The Feeless Data Marketplace for AI

Qubic Hackathon 2025 | Hack the Future

# EVERY AI MODEL RUNS ON HUMAN LABOR

- ChatGPT: 10M+ human-labeled examples
- Tesla Autopilot: Millions of annotated images
- Medical AI: Radiologists labeling for years

The AI you use today was built by invisible workers.

# THE ECONOMICS ARE BROKEN

## CENTRALIZED ❌

- ❌ 20-40% fees
- ❌ Slow payouts
- ❌ Minimum \$50

## BLOCKCHAIN ❌

- ❌ \$5+ gas per tx
- ❌ Wallet popups
- ❌ Complex UX

**For a \$0.10 task, Ethereum gas costs \$5. That's a 5000% fee.**

# ZERO FEES

- ✓ Zero transaction fees (forever)
- ✓ 3-second finality
- ✓ No wallet popups - just paste your ID

Workers keep 100% of what they earn.
