UniToni

Bringing you closer to campus students!

Problem

- Many university students feel isolated and disconnected from their peers and campus resources.
- Traditional social networking platforms do not provide a dedicated space for university students to find all the students clubs activities.
- Difficulty for students to find their course chat groups and engage with their peers in the same course.

About UniToni

Social networking platform designed to help university students create their ideal university experience by providing a supportive and collaborative environment.

Value Proposition

Dedicated platform

A platform tailored specifically to the needs and interests of university students. Fostering a more engaged and active student community

Career Resources

Employers can easily connect with university campus life, making it easier to find and recruit top talent for internships and job opportunities.

Third Parties

Reach a highly targeted and engaged audience of specific university students, generate additional revenue through partnership opportunities.

Major Features

Feeds
Interaction of students among themselves

Course Groups
Find all their courses groups to help each other achieve high grades

Announcements
Stay up to date with university official announcements and important dates

Academic Calendar
Made their academic calendar easily accessible

Apply to University
Apply via UniToni to the desired university

Health insurance
International students get their Health Insurance through UniToni

Now

Students are being gathered, campus is becoming more active, students are spending hours on the app.

UniToni is going viral throughout the campus.

Future

We're planning to expand to every Turkish university within the next 6 months in parallel with providing more services that will help students.

Sneak Peek

- UniToni is a platform that allows university students to interact and share their ideas with each other.

- It's not just about getting feedback and help from your peers - it's a space where students can make new friends and form meaningful connections.
