What is the Problem?

- **Long process and high cost for customize options in the retail industry.**
- **Long process and west time to do the concept design fashion.**

The global fashion industry is valued at **$1.7 trillion** as of 2022

Saudi Arabia fashion sector, valued at **US$24.6 billion** in 2021,
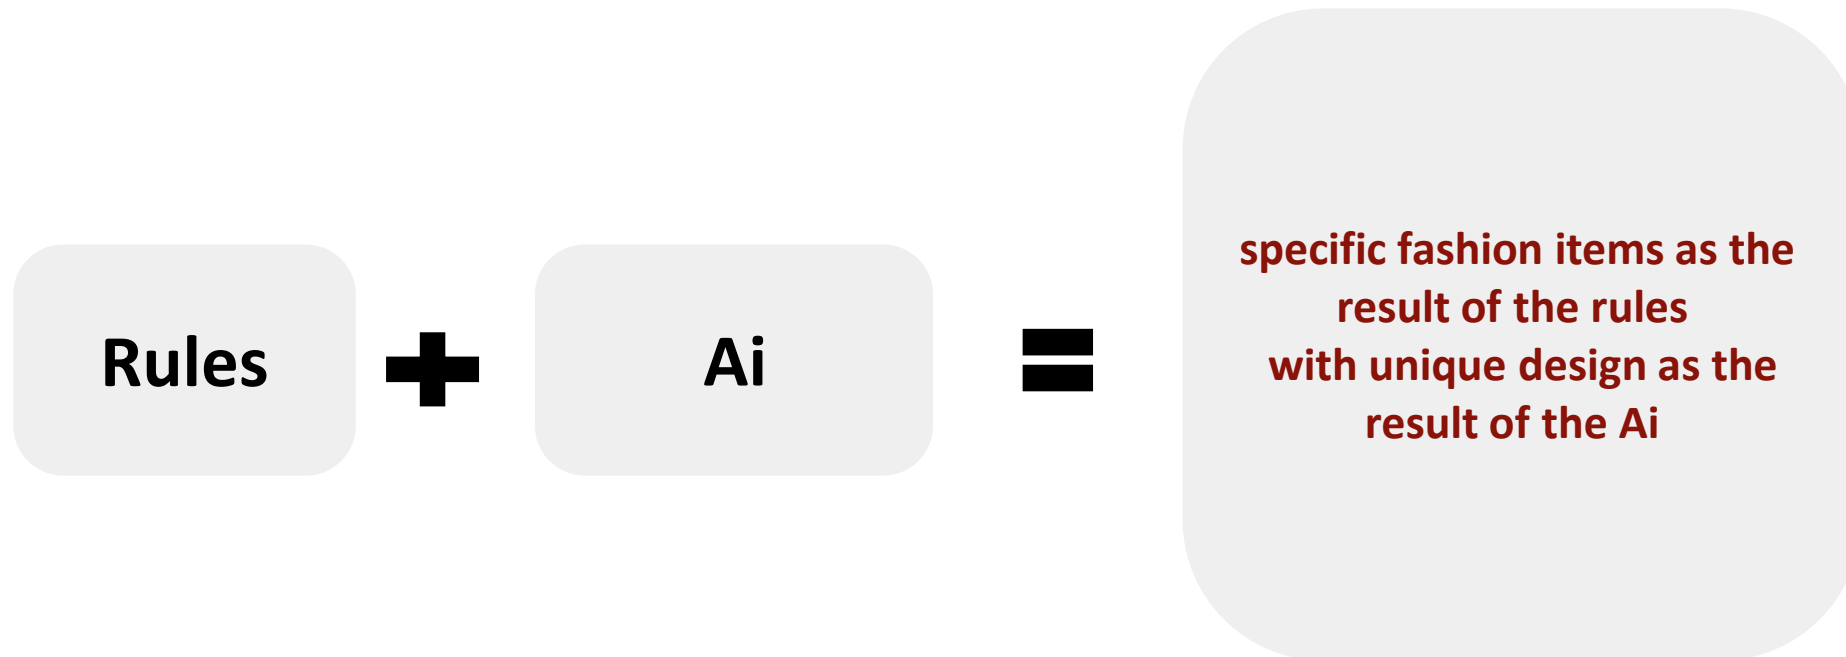

Expected growth **of 47.9%** over the period (2021-2025)
