AVANA PROBLEM

Too many courses and training are available and increasing rapidly

LinkedIn Learning:	13,000+
Coursera: more	5,800+
Skillshare	30,000
Udemy	213,000+
Udacity	200+

Totally : 262,000+ Courses

Hard to prompt AI model to provide customized and personalized career consultancy

AVANA SOLUTION

Assistance model that provides **customized** and **personalized** training materials for job-based & background-based.

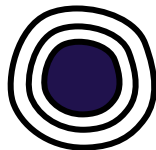

To provide:

- Assistance
- consultancy
- guidance for developing and training

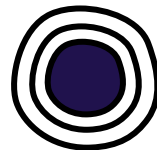

HOW IT WORKS

AVANA AUDIENCE

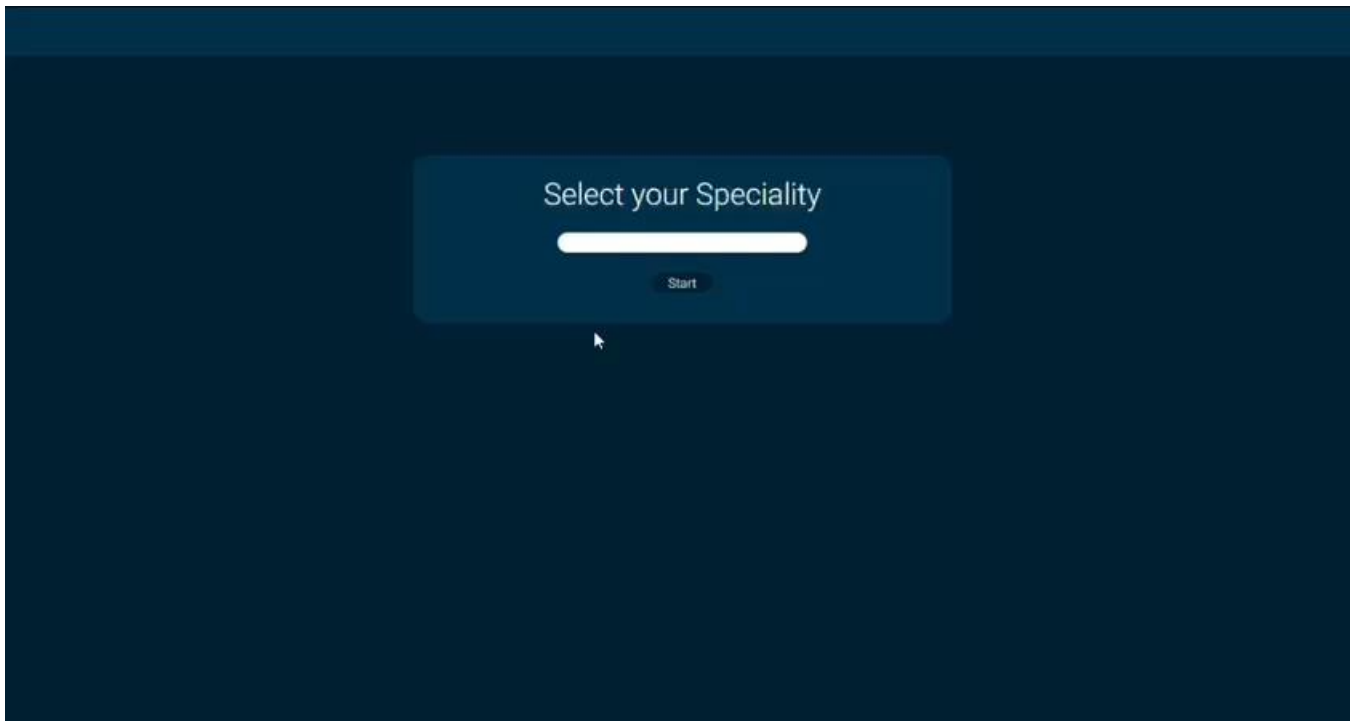

Employees

Fresh graduates

AVANA DEMO

HACK STACK

Chat GPT , Open AI, Front-end HTML, Java Script & CSS

Reducing
time/cost
rapidly

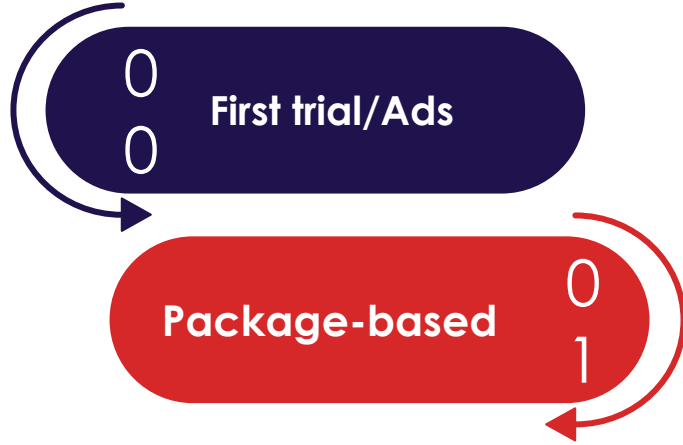

Enhancing
performance
review.

can be
integrated with
other system
like HR system
(HCM).

Customizing &
personalizing
employees'
training

AVANA BUSINESS SUSTAINABILITY

Phase 01:

10 times = \$20

Phase 02 & 03:

Phase i

- Providing assistances
- Consultance
- Guidance for developing and training

Phase ii

Deep personalized training materials and integrate interests, **schedules** and **preference types** (text, video, podcast...etc).

Phase ii

Scoured world wide web for providing and referring customized and personalized training materials and program **with receiving feedback**

The global corporate job training and consulting market size is

\$363.26 billion in 2022

\$380.70 billion in 2023

(at a compound annual growth rate (CAGR) of 4.8%)

Our Team

- **Qasem Al Ahmad, CE engineer**
- **Abdullah alshebel, full-stack developer**
- **Lina Albaroudi, Software Engineer**
- **Abdulaziz Alfaifi, Business Intelligence**
- **Abdullah Alharbi, Penetration Tester**
