SOLUTIONS

AI Map will provide attractions based on your needs

AI MAP provides tour guide for tourists by different languages

A hand with a watch and ring points to a location on a map. A camera and sunglasses are also visible on the map. The background is a large yellow circle with a faint grid pattern.

WHY DOES IT MATTER?

Saudi Arabia is the world destination

Based on resources, Saudi Arabia take centre stages in different aspects. we will support the 2030 vision in entertainment, economic, tourism and sport
