OBJECTIVE

- CLASSIFY IMAGES
- GIVE PERCENTAGE OF SURITY

CHALLENGES

- User Trust
- User Education
- Continuous Updates
- Regulatory Compliance

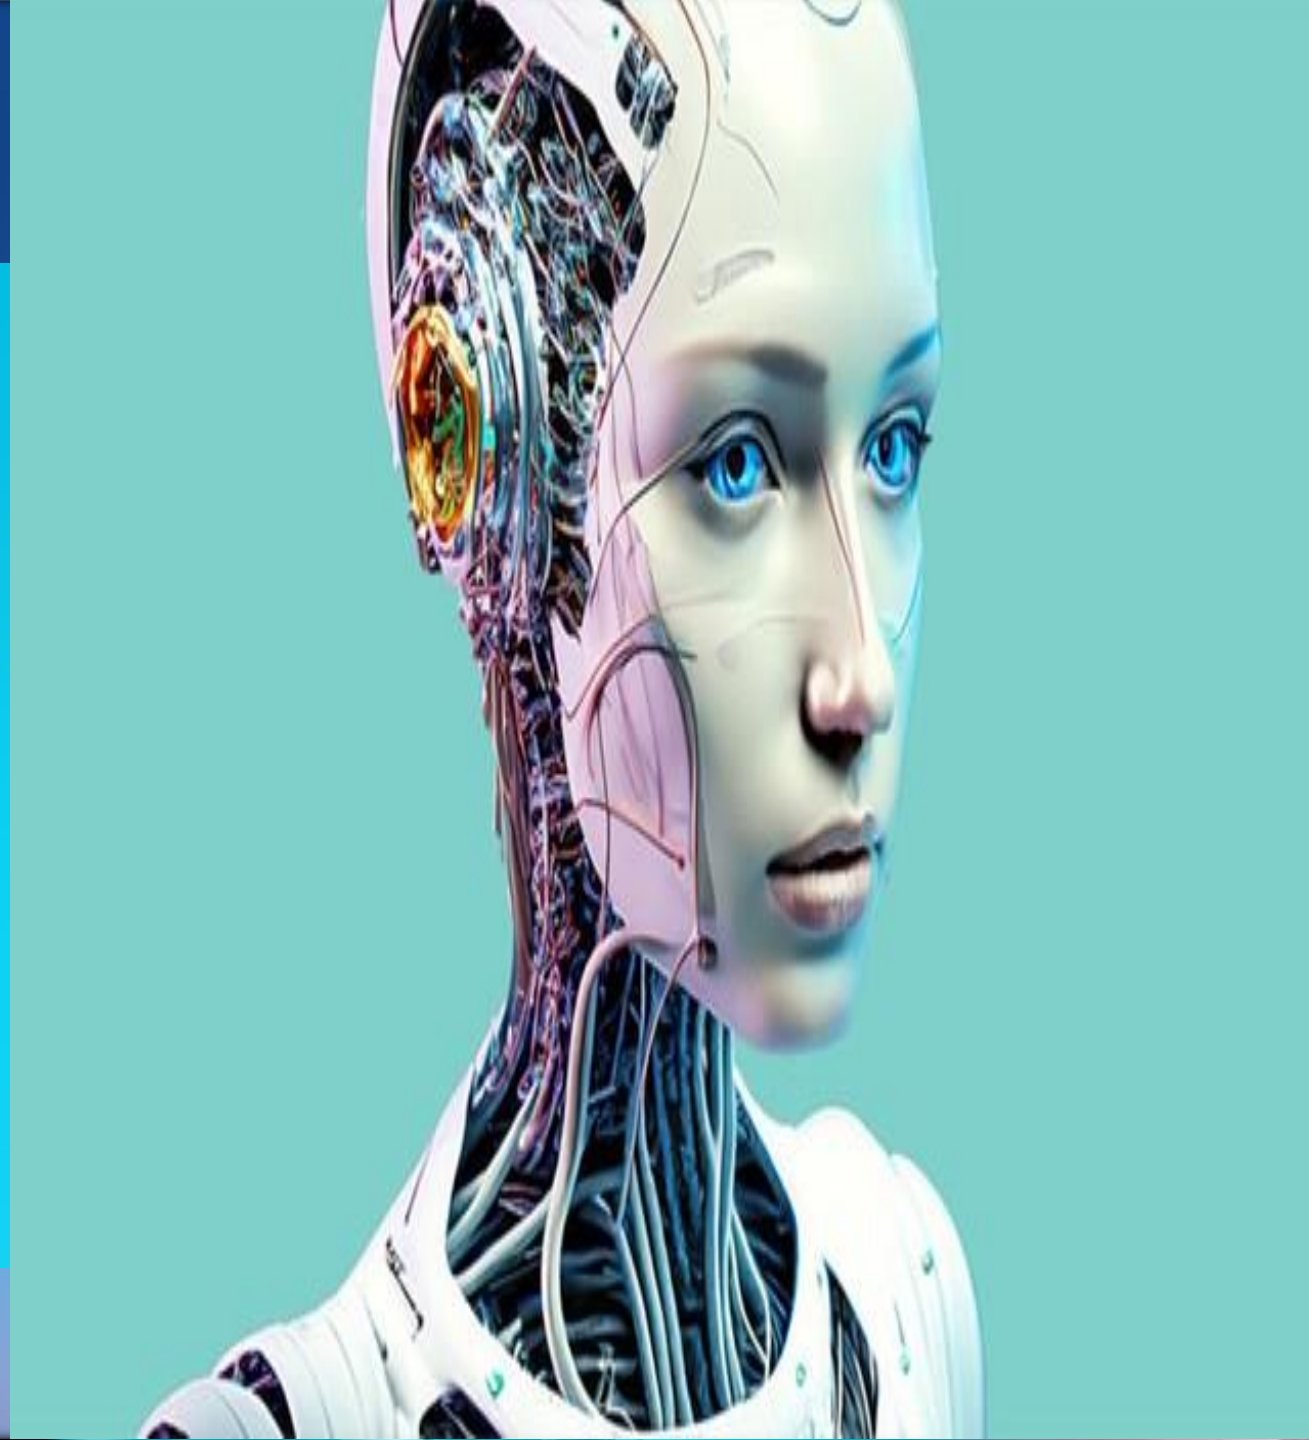
SWOT ANALYSIS

STRENGTHS

- **AI-driven** – Smart decision-making
- **User-friendly** – Simple interface

WEAKNESSES

- **Data dependency** – Needs extensive data
- **Complex algorithms** – May require optimization



OPPORTUNITES

- **Mental wellness boom** – Growing demand for solutions
- **Cross-platform use** – Potential for integration in apps

THREATS

- **Competitors** – Similar apps in the market
- **Data privacy** – User concerns over data
- **Accuracy risks** – Misleading guesses

TOOLS AND TECHNIQUES

Library

TensorFlow

Framework

Streamlit

Language

Python-3
