My dear Reb Lamm and Ribbetzen Lamm

As recently promised I have some good news to tell you - I am getting engaged ^{נ"ח} around ^{פ' 712} to a Miss Naomi Schwalbe of Manchester!

Her suitability is unquestionable since besides being a most charming, artistic lady, she somehow understands me !! ???!!??
She finds my ^{perpetual} oscillation between the profound depths and ridiculous heights both entertaining and enjoyable - in fact quite a good reason to accept my hand in marriage - n'est ce pas?!

Dear Rabbi and Mrs Lamm.

I have made your acquaintance through a mutual friend..... Lacking that unusual turn of phrase of our mutual friend, I would just like to say how happy we would be to see you at our ^{נ"ח} at the end of August ^{נ"ח}.
