JudgeAI Features

Automated Judicial Processing

Users need to provide a claim statement and defendant's documents in PDF format. Additionally, users can submit further explanations from both the plaintiff and the defendant.

Litigation Perspective Analysis

Simply provide JudgeAI with the claim statement, and the system will indicate the likelihood of success and provide recommendations on how to strengthen the position, including suggesting additional evidence.

Fair Settlement Calculation

Determining fair terms of a settlement based on the claim statement and the defendant's position.

Codified Law Analysis

JudgeAI can resolve economic disputes in accordance with the UAE Civil Code. Currently, UAE law is available.
