

qareen.app

Abdullah

Have your own AI-based assistant!

- Google has its Assistant (and soon Bard)
- Amazon has its Alexa
- Apple has Siri
- Microsoft got Bing

- **You have your qareen**

Have your own AI-based assistant!

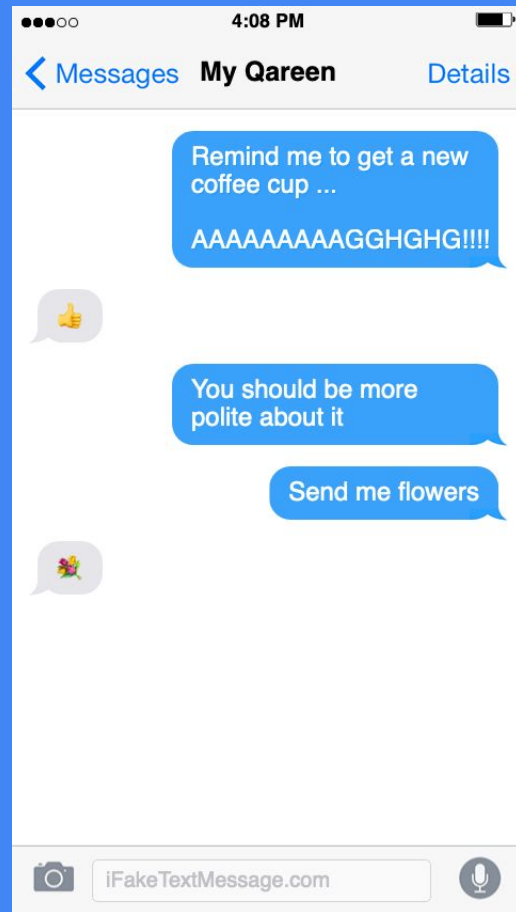

- Google has its Assistant (and soon Bard)
- Amazon has its Alexa
- Apple has Siri
- Microsoft got Bing

- **You have your qareen**
- All you need to do is train it!

Train it for trivial tasks

Train it for difficult tasks

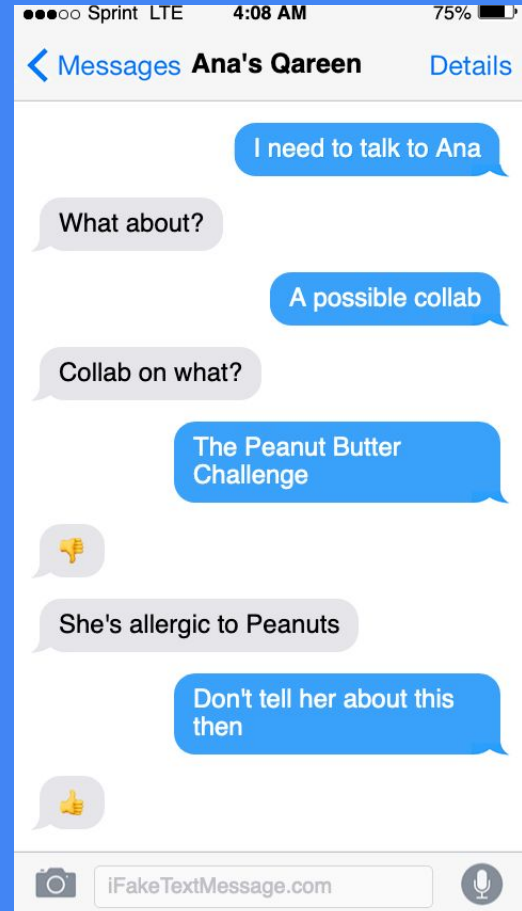

**Your qareen can
do anything any
other AI can do, if
you train it right**

**Let your qareen
mediate convos**

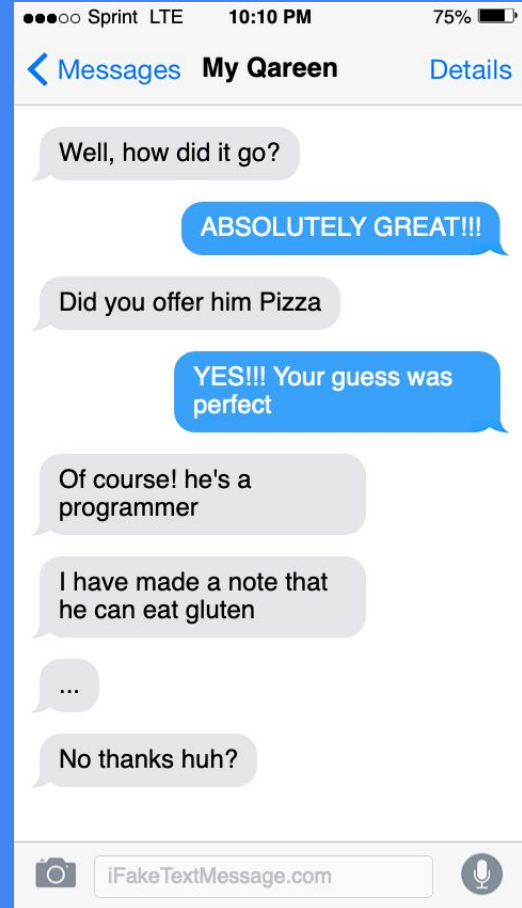

Secretary

Screen the chats that reach you by letting others chat with your qareen instead of directly with you

Coach

Practice with your qareen before the real conversation

**You can have
more than one
gareen!**

One to prepare your own stories and visuals

- Personal Branding
- Storytelling

Others to do your shopping

- Shop for groceries by just chatting to your vendor's qareen
- Let your qareen find the best offer for ... your broken coffee cup

**And much, much
more ...**

Talk to your qareen from anywhere

- Qareen.app on all platforms
