

Factigator

"Fight misinformation with ease!"

Empower Everyone to Find the Truth

Factigator

The Problem:

Many people trust what they read and lack the time or resources to verify it.

Misinformation:

- Erodes Trust: Weakens confidence in institutions and damages relationships
- Health Risks: Spreads false health info, worsening crises
- Deepens Division: Amplifies political/cultural divides and echo chambers
- Economic Harm: Enables scams and market manipulation, impacting finances

Factigator

Our Solution:

- One Click
- Anywhere you browse
- Fact Checking with Sources

Why Some Americans Do Not See Urgency on Climate Change

In-depth interviews find some Americans language overblown, leading to added skepticism

BY GIANCARLO PASQUINI, ALISON SPENCER, ALEC TYSON AND CARY FUN

Factigator

How does it work?

Factigator

Technology Behind Factigator

- Leverages Large Language Models (LLMs) through APIs.
- Comes preloaded with several fact checking resources.
- Leverages Retrieval Augmented Generation (RAG).

Factigator

Use Cases

- Ecommerce / Internet Purchasing
- Political Research
- Scientific Claims
- Conflict resolution
- Empowering People to make better decisions
- Defending the Integrity of True Knowledge

Factigator

Why Factigator Matters

Factigator matters because it empowers users with confidence by providing quick, reliable fact-checking at their fingertips.

In an age where misinformation is rampant, Factigator ensures that truth is accessible and easy to verify, fostering a more informed and discerning society.

Empower Everyone to Find the Truth
