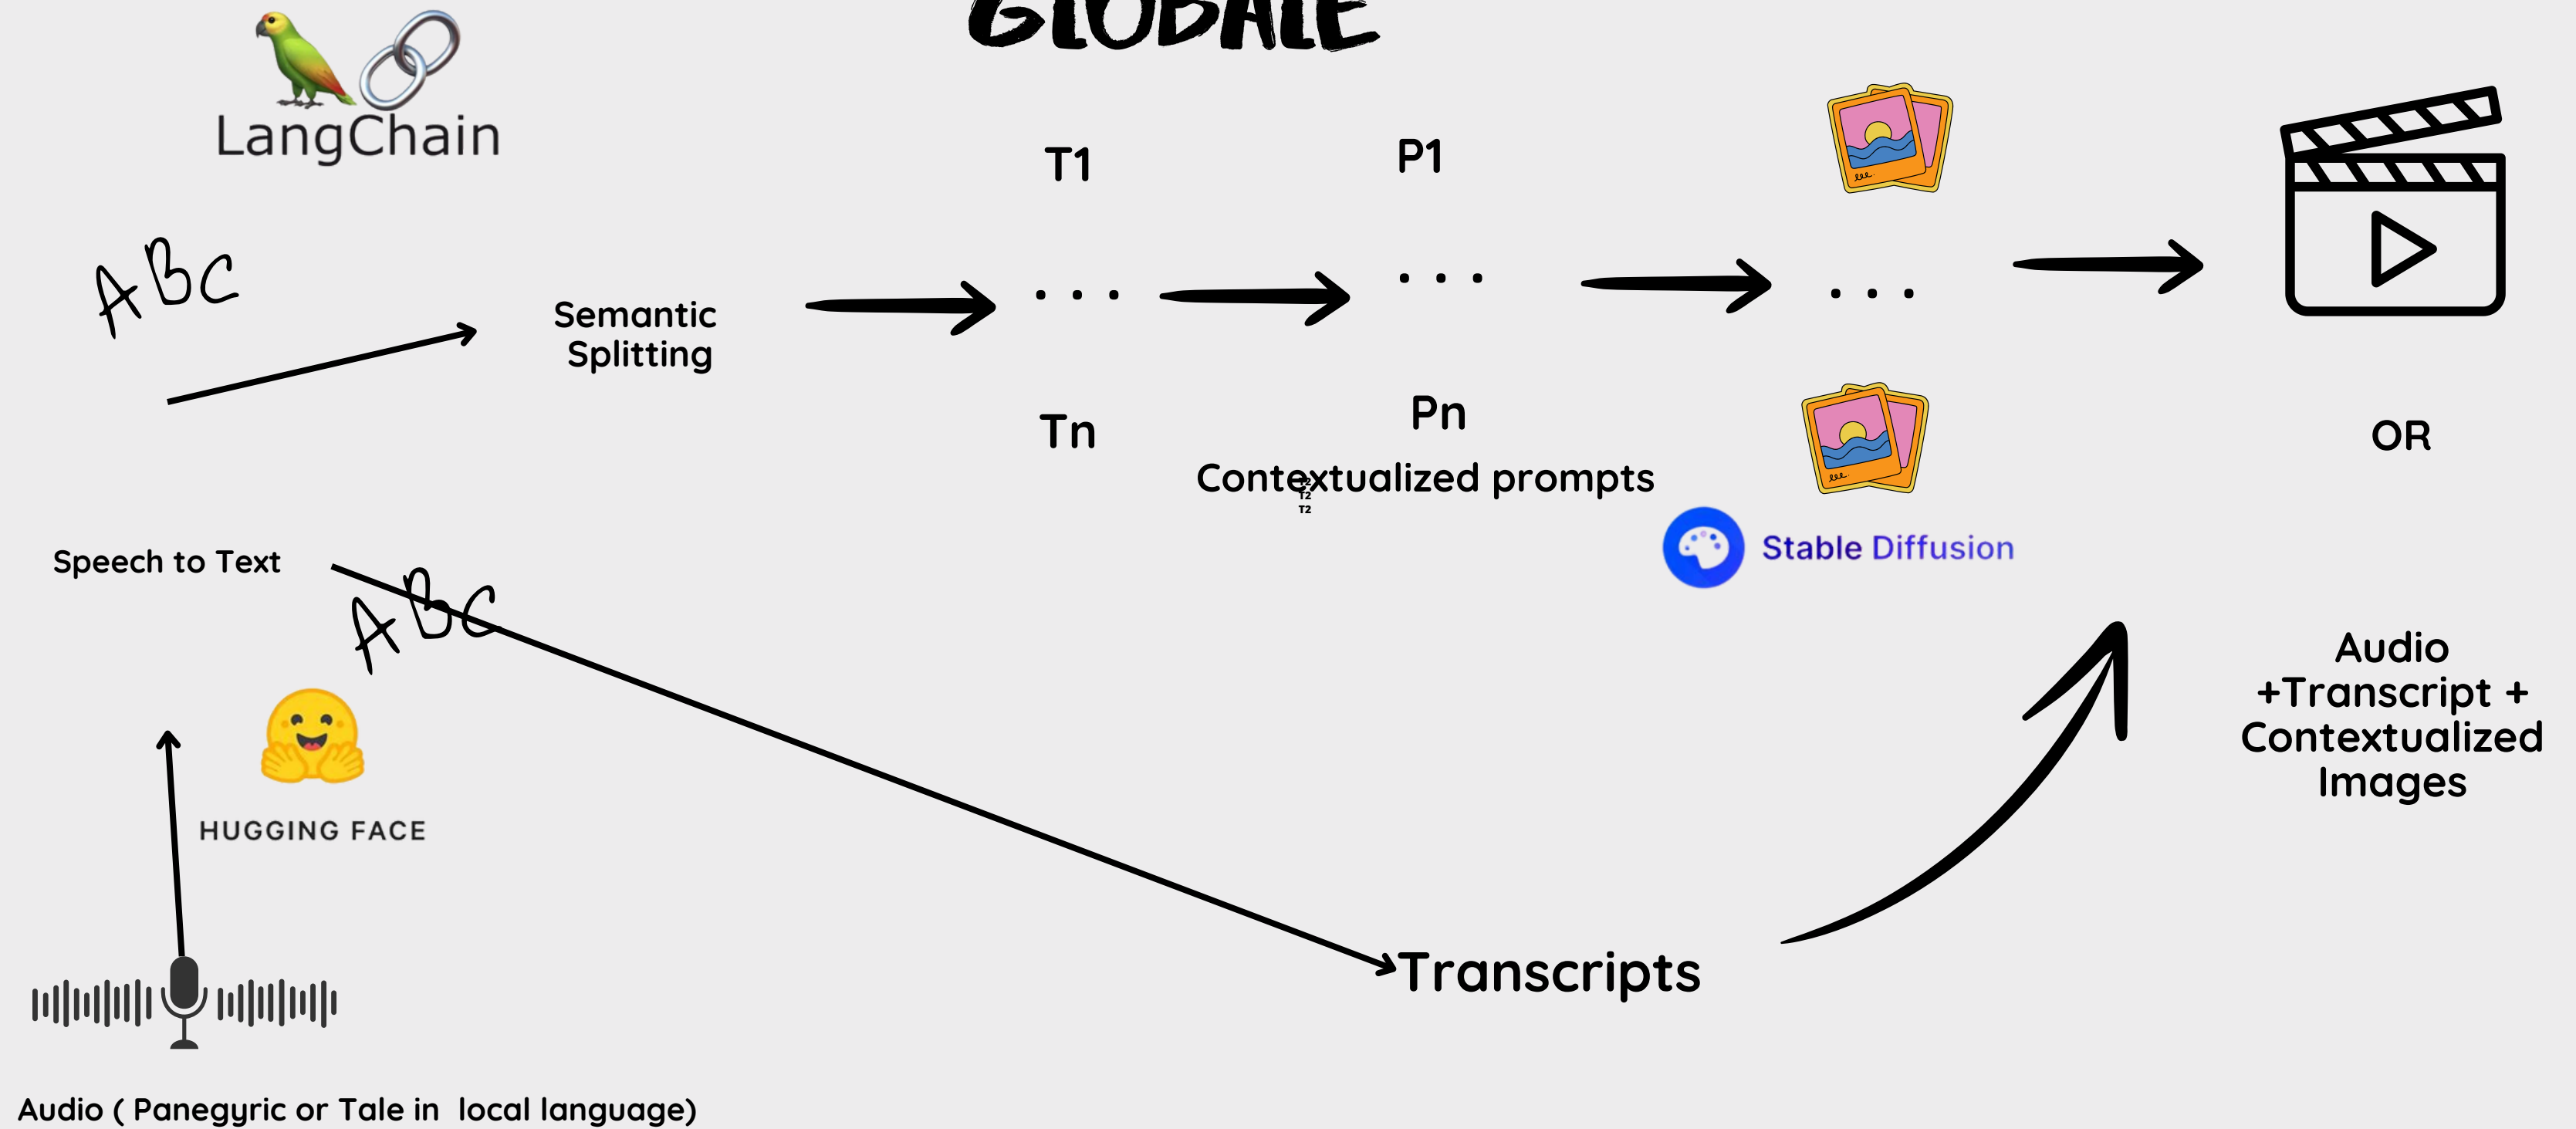

OUR TARGET

Children , adolescents, families,
educators, and cultural enthusiasts
interested in preserving oral traditions
across various Benin languages.

ARCHITECTURE GLOBALE

BUSINESS MODEL

We operate on a subscription-based model, offering both free and premium tiers for users to access our platform. Premium subscribers enjoy additional features and exclusive content. Additionally, we generate revenue through partnerships with cultural institutions, sponsorships, and targeted advertising.

We offer a simple,
interactive user
interface

We have a viable
business model with
room for
improvement

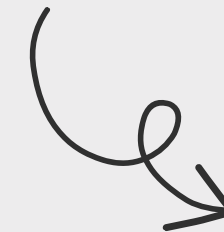

**WHY SHOULD WE
WIN?**

We allow you to listen
to audios in your local
languages while viewing
related images.

We value our culture
and our locales
languages

CONCLUSION

In conclusion, our platform, "Sọ fun mi," represents more than just an app—it's a cultural movement. By leveraging technology to preserve and promote Benin oral traditions, we empower the youth to embrace their heritage, celebrate diversity, and shape a future where cultural richness thrives. Together, let's embark on a journey of rediscovery, one story at a time.
