

SKYFLOW x DISHCOVERY — The Future of AI-Powered Living

Redefining Travel & Food with Intelligent, Real-Time Agents

Made with GAMMA

The Problems We're Solving

The Pain is Real — and Universal.

Travel Chaos

Price spikes, complex visa issues, and non-existent support leave travelers stranded and frustrated. 😞

Food Delivery Failures

Inaccurate menus, fake reviews, and poor GPS lead to wasted money and disappointing meals.

Lack of Understanding

Existing apps fail to truly understand human intent, leading to wasted time, money, and peace of mind daily. 🕒🗺️🤖

Our Vision: Not Just Apps — AI Agents That Truly Serve You

SkyFlow and Dishcovery are real-time, voice-first agents that understand, adapt, and act like human assistants.

SkyFlow

- Predicts fees & rebooks plans proactively
- Sends real-time travel alerts
- Communicates directly with airlines/hotels
- Facilitates seamless group coordination

Dishcovery

- Smart food ordering via voice/text
- Real menus with AI photo verification
- Dietary restrictions & allergens flagged
- AI-driven delivery optimization + review feedback

How It Works: One Input → Many Actions → Total Peace of Mind

1

User Input

Multimodal interactions: voice, text, image.

2

Intent Router

Smart routing to specialized AI agents.

3

AI Agents

Dedicated Travel, Food, and Logistics agents execute tasks.

4

Real-World Results

Personalized responses & seamless confirmation loop.

Core Features

SkyFlow: Your Ultimate Travel Companion

- **Predictive Insights:** Visa and hidden fee predictors to avoid surprises.
- **Dynamic Rebooking:** Real-time flight and hotel rebooking in case of disruptions.
- **Group Synchronization:** Automated alerts and itinerary sharing for groups.
- **Personalized Journeys:** AI-crafted itineraries tailored to individual preferences.

Dishcovery: Intelligent Food Experiences

- **Voice-Activated Search:** Natural language food ordering and discovery.
- **Visual Verification:** AI photo verification of menu items for accuracy.
- **Health & Safety:** Automatic flagging of allergens and dietary conflicts.
- **Seamless Group Ordering:** Simplified group orders with smart delivery logistics.

Built With Power Technologies

Market & Business: Where Vision Meets Value

Global TAM

Trillions in global travel and food markets, ripe for disruption.

Strategic SAM

Focus on digital travelers and Gen Z foodies in Africa and emerging markets.

Diverse Revenue

Agent API fees, vendor subscriptions, and premium booking commissions.

Unique USP

AI-to-AI multi-agent flow with genuine emotional intelligence.

Why This Matters: This Isn't a Demo — It's the Future We All Deserve

Inclusive & Accessible

Designed for everyone, bridging digital divides.

Culturally Aware

Understands and respects diverse customs and preferences.

Voice-First Interface

Intuitive and natural interactions for seamless user experience.

Infinitely Scalable

Built to grow and adapt to global demand.

Real-World Tested

Proven solutions performing effectively in complex scenarios.

We're not just building apps — we're unlocking dignity, access, and joy through AI.

Thank You!

Let's Build What the World's Been Waiting For.
